IMPORTANT HOLIDAY SHIPPING NOTICE

Bonhams will close for the holidays at 5pm on Wednesday, December 23, 2015 and will reopen at 9am on Monday, January 4, 2016.

If you would like to have your property shipped out prior to our closure, please contact the Cashiering department to submit payment for your purchases and shipping charges in full by 5pm on Wednesday, December 16, 2015.

CONDITIONS OF SALE

The following Conditions of Sale, as amended by any published or posted notices or verbal announcements during the sale, constitute the entire terms and conditions on which property listed in the catalog shall be offered for sale or sold by Bonhams & Butterfields Auctioneers Corp. and any consignor of such property for whom we act as agent. If live online bidding is available for the subject auction, additional terms and conditions of sale relating to online bidding will apply; see www.bonhams.com/WebTerms for the supplemental terms. As used herein, "Bonhams," "we" and "us" refer to Bonhams & Butterfields Auctioneers Corp.

1. As used herein, the term "bid price" means the price at which a lot is successfully knocked down to the purchaser. The term "purchase price" means the aggregate of (a) the bid price, (b) a PREMIUM retained by us and payable by the purchaser EQUAL TO 25% OF THE FIRST \$100,000 OF THE BID PRICE, 20% OF THE AMOUNT OF THE BID PRICE ABOVE \$100,000 UP TO AND INCLUDING \$2,000,000, AND 12% OF THE AMOUNT OF THE BID PRICE OVER \$2,000,000, and (c) unless the purchaser is exempt by law from the payment thereof, any California, Arizona, Colorado, Connecticut, Florida, Georgia, Illinois, Massachusetts, Nevada, New York, Pennsylvania, Texas, Washington, D.C., Washington state, or other state or local sales tax (or compensating use tax) and other applicable taxes.

2. On the fall of the auctioneer's hammer, the highest bidder shall have purchased the offered lot in accordance and subject to compliance with all of the conditions set forth herein and (a) assumes full risk and responsibility therefor, (b) if requested will sign a confirmation of purchase, and (c) will pay the purchase price in full or such part as we may require for all lots purchased. No lot may be transferred. Any person placing a bid as agent on behalf of another (whether or not such person has disclosed that fact or the identity of the principal) may be jointly and severally liable with the principal under any contract resulting from the acceptance of a bid.

Unless otherwise agreed, payment in good funds is due and payable within five (5) business days following the auction sale. Whenever the purchaser pays only a part of the total purchase price for one or more lots purchased, we may apply such payments, in our sole discretion, to the lot or lots we choose. Payment will not be deemed made in full until we have collected good funds for all amounts due.

Payment for purchases may be made in or by (a) cash, (b) cashier's check or money order, (c) personal check with approved credit drawn on a U.S. bank, (d) wire transfer or other immediate bank transfer, or (e) Visa, MasterCard, American Express or Discover credit, charge or debit card. A processing fee will be assessed on any returned checks. Please note that the amount of cash notes and cash equivalents that can be accepted from a given purchaser may be limited.

The purchaser grants us a security interest in the property, and we may retain as collateral security for the purchaser's obligations to us, any property and all monies held or received by us for the account of the purchaser, in our possession. We retain all rights of a secured party under the California Commercial Code. If the foregoing conditions or any other applicable conditions herein are not complied with, in addition to other remedies available to us and the consignor by law, including without limitation, the right to hold the purchaser liable for the purchase price, we at our option may either (a) cancel the sale, retaining as liquidated damages all payments made by the purchaser or (b) resell the property, either publicly or privately, and in such event the purchaser shall be liable for

the payment of any deficiency plus all costs and expenses of both sales, our commission at our standard rates, all other charges due hereunder, attorneys' fees, expenses and incidental damages. In addition, where two or more amounts are owed in respect of different transactions by the purchaser to us, to Bonhams 1793 Limited and/or to any of our other affiliates, subsidiaries or parent companies worldwide within the Bonhams Group, we reserve the right to apply any monies paid in respect of a transaction to discharge any amount owed by the purchaser. If all fees, commissions, premiums, bid price and other sums due to us from the purchaser are not paid promptly as provided in these Conditions of Sale, we reserve the right to impose a finance charge equal to 1.5% per month on all amounts due to us beginning on the 31st day following the sale until payment is received, in addition to other remedies available to us by law.

3. We reserve the right to withdraw any property and to divide and combine lots at any time before such property's auction. Unless otherwise announced by the auctioneer at the time of sale, all bids are per lot as numbered in the catalog and no lots shall be divided or combined for sale.

4. We reserve the right to reject a bid from any bidder, to split any bidding increment, and to advance the bidding in any manner the auctioneer may decide. In the event of any dispute between bidders, or in the event the auctioneer doubts the validity of any bid, the auctioneer shall have sole and final discretion either to determine the successful bidder or to re-offer and resell the article in dispute. If any dispute arises after the sale, our sales records shall be conclusive in all respects.

5. If we are prevented by fire, theft or any other reason whatsoever from delivering any property to the purchaser or a sale otherwise cannot be completed, our liability shall be limited to the sum actually paid therefor by the purchaser and shall in no event include any compensatory, incidental or consequential damages.

6. If a lot is offered subject to a reserve, we may implement such reserve by bidding on behalf of the consignor, whether by opening bidding or continuing bidding in response to other bidders until reaching the reserve. If we have an interest in an offered lot and the proceeds therefrom other than our commissions, we may bid therefor to protect such interest. **CONSIGNORS ARE NOT ALLOWED TO BID ON THEIR OWN ITEMS.**

7. All statements contained in the catalog or in any bill of sale, condition report, invoice or elsewhere as to authorship, period, culture, source, origin, measurement, quality, rarity, provenance, importance, exhibition and literature of historical relevance, or physical condition **ARE QUALIFIED STATEMENTS OF OPINION AND NOT REPRESENTATIONS OR WARRANTIES.** No employee or agent of Bonhams is authorized to make on our behalf or on that of the consignor any representation or warranty, oral or written, with respect to any property.

