CATALOGUE DESCRIPTIONS AND COST BREAKDOWN

SYMBOLS (IN BOND / DUTY PAID)

Estimates include duty, and a buyer's premium at 17.5% (+ VAT) will be charged on all lots. Items marked with Δ or \dagger will also be charged VAT on the hammer price. Items marked with Δ may be kept under bond if required and duty will be deducted from the hammer price. If buyers advise the bids office that they require their wine to remain in bond, duty will be deducted from the hammer price and they are then responsible for clearance, VAT and any other charges that may be payable.

SPECIAL INVOICING REQUIREMENTS

Customers should advise Bonhams (bids@bonhams.com) if they wish to be invoiced for purchases -
a) under bond where lots are shown as available under bond (signified with a triangle Δ in the catalogue). For buyers outside the UK, please note that any forwarding agent appointed to export their purchases must have a movement certificate for lots to be released under Bond.
b) outside the margin scheme for duty paid lots. Invoicing outside the margin scheme is only available to VAT registered businesses.

If so instructed this will become the standard invoicing method for your account.

Please note all such requests should reach Bonhams within 48hrs of the sale. Regrettably we will be unable to action requests received after this. All lots will be invoiced duty paid, where no instruction has been received.

CONDITION

Bottle condition is only noted where it may significantly influence the estimate value of the lot. It is not our policy to inspect every unopened case, however those that have been inspected may no longer have an intact lid. Ullage levels or bottle conditions may differ from their catalogue description as a result of transport. Corks in older wines may fail naturally or as a result of transportation. Bonhams cannot accept responsibility at any point for failed corks, and no refunds or replacements are given.

ULLAGE

Ullage refers to the space between the wine and the bottom of the cork. Acceptable ullage levels increase with age but we will only auction wines that we consider to be in sound condition. Ullage levels for Bordeaux-shaped bottles are only noted when not 'into neck' (see diagram) or, in the case of Burgundy-shaped bottles, when greater than 4cm from the base of the cork. Unless otherwise indicated champagne ullage is measured from the base of the bottle when inverted.

BOTTLING

All Bordeaux is Château -bottled unless otherwise indicated. Likewise, all other wines are bottled in the area of production unless indicated as follows:
BB - Bordeaux bottled
BE - Belgium bottled
UK - UK bottled
FB - French bottled
OB - Oporto bottled

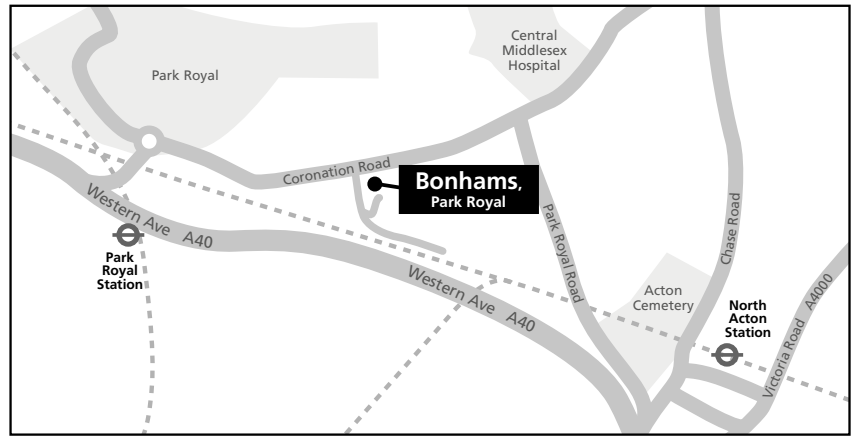

CASE TERMS

owc - original wooden case
iwc - individual wooden case
oc - original carton

JEROBOAMS

Unless otherwise described, a jeroboam contains 3 litres except for Bordeaux wines where it is 5 litres