8. All purchased property shall be removed from the premises at which the sale is conducted by the date(s) and time(s) set forth in the "Buyer's Guide" portion of the catalog. If not so removed, daily storage fees will be payable to us by the purchaser as set forth therein. We reserve the right to transfer property not so removed to an offsite warehouse at the purchaser's risk and expense, as set forth in more detail in the "Buyer's Guide." Accounts must be settled in full before property will be released. Packing and handling of purchased lots are the responsibility of the purchaser. Bonhams can provide packing and shipping services for certain items as noted in the "Buyer's Guide" section of the catalog.

9. The copyright in the text of the catalog and the photographs, digital images and illustrations of lots in the catalog belong to Bonhams or its licensors. You will not reproduce or permit anyone else to reproduce such text, photographs, digital images or illustrations without our prior written consent.

10. These Conditions of Sale shall bind the successors and assigns of all bidders and purchasers and inure to the benefit of our successors and assigns. No waiver, amendment or modification of the terms hereof (other than posted notices or oral announcements during the sale) shall bind us unless specifically stated in writing and signed by us. If any part of these Conditions of Sale is for any reason invalid or unenforceable, the rest shall remain valid and enforceable.

11. These Conditions of Sale and the purchaser's and our respective rights and obligations hereunder are governed by the laws of the State of California. By bidding at an auction, each purchaser and bidder agrees to be bound by these Conditions of Sale. Any dispute, controversy or claim arising out of or relating to this agreement, or the breach, termination or validity thereof, brought by or against Bonhams (but not including claims brought against the consignor by the purchaser of lots consigned hereunder) shall be resolved by the procedures set forth below.

MEDIATION AND ARBITRATION PROCEDURES

(a) Within 30 days of written notice that there is a dispute, the parties or their authorized and empowered representatives shall meet by telephone and/or in person to mediate their differences. If the parties agree, a mutually acceptable mediator shall be selected and the parties will equally share such mediator's fees. The mediator shall be a retired judge or an attorney familiar with commercial law and trained in or qualified by experience in handling mediations. Any communications made during the mediation process shall not be admissible in any subsequent arbitration, mediation or judicial proceeding. All proceedings and any resolutions thereof shall be confidential, and the terms governing arbitration set forth in paragraph (c) below shall govern.

(b) If mediation does not resolve all disputes between the parties, or in any event no longer than 60 days after receipt of the written notice of dispute referred to above, the parties shall submit the dispute for binding arbitration before a single neutral arbitrator. Such arbitrator shall be a retired judge or an attorney familiar with commercial law and trained in or qualified by experience in handling arbitrations. Such arbitrator shall make all appropriate disclosures required by law. The arbitrator shall be drawn from a panel of a national arbitration service agreed to by the parties, and shall be selected as follows: (i) If the national arbitration service has specific rules or procedures, those rules or procedures shall be followed; (ii) If the national arbitration service does not have rules or procedures for the selection of an arbitrator, the arbitrator shall be an individual jointly agreed to by the parties. If the parties cannot agree on a national arbitration service, the arbitration shall be conducted by the American Arbitration Association, and the arbitrator shall be selected in accordance with the Rules of the American Arbitration Association. The arbitrator's award shall be in writing and shall set forth findings of fact and legal conclusions.

(c) Unless otherwise agreed to by the parties or provided by the published rules of the national arbitration service:

(i) the arbitration shall occur within 60 days following the selection of the arbitrator;

(ii) the arbitration shall be conducted in the designated location, as follows: (A) in any case in which the subject auction by Bonhams took place or was scheduled to take place in the State of New York or Connecticut or the Commonwealth of Massachusetts, the arbitration shall take place in New York City, New York; (B) in all other cases, the arbitration shall take place in the city of San Francisco, California; and

(iii) discovery and the procedure for the arbitration shall be as follows:

- (A) All arbitration proceedings shall be confidential;
- (B) The parties shall submit written briefs to the arbitrator no later than 15 days before the arbitration commences;
- (C) Discovery, if any, shall be limited as follows: (I) Requests for no more than 10 categories of documents, to be provided to the requesting party within 14 days of written request therefor; (II) No more than two (2) depositions per party, provided however, the deposition(s) are to be completed within one (1) day; (III) Compliance with the above shall be enforced by the arbitrator in accordance with California law;
- (D) Each party shall have no longer than eight (8) hours to present its position. The entire hearing before the arbitrator shall not take longer than three (3) consecutive days;
- (E) The award shall be made in writing no more than 30 days following the end of the proceeding. Judgment upon the award rendered by the arbitrator may be entered by any court having jurisdiction thereof.

To the fullest extent permitted by law, and except as required by applicable arbitration rules, each party shall bear its own attorneys' fees and costs in connection with the proceedings and shall share equally the fees and expenses of the arbitrator.

LIMITED RIGHT OF RESCISSION

If within one (1) year from the date of sale, the original purchaser (a) gives written notice to us alleging that the identification of Authorship (as defined below) of such lot as set forth in the **BOLD TYPE** heading of the catalog description of such lot (as amended by any saleroom notices or verbal announcements during the sale) is not substantially correct based on a fair reading of the catalog (including the terms of any glossary contained therein), and (b) within 10 days after such notice returns the lot to us in the same condition as at the time of sale, and (c) establishes the allegation in the notice to our satisfaction (including by providing one or more written opinions by recognized experts in the field, as we may reasonably require), then the sale of such lot will be rescinded and, unless we have already paid to the consignor monies owed him in connection with the sale, the original purchase price will be refunded.

If, prior to receiving such notice from the original purchaser alleging such defect, we have paid the consignor monies owed him in connection with the sale, we shall pay the original purchaser the amount of our commissions, any other sale proceeds to which we are entitled and applicable taxes received from the purchaser on the sale and make demand on the consignor to pay the balance of the original purchase price to the original purchaser. Should the consignor fail to pay such amount promptly, we may disclose the identity of the consignor and assign to the original purchaser our rights against the consignor with respect to the lot the sale of which is sought to be rescinded. Upon such disclosure and assignment, any liability of Bonhams as consignor's agent with respect to said lot shall automatically terminate.

The foregoing limited right of rescission is available to the original purchaser only and may not be assigned to or relied upon by any subsequent transferee of the property sold. The purchaser hereby accepts the benefit of the consignor's warranty of title and other representations and warranties made by the consignor for the purchaser's benefit. Nothing in this section shall be construed as an admission by us of any representation of fact, express or implied, obligation or responsibility with respect to any lot. **THE PURCHASER'S SOLE AND EXCLUSIVE REMEDY AGAINST BONHAMS FOR ANY**

REASON WHATSOEVER IS THE LIMITED RIGHT OF RESCISSION DESCRIBED IN THIS SECTION.

"Authorship" means only the identity of the creator, the period, culture and source or origin of the lot, as the case may be, as set forth in the **BOLD TYPE** heading of the print catalog entry. The right of rescission does not extend to: (a) works of art executed before 1870 (unless these works are determined to be counterfeits created since 1870), as this is a matter of current scholarly opinion which can change; (b) titles, descriptions, or other identification of offered lots, which information normally appears in lower case type below the **BOLD TYPE** heading identifying the Authorship; (c) Authorship of any lot where it was specifically mentioned that there exists a conflict of specialist or scholarly opinion regarding the Authorship of the lot at the time of sale; (d) Authorship of any lot which as of the date of sale was in accordance with the then generally-accepted opinion of scholars and specialists regarding the same; or (e) the identification of periods or dates of creation in catalog descriptions which may be proven inaccurate by means of scientific processes that are not generally accepted for use until after publication of the catalog in which the property is offered or that were unreasonably expensive or impractical to use at the time of such publication.

LIMITATION OF LIABILITY

EXCEPT AS EXPRESSLY PROVIDED ABOVE, ALL PROPERTY IS SOLD "AS IS." NEITHER BONHAMS NOR THE CONSIGNOR MAKES ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, AS TO THE MERCHANTABILITY, FITNESS OR CONDITION OF THE PROPERTY OR AS TO THE CORRECTNESS OF DESCRIPTION, GENUINENESS, ATTRIBUTION, PROVENANCE OR PERIOD OF THE PROPERTY OR AS TO WHETHER THE PURCHASER ACQUIRES ANY COPYRIGHTS OR OTHER INTELLECTUAL PROPERTY RIGHTS IN LOTS SOLD OR AS TO WHETHER A WORK OF ART IS SUBJECT TO THE ARTIST'S MORAL RIGHTS OR OTHER RESIDUAL RIGHTS OF THE ARTIST. THE PURCHASER EXPRESSLY ACKNOWLEDGES AND AGREES THAT IN NO EVENT SHALL BONHAMS BE LIABLE FOR ANY DAMAGES INCLUDING, WITHOUT LIMITATION, ANY COMPENSATORY, INCIDENTAL OR CONSEQUENTIAL DAMAGES.

SELLER'S GUIDE

SELLING AT AUCTION

Bonhams can help you every step of the way when you are ready to sell art, antiques and collectible items at auction. Our regional offices and representatives throughout the US are available to service all of your needs. Should you have any further questions, please visit our website at www.bonhams.com/us for more information or call our Client Services Department at +1 (800) 223 2854 ext. 23550.

AUCTION ESTIMATES

The first step in the auction process is to determine the auction value of your property. Bonhams' world-renowned specialists will evaluate your special items at no charge and in complete confidence. You can obtain an auction estimate in many ways:

- Attend one of our Auction Appraisal Events held regularly at our galleries and in other major metropolitan areas. The updated schedule for Bonhams Auction Appraisal Events is available at www.bonhams.com/us.
- Call our Client Services Department to schedule a private appointment at one of our galleries. If you have a large collection, our specialists can travel, by appointment, to evaluate your property on site.
- Send clear photographs to us of each individual item, including item dimensions and other pertinent information with each picture. Photos should be sent to Bonhams' address in envelopes marked

as "photo auction estimate". Alternatively, you can submit your request using our online form at www.bonhams.com/us. Digital images may be attached to the form. Please limit your images to no more than five (5) per item.

CONSIGNING YOUR PROPERTY

After you receive an estimate, you may consign your property to us for sale in the next appropriate auction. Our staff assists you throughout the process, arranging transportation of your items to our galleries (at the consignor's expense), providing a detailed inventory of your consignment, and reporting the prices realized for each lot. We provide secure storage for your property in our warehouses and all items are insured throughout the auction process. You will receive payment for your property approximately 35 days after completion of sale.

Sales commissions vary with the potential auction value of the property and the particular auction in which the property is offered. Please call us for commission rates.

PROFESSIONAL APPRAISAL SERVICES

Bonhams' specialists conduct insurance and fair market value appraisals for private collectors, corporations, museums, fiduciaries and government entities on a daily basis. Insurance appraisals, used for insurance purposes, reflect the cost of replacing property in today's retail market. Fair market value appraisals are used for estate,

tax and family division purposes and reflect prices paid by a willing buyer to a willing seller.

When we conduct a private appraisal, our specialists will prepare a thorough inventory listing of all your appraised property by category. Valuations, complete descriptions and locations of items are included in the documentation.

Appraisal fees vary according to the nature of the collection, the amount of work involved, the travel distance, and whether the property is subsequently consigned for auction.

Our appraisers are available to help you anywhere and at any time. Please call our Client Services Department to schedule an appraisal.

ESTATE SERVICES

Since 1865, Bonhams has been serving the needs of fiduciaries – lawyers, trust officers, accountants and executors – in the disposition of large and small estates. Our services are specially designed to aid in the efficient appraisal and disposition of fine art, antiques, jewelry, and collectibles. We offer a full range of estate services, ranging from flexible financial terms to tailored accounting for heirs and their agents to world-class marketing and sales support.

For more information or to obtain a detailed Trust and Estates package, please visit our website at www.bonhams.com/us or contact our Client Services Department.

BUYER'S GUIDE

BIDDING & BUYING AT AUCTION

Whether you are an experienced bidder or an enthusiastic novice, auctions provide a stimulating atmosphere unlike any other. Bonhams previews and sales are free and open to the public. As you will find in these directions, bidding and buying at auction is easy and exciting. Should you have any further questions, please visit our website at www.bonhams.com or call our Client Services Department at +1 (800) 223 2854 ext. 3550.

Catalogs

Before each auction we publish illustrated catalogs. Our catalogs provide descriptions and estimated values for each "lot." A lot may refer to a single item or to a group of items auctioned together. The catalogs also include the dates and the times for the previews and auctions. We offer our catalogs by subscription or by single copy. For information on subscribing to our catalogs, you may refer to the subscription form in this catalog, call our Client Services Department, or visit our website at www.bonhams.com/us.

Previews

Auction previews are your chance to inspect each lot prior to the auction. We encourage you to look closely and examine each object on which you may want to bid so that you will know as much as possible about it. Except as expressly set forth in the Conditions of Sale, items are sold "as is" and with all faults; illustrations in our catalogs, website and other materials are provided for identification only. At the previews, our staff is always available to answer your questions and guide you through the auction process. Condition reports may be available upon request.

Estimates

Bonhams catalogs include low and high value estimates for each lot, exclusive of the buyer's premium and tax. The estimates are provided as an approximate guide to current market value based primarily on previous auction results for comparable pieces, and should not be interpreted as a representation or prediction of actual selling prices. They are determined well in advance of a sale and are subject to revision. Please contact us should you have any questions about value estimates.

Reserves

Unless indicated by the ρ symbol next to the lot number, which denotes no reserve, all lots in the catalog are subject to a reserve. The reserve is the minimum auction price that the consignor is willing to accept for a lot. This amount is confidential and does not exceed the low estimate value.

Auction House's Interest in Property Offered at Auction

On occasion, Bonhams may offer property in which it has an ownership interest in whole or in part or otherwise has an economic interest. Such property, if any, is identified in the catalog with a \blacktriangle symbol next to the lot number(s).

Bonhams may also offer property for a consignor that has been guaranteed a minimum price for its property by Bonhams or jointly by Bonhams and a third party. Bonhams and any third parties providing a guarantee may benefit financially if the guaranteed property is sold successfully and may incur a financial loss if its sale is not successful. Such property, if any, is identified in the catalog with a \circ symbol next to the lot number(s).

Bidding at Auction

At Bonhams, you can bid in many ways: in person, via absentee bid, over the phone, or via Bonhams' live online bidding facility. Absentee bids can be submitted in person, online, via fax or via email.

Valid Bonhams client accounts are required to participate in bidding activity. You can obtain registration information online, at the reception desk or by calling our Client Services Department.

By bidding at auction, whether in person or by agent, by absentee bid, telephone, online or other means, the buyer or bidder agrees to be bound by the Conditions of Sale.

Lots are auctioned in consecutive numerical order as they appear in the catalog. Bidding normally begins below the low estimate. The auctioneer will accept bids from interested parties present in the saleroom, from telephone bidders, and from absentee bidders who have left written bids in advance of the sale. The auctioneer may also execute bids on behalf of the consignor by placing responsive or consecutive bids for a lot up to the amount of the reserve, but never above it.

We assume no responsibility for failure to execute bids for any reason whatsoever.

In Person

If you are planning to bid at auction for the first time, you will need to register at the reception desk in order to receive a numbered bid card. To place a bid, hold up your card so that the auctioneer can clearly see it. Decide on the maximum auction price that you wish to pay, exclusive of buyer's premium and tax, and continue bidding until your bid prevails or you reach your limit. If you are the successful bidder on a lot, the auctioneer will acknowledge your paddle number and bid amount.

Absentee Bids

As a service to those wishing to place bids, we may at our discretion accept bids without charge in advance of auction online or in writing on bidding forms available from us. "Buy" bids will not be accepted; all bids must state the highest bid price the bidder is willing to pay. Our auction staff will try to bid just as you would, with the goal of obtaining the item at the lowest bid price possible. In the event identical bids are submitted, the earliest bid submitted will take precedence. Absentee bids shall be executed in competition with other absentee bids, any applicable reserve, and bids from other auction participants. A friend or agent may place bids on your behalf, provided that we have received your written authorization prior to the sale. Absentee bid forms are available in our catalogs, online at www.bonhams.com/us, at offsite auction locations, and at our San Francisco, Los Angeles and New York galleries.

By Telephone

Under special circumstances, we can arrange for you to bid by telephone. To arrange for a telephone bid, please contact our Client Services Department a minimum of 24 hours prior to the sale.

Online

We offer live online bidding for most auctions and accept absentee bids online for all our auctions. Please visit www.bonhams.com/us for details.

Bid Increments

Bonhams generally uses the following increment multiples as bidding progresses:

\$50-200	by \$10s
\$200-500	by \$20/50/80s
\$500-1,000	by \$50s
\$1,000-2,000	by \$100s
\$2,000-5,000	by \$200/500/800s
\$5,000-10,000	by \$500s
\$10,000-20,000	by \$1,000s
\$20,000-50,000	by \$2,000/5,000/8,000s
\$50,000-100,000	by \$5,000s
\$100,000-200,000	by \$10,000s
above \$200,000	at auctioneer's discretion

The auctioneer may split or reject any bid at any time at his or her discretion as outlined in the Conditions of Sale.

Currency Converter

Solely for the convenience of bidders, a currency converter may be provided at Bonhams' auctions. The rates quoted for conversion of other currencies to U.S. Dollars are indications only and should not be relied upon by a bidder, and neither Bonhams nor its agents shall be responsible for any errors or omissions in the operation or accuracy of the currency converter.

Buyer's Premium

A buyer's premium is added to the winning bid price of each individual lot purchased, at the rates set forth in the Conditions of Sale. The winning bid price plus the premium constitute the purchase price for the lot. Applicable sales taxes are computed based on this figure, and the total becomes your final purchase price.

Unless specifically illustrated and noted, fine art frames are not included in the estimate or purchase price. Bonhams accepts no liability for damage or loss to frames during storage or shipment.

All sales are final and subject to the Conditions of Sale found in our catalogs, on our website, and available at the reception desk.

Payment

All buyers are asked to pay and pick up by 3pm on the business day following the auction. Payment may be made to Bonhams by cash, checks drawn on a U.S. bank, money order, wire transfer, or by Visa, MasterCard, American Express or Discover credit or charge card or debit card. All items must be paid for within 5 business days of the sale. Please note that payment by personal or business check may result in property not being released until purchase funds clear our bank. For payments sent by mail, please remit to Cashier Department, 220 San Bruno Avenue, San Francisco, CA 94103.

Sales Tax

California, Arizona, Colorado, Connecticut, Florida, Georgia, Illinois, Nevada, New York, Massachusetts, Pennsylvania, Texas, Washington state and Washington DC residents must pay applicable sales tax. Other state or local taxes (or compensating use taxes) may apply. Sales tax will be automatically added to the invoice unless a valid resale number has been furnished or the property is shipped via common carrier to destinations outside the states listed above.

Shipping & Removal

Bonhams can accommodate shipping for certain items. Please contact our Cashiers Department for more information or to obtain a quote. Carriers are not permitted to deliver to PO boxes.

International buyers are responsible for all import/export customs duties and taxes. An invoice stating the actual purchase price will accompany all international purchases.

Collection of Purchases

Please arrange for the packing and transport of your purchases prior to collection at our office. If you are sending a third party shipper, please request a release form from us and return it to +1 (212) 644 9009 prior to your scheduled pickup. To schedule collection of purchases, please call +1 (212) 644 9001.

Handling and Storage Charges

Storage charges of \$5 per lot, per day will begin accruing for any lots not collected by the 31st day after the auction. Bonhams reserves the right to remove uncollected sold lots to the warehouse of our choice at the buyer's risk and expense. Handling and storage fees will apply.

Auction Results

To find out the final purchase price for any lot following the sale, please call our automated auction results line at +1 (800) 223 2854 ext. 3400. All you need is a touch-tone telephone and the lot number. Auction results are usually available on the next business day following the sale or online at www.bonhams.com/us.

IMPORTANT NOTICES

WATCHES

Except as expressly set forth in the Conditions of Sale, all watches are sold "as is." Please examine all watches carefully. It is the responsibility of the prospective bidder or the bidder's agent to determine the condition of watches during the preview.

Although we endeavor to mention in our descriptions significant defects, needed repairs, absent stones and the like, **WE DO NOT GUARANTEE THAT THE DESCRIPTIONS ARE COMPREHENSIVE.** We do not warrant any watch to be in good working order or warrant the accuracy of any watch function such as timekeeping, chronograph, calendar, repeating or register. Any repairs that might be required are the responsibility of the purchaser.

Condition reports, which contain more information than the catalog descriptions, are available upon request. These reports are statements of opinion based on visual inspection and may not include all defects or replacements or those that would be revealed by disassembly of the watch. To ensure timely receipt of the report, please email your request at least two

days prior to the sale date. Condition reports may also be viewed at the watch counter during previews.

Please note that Bonhams does not warrant that any component watch part is original or that watch cases have not been altered or replaced, as virtually all pre-owned watches may have been previously repaired and could include replacement parts. A manufacturer's certificate of authenticity is not available unless described in the catalog description of a lot, and a manufacturer's refusal to service or repair a timepiece due to the presence of replacement parts shall not constitute grounds to rescind a sale.

Case screw-backs have been loosened for examination and viewing by Bonhams, and should be resealed by purchasers for water resistance.

The dimensions given refer to the diameter of circular watch cases, excluding the lugs (in the case of a wristwatch) or the pendant (in the case of a pocket watch). For watches of other shapes, the corresponding width is given.

DIAMONDS, COLORED STONES & PEARLS

The Jewelry department of Bonhams & Butterfields recognizes that there are many various forms of treatments and enhancements used in diamonds and colored stones in order to improve their appearance and or color. Techniques such as heat treatment have been used to improve the color and transparency of both sapphires and rubies in addition to other gemstones. Techniques such as oiling have been used to enhance the clarity of emeralds while dying has been used to effect the color of jade. Techniques such as heat treatment, oiling, resin impregnation, irradiation, color diffusion, dying and HTHP are just a few off the techniques that are in use today. Prospective buyers are therefore reminded that unless otherwise noted in our catalog description it must be assumed that some form of enhancement may have been used and that such treatment may not always be permanent or detectable and that our estimates have taken such possibilities into account. As a mater of policy, Bonhams & Butterfields endeavors to obtain certificates from recognized gemological laboratories when such certificates are deemed crucial to the authenticity of a gemstone. It is not possible however to gain certificates for all items offered for sale and it is therefore recommended where there is no mention of a certificate that all prospective buyers consult with one of our department specialists prior to purchase of such items.

PLEASE NOTE: A number of laboratories issue certificates that give more detailed descriptions of gemstones, however there may not be consensus between different laboratories on the degrees, or types of treatment for any particular gemstone. Neither is there necessarily consensus between different laboratories, or private appraisers, on the grading of diamonds. All gemstone weights are approximations only and although an independent laboratory grading may be used in the catalog text, we cannot guarantee such gradings.

Images shown may appear smaller or larger than actual size.

Although we endeavor to mention in our descriptions significant defects, needed repairs, absent stones and the like, **WE DO NOT GUARANTEE THAT THE DESCRIPTIONS ARE COMPREHENSIVE.** Please examine all lots carefully. It is the responsibility of the prospective bidder, or his agent, to determine the condition of lots during the preview. Condition reports have been created for most lots in this auction, and are available upon request. Please contact the Jewelry department at least two days prior to the sale date for additional information.

E. G. WORTHLEY. A UNIQUE 14K GOLD HUNTER CASED SPRING DETENT CHRONOMETER

Dated 1894

17-jewel damascened nickel divided $\frac{3}{4}$ plate movement, jewels in gold settings, gold train and escape wheel, bimetallic balance, free sprung overcoiled sprung, stem wound, lever set, glazed dust cap, gold cuvette with glazed souvenir compartment, formerly double sunk white enamel dial with center removed to reveal damascened top plate and motion work, arabic chapters, gilt five minute numerals, blued Breguet hands, gold scroll seconds hand, engine turned case
53mm

\$1,500 - 2,000

20

20

A FINE HUNTER CASED LEVER WATCH WITH TOURBILLON

Signed C. K. Weaver, No. 6, dated 1899, from the Canadian Horological Institute 16-size damascened nickel $\frac{1}{2}$ plate keyless movement, jeweled through the center, screwed gold settings, right angle club tooth lever escapement, bimetallic balance, overcoiled blued spring, one arm of the three arm polished 1-minute tourbillon carriage incorporating a micrometer regulator, stem set, glazed cuvette, white enamel dial, roman chapters, blued hands, engine turned gold filled case, numbered 6
49mm

\$7,000 - 9,000

The Canadian Institute of Horology was founded in Toronto in 1890 under the direction of the watchmaker Henry R. Playtner (1865-1943). The school remained open until 1913, training about 500 students. A masterpiece watch was required to graduate as an "A-1" watchmaker. Playtner's standards were exacting as only about 50 of these watches were completed. The present watch would have been the 6th.

Clarence K. Weaver was born on April 14, 1862 in Montgomery, Ohio, the son of carpenter John P. Weaver. At age thirty, having worked as a carpenter with his father all his working life, Clarence decided to take up watch repair and moved to Toronto to take the two-year course at the Canadian Horological Institute. He probably attended between 1894 and 1896, and remarkably, given his background as a carpenter, his graduating masterpiece was one of the most complex that could be made - a tourbillon. Weaver passed away in Hidalgo, Texas on May 10, 1940.

A history of the school can be found at <http://www.cdnwatchmaker.com/index.html>. Bonhams is grateful to Gary Fox for help cataloging this watch.

21

21

A RARE SILVER PAIR CASE VERGE WATCH

Signed Ephraim Clark, Philadelphia, No. 5968, 1790's
Gilt full plate fusee movement, tapered cylindrical pillars, scroll pierced cock with grotesque mask, white enamel dial with roman chapters, blued beetle and poker hands, plain silver pair cases, Birmingham, 1791, accompanied by the early 19th century Philadelphia watch paper of Ja's Brearley
55mm

\$1,500 - 2,000

Ephraim Clarke is recorded working in Philadelphia from 1780 onward. He took over the business of the noted clockmaker John Wood in 1793. In the 1790's he advertised that he imported clock and watchmaking materials.

See: Hohmann, F. L. (2009). *Timeless: Masterpiece American Brass Dial Clocks*. New York.

22

A RARE SILVER PAIR CASE VERGE WATCH

Signed C. Deane, No. 31, first quarter 19th century

50

ADAMS PERRY & CO., LANCASTER, PENNSYLVANIA: MOVEMENT NO. 1

20-jewel frosted nickel ¾ plate 20-size movement, marked “Perry’s Patents”, jewels in gold setting, counterpoised straight line lever escapement, bimetallic balance with overcoiled spring, gold escape wheel and train, stem wound and set, white enamel dial, roman chapters, blued hands, subsidiary seconds, doubly glazed display case

56mm

\$10,000 - 15,000

Edwin Hathaway Perry of Boston was granted design patent 4799 on April 11, 1871 for “a new and desirable Design for the Top Plate of a Watch Movement...which...with its graceful curves, produces an elegant and pleasing design.” In addition he was granted patent 115351 on May 30, 1871 for an improvement in stem-winding watches.

A factory to make these watches was built in 1875 in Lancaster PA. The company operated for a few months in 1876 before closing. It was sold to the Lancaster Watch Co. the next year. Lancaster in turn was bought by Hamilton in 1892.

51

Major Poore with his watch.

85

WALTHAM. A FINE AND RARE 18K GOLD HUNTER CASED WATCH WITH PRESENTATION BOX

American Watch Co., No. 410414

18-jewel M1868 16-size damascened nickel $\frac{3}{4}$ plate movement, inscribed gold cuvette, white enamel dial, roman chapters, subsidiary seconds, blued hands, gold case engraved with vacant cartouche, accompanied by a Waltham display box with the label of H. Semken, Jeweller, Washington, D. C.

53mm

\$4,000 - 6,000

The watch is inscribed:

“Major Ben. Perley Poore
On his 50th Birthday
Nov. 2nd 1870
From a few friends”

Those few friends would have included many prominent journalists and politicians in Washington, D. C.

Benjamin Perley Poore (November 2, 1820 – May 30, 1887) was, in his day, a well known American newspaper correspondent, editor, and author in the mid-19th century. One of the most popular and prolific journalists of his era, he was an active partisan for the Whig and Republican parties.

When he died the New York Times summed up his career:

“He had a wide acquaintance, having known everybody of consequence in the capital for 30 years or more, was a living storehouse of anecdotes, a popular diner-out, and enjoyed the confidence of many leading public men.”

\$10,000 - 15,000

The inner lid of the watch is inscribed:
 The
 President
 of the
 UNITED STATES
 to
 Captain J. E. Westman
 of the Swedish ship Thor
 for his humane and generous conduct
 toward the Captain, Crew and Passengers
 of the American ship Helen
 1858

On December 7, 1857, the American ship "Helen", a newly built 1003-ton wooden ship, suffered a catastrophic cargo fire which destroyed the vessel. The forty-three crew and passengers were rescued the next day by Captain J. E. Westman of the Swedish ship "Thor", of Gefle (now Gavle), straining their resources tremendously.

The captain of the "Helen" soon after wrote to the United States Secretary of State, describing the fire and rescue, recommending that Capt. Westman be honored by the United States for his actions. In 1858, the President of the United States, James Buchanan, presented Capt. Westman with this gold chronometer in "recognition of his humane and generous conduct towards the Captain, crew and passengers of the American ship 'Helen'."

PATEK PHILIPPE. A VERY FINE 18K ROSE GOLD COMMEMORATIVE WATCH WITH RUBY-SET ENAMEL DIAL AND THE PORTRAIT OF KING ABDUL AZIZ AL SAUD OF SAUDI ARABIA WITH PRESENTATION BOX

Ref:600-1, Case no. 694631, Movement no. 931335, circa 1955
18-jewel manually wound Cal. 17^{'''}-170 lever movement with bimetallic balance, overcoiled spring, micrometer regulator, enamel dial with circular-cut ruby numerals and baguette-cut quarters enclosing a portrait of ibn Saud, tapered gold hands, subsidiary seconds, plain snap back case, case, dial and movement signed, together with green leather Patek Philippe box and spare crystal
44mm

\$7,000 - 9,000

One of a small number of watches specially commissioned to commemorate the reign of Abdul Aziz Al Saud (1876-1953), King of Saudi Arabia.

The watches were all fitted with ivory-colored enamel dials with ruby-set numerals bearing the King's portrait and given as gifts to dignitaries or friends of His Majesty.

Abdul Aziz bin Abdur Rahman Al Saud, commonly referred to as ibn Saud, was the first monarch of The Third Saudi State known as Saudi Arabia.

133

133

A. LANGE & SÖHNE. A LARGE MILITARY PILOT'S WATCH WITH CENTER SECONDS

Ref:127-560A-1, Movement no. 213433, circa 1942

Gilt divided ¾ plate movement jeweled through the center, bimetallic balance, overcoiled spring, swan's neck micrometer regulator, black dial with luminous minute ring, five minute markers and arabic numerals, lozenge hands with luminous fill, sweep hand, snap back grey metal case engraved with serial number and Fl 23883, leather strap (worn), signed on case and movement

55mm

\$3,000 - 5,000

In the 1940's, the German Air Force, or Luftwaffe, commissioned watches for their pilots from IWC, Laco, Stowa, Wempe, and A. Lange & Sohne. The present watch is an example of a B-Uhr model produced by A. Lange & Sohne, and featured their large caliber 48.

Produced to the Luftwaffe's specifications, the watches would all have a mechanical movement with center seconds, cases measuring 55mm to accommodate the large movements (which were typically used in pocket watches) and have an oversized crown. The watches would all be fitted on an extra-long leather strap so they could be worn over a flight jacket. The crown could be operated with gloves on, and would be able to stop the central seconds. The movement would be surrounded by an iron core, making the watch anti-magnetic.

These watches became known as the B-Uhr style, abbreviated for Beobachtungs-uhren, or "Observation" watch. The B-Uhr had two dial variations - Type A dials featured a standard outer minute track and large triangle at 12 o'clock, while the later Type B dials had an inner hour track and outer minute track.

The watch cases were engraved on the left side "FL23883" to identify the watch for navigation. On the inside of the case back, it contained further identifying numbers and information: type (Bauart), production number (Gerät-Nr.), movement (Werk-Bez.), order number (Anforderz), and manufacturer (Hersteller).

As the watches were property of the Luftwaffe, and not the individual navigators, the pilots had to return their watches after completing the mission, thus enhancing their collectability today.

42mm

\$2,500 - 3,500

After Heuer and Brown & Williamson finished the Viceroy promotion in December 1972, Heuer continued to produce the Viceroy Autavia model, but began to case it in a larger case as the reference 11630 alongside the original reference 1163

145

145

HEUER. A STAINLESS STEEL AUTOMATIC CHRONOGRAPH WATCH WITH DATE

Autavia, Ref:1163 V 'Viceroy', Case No.242547, Circa 1973
 17-jewel Cal.12 self-winding movement, black dial with applied polished faceted baton hour markers and printed outer minute track with red lines at 5 minute increments, polished steel baton hands with red tips and luminous inserts, date aperture at 6, subsidiary dials at 3 and 9 for 30 minute and 12 hour registers, brushed and polished tonneau shaped stainless steel case with screw down back, associated leather strap and buckle, case, dial and movement signed 42mm

\$2,000 - 3,000

In 1971 a ban was put in place on television ads for tobacco. The Brown & Williamson Tobacco Company produced a brand called "Viceroy" that was not selling as strong as anticipated, and decided to change their advertising to appeal to more men by featuring auto racers and cars.

Brown & Williamson reached out to Heuer, a dominant presence at racetracks, proposing to offer a Heuer Autavia model through a Viceroy cigarette promotion. Regularly priced at \$200, Viceroy would offer a special version of the Autavia chronograph wristwatch for \$88 with the end flap of a carton of Viceroy cigarettes. Brown & Williamson requested Heuer be able to produce and deliver 16,000 chronographs during the seven months that the promotion would run, from May through December of 1972.

The ad campaign launched in May 1972, and appeared in many major publications of the time. It successfully sold more of the Heuer chronographs than they had been selling without the ad campaign, and unexpectedly brought more clients in to the dealers who were looking for other Heuer chronograph models.

146

146

OMEGA. A RARE STAINLESS STEEL TACHYMETER CHRONOGRAPH

Speedmaster Professional, Ref: 145022-68ST, Movement no. 27323397, circa 1968

17-jewel Cal. 861 manual winding movement, shock resistant suspension to monometallic balance, black dial with red fifth second ring and orange hour markers enclosing luminous baton numerals, subsidiary dials for 30-minute and 12-hour registers and continuous seconds, white hour and minute hands with luminous fill, plain tapered orange sweep hand, screw back tonneau case with "dot over 90" tachymeter scale bezel, case, dial and movement signed, leather strap 40mm

\$3,000 - 5,000

Very little is known about the racing Dial fitted on the Omega Speedmaster professional. It seems that it was sold in a few variations and in very small quantities in unspecified markets. However in the late 1960's Omega released the Speedmaster Professional Mark II (ST 145.014) with a similar dial and hands.

This lot has the most unusual version with the gray dial and orange and white marker. It is in excellent condition and extremely well preserved without much discoloration. It is the dial which inspired a limited series made in 2004 and sold exclusively in the Japanese Market.

39mm

\$30,000 - 50,000

Provenance

Commander Jackson Maxwell Tomsky, thence by descent to his granddaughter

Commander Jackson Maxwell Tomsky (1919-2013) enlisted in the US navy at the age of 18, in his hometown of San Francisco. During World War II he was assigned to the USS Chewink, a submarine rescue and salvage ship where he got trained as a diver.

In 1951, Tomsky became a commission officer, a "mustang" as enlisted sailor who got commissioned without going to the Naval Academy were known and he took commanding officer course at the Navy's deep-sea diving school. In 1962, after a few assignments among submarine rescue vessels, Tomsky became commander of the rescue ship Chanticleer where he earned the nickname "Black Jack" because of his imposing size, dark black hair and deep, booming voice. In 1965 Tomsky became the assistant officer in charge of the Deep-Diving School.

Within a month in that role Tomsky was asked to join the Navy's Deep Submergence System Project (DSSP) to become the commander of SEALAB III. His responsibilities was to remodel and expand the SEALAB II habitat, select 60 aquanauts and support divers for a two-month mission 600ft below the ocean.

SEALAB III was successfully lowered to the to the Ocean floor off the coast of Southern California on February 15, 1969, but the pressurized lab was leaking badly and four divers were to do the repairs. On February 17 1969, Berry Cannon, one of the assigned aquanaut died while attempting to repair the habitat due to a combination of human error and technical difficulties. After an investigation from the Navy, Tomsky was given a punitive letter of admonition but was soon called back to duty to assist with the secret program within the SEALAB program known as "The Projects", which involved adapting saturation diving methods and equipment developed for SEALAB so that divers could be dispatched from submarines on spy missions.

Tomsky left the navy in 1975 and became the North Sea diving manager for J Ray Mc Dermott & Co., a major offshore contractor. He then became president and CEO of Hydrospace International, a provider of commercial diving services.

152

SEALAB

SEALAB I, II, and III were experimental underwater habitats developed by the United States Navy in the 1960s to prove the viability of saturation diving and humans living in isolation for extended periods of time. The knowledge gained from the SEALAB expeditions helped advance the science of deep sea diving and rescue, and contributed to better understanding of the psychological and physiological endurance. NASA was also interested in the project for their own studies of Human behavior in space. The famous astronaut Scott Carpenter was an Aquanaut in SEALAB II and the Deputy Commander in SEALAB III.

SEALAB I: Experiment was launched in Bermuda in 1964.
Maximum Depth 192ft

Project Leaders: Captain George "Papa Topside" Bond and
Commander Walter Mazzone.

For eleven days, four aquanauts spent living and working 192 feet below the surface to offer evidence of the viability of a "saturation diving," so named because it involved allowing a diver's body to fully absorb the gases breathed under the pressure of a given depth.

SEALAB II: Experiment was launched in La Jolla, CA in August 1965.
Maximum Depth 205 ft.

Project Leaders: Captain George "Papa Topside" Bond and
Commander Walter Mazzone

Each team spent 15 days in the habitat, but aquanaut/astronaut Scott Carpenter remained below for a record 30 days. In addition to physiological testing the divers tested new tools, methods of salvage, and an electrically heated drysuit. They were aided by a bottlenose dolphin named Tuffy from the U.S. Navy Marine Mammal Program. Aquanauts and Navy trainers attempted, with mixed results, to teach Tuffy to ferry supplies from the surface to SEALAB or from one diver to another, and to come to the rescue of an aquanaut in distress.

SEALAB III: Experiment was launched San Clemente Island, CA in February 1969. Maximum Depth 610 ft.

Project leaders: Commander Jackson "Black Jack" Tomsky and
Deputy Commander Scott Carpenter.

The habitat soon began to leak and four divers were sent to repair it, but they were unsuccessful. During the second attempt, aquanaut Berry L. Cannon died. It was found that his rebreather was missing baralyme, the chemical necessary to remove carbon dioxide.

35mm

\$12,000 - 18,000

Introduced in 1958, reference 3417 was Patek Philippe's first anti-magnetic wristwatch produced in series, and made in stainless steel only. It was first produced with the caliber 12"400, and beginning in 1960 with the caliber 27-AM400 until 1969. The watch is unaffected by very strong electromagnetic interference up to 450 oersteds,. The reference 3417 is a "tool watch", a purpose specific watch which is uncommon for a high end watchmaker such as Patek Philippe. It ws produce in a era which was obsessed with new Scientific experiments and the birth of the Nuclear age. Other manufacturers such as Rolex with the Milgauss, IWC with the Ingenieur and Jaeger LeCoultre with the Geophysic introduced similar watches which at the time did not find much success with the public at large.

Two movements were used for the reference 3714

Between 1958 and 1960 the Calibre 12-400

Between 1959 and 1969 the Calibre 27 AM 400

Chronometrie Beyer,

VACHERON & CONSTANTIN. A FINE 18K GOLD CENTER SECONDS WRIST WATCH WITH HACK FEATURE

Chronomètre Royal, Case no. 368967, Movement no. 509532, 1950's
 19-jewel Cal. 100VBS manual winding movement adjusted to temperature, position and isochronism, Seal of Geneva, monometallic balance, overcoiled spring, micrometer regulator, lever to arrest balance activated by crown, silvered dial, applied gold baton numerals, gold hands, tonneau screw back case with polished circular bezel, leather strap, case, dial and movement signed
 35mm
\$5,000 - 7,000

In 1953 Vacheron Constantin launched the first Chronomètre Royal wristwatch, also with a simple dial and case design. The watch contained either a 1007BS movement (for a subsidiary seconds dial) or 1008BS movement (for sweep center seconds), which featured hacking seconds – BS referring to Balance Stop. The movement was a highly finished Jaeger-LeCoultre 488/SBR, recognized as one of the most beautiful chronometer movement made for a wristwatch. Unlike the Chronomètre Royal pocket watches, the movements of the wristwatches were finished and decorated.

The Chronomètre Royal was produced as a number of different references, each with different design variations. The present watch is a fine example of a reference 6111, which featured the unusual "Maltese Cross" lugs, giving the watch the playful charm that is characteristic of vintage Vacheron Constantin watches.

Originally advertised as a watch for a demanding clientele, created by the same experts who produced winning chronometers at the observatory trials, the Chronomètre Royal is a classic Vacheron Constantin dress watch with precise timekeeping ability. The present example is in mint condition, with crisp engraving on the back and a beautifully aged dial and gold case.

Paddle number (for office use only)

General Notice: This sale will be conducted in accordance with Bonhams Conditions of Sale, and your bidding and buying at the sale will be governed by such terms and conditions. Please read the Conditions of Sale in conjunction with the Buyer's Guide relating to this sale and other published notices and terms relating to bidding. Payment by personal or business check may result in your property not being released until purchase funds clear our bank. Checks must be drawn on a U.S. bank.

Notice to Absentee Bidders: In the table below, please provide details of the lots on which you wish to place bids at least 24 hours prior to the sale. Bids will be rounded down to the nearest increment. Please refer to the Buyer's Guide in the catalog for further information relating to instructions to Bonhams to execute absentee bids on your behalf. Bonhams will endeavor to execute bids on your behalf but will not be liable for any errors or non-executed bids.

Notice to First Time Bidders: New clients are requested to provide photographic proof of ID - passport, driving license, ID card, together with proof of address - utility bill, bank or credit card statement etc. Corporate clients should also provide a copy of their articles of association / company registration documents, together with a letter authorizing the individual to bid on the company's behalf. Failure to provide this may result in your bids not being processed. For higher value lots you may also be asked to provide a bankers reference.

Notice to online bidders: If you have forgotten your username and password for www.bonhams.com, please contact Client Services.

If successful

- I will collect the purchases myself
- Please contact me with a shipping quote (if applicable)
- I will arrange a third party to collect my purchase(s)

Please mail or fax the completed Registration Form and requested information to:
