SEWARD KENNEDY

A SILHOUETTE

Seward Kennedy

Personal possessions make for good company. Often, they also suggest of their owner a three-dimensional portrait, curios and ephemera imitating layers of paint. In the case of Seward Kennedy, his teeming and tangible cohorts were a plentiful kingdom of Antiquities, Chinese, Indian, European, African, Tribal and Oceanic fare. Thousands upon thousands of idiosyncratic objects layered as thick as impasto on tabletops, shelves and in tumbled piles throughout his two residences on Park Avenue in New York City and Norland Square in London's Notting Hill. In many ways, the accumulation became his identity and, in the spirit of the Ancients, Seward might have preferred to be entombed with the hoard rather than surrender a single piece.

Raised a proud and thrifty Yankee in New England, Seward was an artistic youth and awarded prizes at school for photography. He developed his own negatives, always made things with his hands – an assiduous restorer of objects and amateur draughtsman his entire life. Noticeably too, he was prone to silence and shy, yet marvelled at the craftsmanship of the material world. His fascination knew no bounds, as if his life were compelled by a search for connections to humanity through objects, not people. All curious shapes and wayward forms, the nitty-gritty tactile, something strange and unfamiliar

– tribal clubs, facial masks, earplugs and ornaments, fetish and found objects – these held his gaze as nothing else.

And as if by animal instinct, Seward was clearly driven to amass. Upon graduation from Massachusetts Institute of Technology, and New York University Law School, his professional career as a lawyer for Mobil Corporation was a formidable success. He travelled extensively in the late 1950s to Cairo, Athens, Istanbul and Nicosia, cities that were a seedbed to his natural curiosity. Fascinated by myriad cultures, he sought tangible representations that he could afford devoting free time to a perusal of other worlds. During his formative years as an itinerant lawyer, Seward quietly nurtured a parallel and never-ending quest for disappearing cultures.

By the early 1960s, he maintained residences in London and Paris, adding New York City to his roster in 1971. His great friends and mentors were the Cianciminos, two siblings newly established in London as dealers on the King's Road. These clever brothers (George and the late Jean-Claude) were legendary tastemakers whom Seward adopted as, "Style Police." In no time, 18th century Italian and Iberian furniture, Chinese scholar's objects, Tantric art and Modernist brass sculpture found its way from their chic emporium to his flat on Cheyne Walk.

Seward's eclectic finds co-mingled with gutsy contemporary furniture designed, no coincidence, by George Ciancimino. Steel bookcases with smoky glass shelves, marble-topped chrome tables, luxuriously upholstered suede sofas and club chairs set a dramatic stage. The newly minted client was completely consumed by their vision and friendship.

Of course, Seward connected with other people too, particularly any similarly smitten sleuth hungry to trade emerging knowledge and connoisseurship. The decades of the 1970s and 80s were rife with an emergent elite curious about crosscurrents of civilization. No rumour that outside Seward's offices on Berkeley Square, during lunch hour, a constant string of dealers peddled up to sell him something exquisite. Yet he discriminated and not everyone left happy. Although profoundly acquisitive, Seward chose judiciously too. At 89 years of age, infirm but undeterred, he bought several pieces a mere two weeks before he died. A frisson of discovery at his fingertips was pure sustenance.

Certain people sense a dialogue with the inanimate world. They believe objects have a soul, even prosper, like people, on strength of character. A creator imbues beauty, time bestows patina and character, and the relationship of one object to another creates a lofty dimension. Seward Kennedy's imagination inhabited

that rarefied world. A custodian, he guarded objects for their inherent beauty, invention and purpose; equally, he dreaded their lack of appreciation and disappearance.

I first encountered Seward in the final decade of his life. Visiting his dimly lit Aladdin's cave, I peered eagerly at the chaotic panoply of shape and form huddled under protective layers of dust. The cumulative effect, the indefatigable passion revealed in such inordinate collecting, was astounding. I have purposefully avoided using the word "collecting" until now as that word clearly hit a nerve with him that day, "I am not a collector, and this is not a collection!" As objects beckoned my grasp, I touched, admired, asked questions with palpable excitement. Beneath each piece I tentatively handled a pale halo appeared; I knew to replace each one on its ghostly silhouette. It felt as if I were eavesdropping on his soul.

Just as he intended, Seward Kennedy's spirit, that original mind and lofty sensibility, still whispers. I daresay there may be an after-life, after all?

The chamfron is possibly the most sculptural of all pieces of armour. While the basic need to protect the horse's head remained the same, the way of dividing the space allowed for huge variety in decoration. Widely varying forms were used from the 15th century through to the 17th century, where, particularly in Ottoman *tombak* versions, a great virtue was made of the play on different shapes (F. Bodur, *Türk Maden Sanati, The Art of Turkish Metalworking*, Istanbul, 1987, nos. A179, A180, A184, A185 and A186, for example).

The fashion for gilt copper, or *tombak*, developed in Ottoman Turkey in the 16th century. Whilst it was used primarily in the mosque and home for objects such as lamps, incense burners, candlesticks and bowls, it also had an important function in a military context. A number of *tombak* helmets, chamfrons and shields are known. Because of the malleability of the copper, *tombak* armour would provide no effective defence in battle. It is likely therefore that the rich, lustrous pieces were created for parades and other ceremonial use, enhancing the pomp and colour of the Ottoman army.

James Allan acknowledges the possibility, however, that important Ottoman figures, such as sultans or viziers, might have used richly decorated objects in battle as a symbol of their status (Y. Petsopoulos (ed.), *Tulips, Arabesques & Turbans. Decorative Arts from the Ottoman Empire*, London, 1982, p. 42). The fact that there are a number of *tombak* pieces in the Karlsruher Turkenbeute from the collections of Baden-Baden suggests that in spite of its softness, the material must have been used at the siege of Vienna in 1683. It is clear that they were not the standard for the Ottoman army however. When used in battle, *tombak* armour was no doubt used only by the most important figures on the field.

Chamfrons of similar shape are in the Military Museum in Istanbul (for instance inv. no. 208-5, 208-93 and 208-126; T. Guckiran, *Askeri Müze, At Zirhlari Koleksiyonu*, Istanbul, 2009). A similar chamfron sold Christie's, London, 23 April 2015, lot 169.

THE TONY ROBINSON
COLLECTION OF TREEN
DRINKING VESSELS

TONY ROBINSON

A LIFETIME'S PASSION

Tony Robinson

Brought up in a family of timber merchants, Dad's knowledge of wood was honed at an early age, this later developed into his passion for Treen. Intrigued by the history of drinking vessels, Dad immersed himself in researching their individual uses, often marvelling over their intricacy and varied patina. Throughout the years this experience led him to becoming increasingly selective over the pieces he chose, resulting in one of the world's most specialised collections of Treen.

As children we were always surrounded by wood, whether it be the trees of the Lake District or the perfect set of Windsor chairs around the Yewwood dining table – even the dog was called Timber! Back in the early eighties, as the house filled up and, encouraged by Mum to collect something smaller, Dad turned his attention to Treen.

Over the decades he became increasingly selective, specialising in finely turned drinking vessels and combing the country for individually significant pieces. With his ear to the ground, and having developed an extensive network of contacts, Dad knew when key objects that would develop and enhance his collection were available.

We were talked through new acquisitions in great detail, always having to guess what type of wood it was made from before Dad revealed it's age and use, bringing each piece to life with stories of historical figures drinking from these ancient goblets.

As the collection grew, so did Dad's desire to display it in all its glory. Mum was happy as the house got a makeover, with new carpets and a shelving unit to complement the arrangement. What she hadn't bargained on was the dazzling spotlights, although she was the first to admit they did show off the grain and carvings beautifully.

Being an accountant, Dad relished in compiling extensive records, itemising each piece chronologically and documenting their provenance and history. He always planned to write a book and impart his specialist knowledge, but was sadly unable to fulfil his ambition due to illness. His dream has instead been turned into a legacy through this refined unique collection. He would be thrilled to see his Treen on a world stage for others who share his passion to enjoy.

CONDITIONS OF SALE • BUYING AT CHRISTIE'S

CONDITIONS OF SALE

These Conditions of Sale and the Important Notices and Explanation of Cataloguing Practice set out the terms on which we offer the lots listed in this catalogue for sale. By registering to bid and/or by bidding at auction you agree to these terms, so you should read them carefully before doing so. You will find a glossary at the end explaining the meaning of the words and expressions coloured in bold.

Unless we own a lot (A symbol, Christie's acts as agent for the seller.

A BEFORE THE SALE

1 DESCRIPTION OF LOTS

(a) Certain words used in the catalogue description have special meanings. You can find details of these on the page headed 'Important Notices and Explanation of Cataloguing Practice' which forms part of these terms. You can find a key to the Symbols found noted to certain catalogue entries under the section of the catalogue called 'Symbols Used in this Catalogue'.

(b) Our description of any lot in the catalogue, any condition report and any other statement made by us (whether orally or in writing) about any lot, including about its nature or condition, artist, period, materials, approximate dimensions or provenance are our opinion and not to be relied upon as a statement of fact. We do not carry out in-depth research of the sort carried out by professional historians and scholars. All dimensions and weights are approximate only.

2 OUR RESPONSIBILITY FOR OUR DESCRIPTION OF LOTS

We do not provide any guarantee in relation to the nature of a lot apart from our **authenticity warranty** contained in paragraph E2 and to the extent provided in paragraph I below.

3 CONDITION

(a) The condition of lots sold in our auctions can vary widely due to factors such as age, previous damage, restoration, repair and wear and tear. Their nature means that they will rarely be in perfect condition. Lots are sold 'as is', in the condition they are in at the time of the sale, without any representation or warranty or assumption of liability of any kind as to condition by Christie's or by the seller.

(b) Any reference to condition in a catalogue entry or in a condition report will not amount to a full description of condition, and images may not show a lot clearly. Colours and shades may look different in print or on screen to how they look on physical inspection. Condition reports may be available to help you evaluate the condition of a lot. Condition reports are provided free of charge as a convenience to our buyers and are for guidance only. They offer our opinion but they may not refer to all faults, inherent defects, restoration, alteration or adaptation because our staff are not professional restorers or conservators. For that reason they are not an alternative to examining a lot in person or taking your own professional advice. It is your responsibility to ensure that you have requested, received and considered any condition report.

4 VIEWING LOTS PRE-AUCTION

(a) If you are planning to bid on a lot, you should inspect it personally or through a knowledgeable representative before you make a bid to make sure that you accept the description and its condition. We recommend you get your own advice from a restorer or other professional adviser.

(b) Pre-auction viewings are open to the public free of charge. Our specialists may be available to answer questions at pre-auction viewings or by appointment.

5 ESTIMATES

Estimates are based on the condition, rarity, quality and provenance of the lots and on prices recently paid at auction for similar property. Estimates can change. Neither you, nor anyone else, may rely on any estimates as a prediction or guarantee of the actual selling price of a lot or its value for any other purpose. Estimates do not include the buyer's premium or any applicable taxes.

6 WITHDRAWAL

Christie's may, at its option, withdraw any lot at any time prior to or during the sale of the lot. Christie's has no liability to you for any decision to withdraw.

7 JEWELLERY

(a) Coloured gemstones (such as rubies, sapphires and emeralds) may have been treated to improve their look. The methods used include heating and oiling. These methods are accepted by the international jewellery trade but may make the gemstone less strong and/or require special care over time.

(b) All types of gemstones may have been improved by some method. You may request a gemmological report for any item which does not have a report if the request is made to us at least three weeks before the date of the auction and you pay the fee for the report.

(c) We do not obtain a gemmological report for every gemstone sold in our auctions. Where we do get gemmological reports from internationally accepted gemmological laboratories, such reports will be described in the catalogue. Reports from American gemmological laboratories will describe any improvement or treatment to the gemstone. Reports from European gemmological laboratories will describe any improvement or treatment only if we request that they do so, but will confirm when no improvement or treatment has been made. Because of differences in approach and technology, laboratories may not agree whether a particular gemstone has been treated, the amount of treatment or whether treatment is permanent. The gemmological laboratories will only report on the improvements or treatments known to the laboratories at the date of the report.

(d) For jewellery sales, estimates are based on the information in any gemmological report or, if no report is available, assume that the gemstones may have been treated or enhanced.

8 WATCHES & CLOCKS

(a) Almost all clocks and watches are repaired in their lifetime and may include parts which are not original. We do not give a warranty that any individual component part of any watch is authentic. Watchbands described as 'associated' are not part of the original watch and may not be authentic. Clocks may be sold without pendulums, weights or keys.

(b) As collectors' watches often have very fine and complex mechanisms, a general service, change of battery or further repair work may be necessary, for which you are responsible. We do not give a warranty that any watch is in good working order. Certificates are not available unless described in the catalogue.

(c) Most wristwatches have been opened to find out the type and quality of movement. For that reason, wristwatches with water resistant cases may not be waterproof and we recommend you have them checked by a competent watchmaker before use.

Important information about the sale, transport and shipping of watches and watchbands can be found in paragraph H(2).

3 IF YOU FAIL TO PROVIDE THE RIGHT DOCUMENTS

If in our opinion you do not satisfy our bidder identification and registration procedures including, but not limited to completing any anti-money laundering and/or anti-terrorism financing checks we may require to our satisfaction, we may refuse to register you to bid, and if you make a successful bid, we may cancel the contract for sale between you and the seller.

4 BIDDING ON BEHALF OF ANOTHER PERSON

(a) As authorised bidder. If you are bidding on behalf of another person, that person will need to complete the registration requirements above before you can bid, and supply a signed letter authorising you to bid for him/her.

(b) As agent for an undisclosed principal: If you are bidding as an agent for an undisclosed principal (the ultimate buyer(s)), you accept personal liability to pay the purchase price and all other sums due. Further, you warrant that:

(i) you have conducted appropriate customer due diligence on the ultimate buyer(s) of the lot(s) in accordance with any and all applicable anti-money laundering and sanctions laws, consent to us relying on this due diligence, and you will retain for a period of not less than five years the documentation and records evidencing the due diligence;

(ii) you will make such documentation and records evidencing your due diligence promptly available for immediate inspection by an independent third-party auditor upon our written request to do so. We will not disclose such documentation and records to any third-party unless (1) it is already in the public domain, (2) it is required to be disclosed by law, or (3) it is in accordance with anti-money laundering laws;

(iii) the arrangements between you and the ultimate buyer(s) are not designed to facilitate tax crimes;

(iv) you do not know, and have no reason to suspect, that the funds used for settlement are connected with, the proceeds of any criminal activity or that the ultimate buyer(s) are under investigation, charged with or convicted of money laundering, terrorist activities or other money laundering predicate crimes.

(v) you accept personal liability to pay the purchase price and all other sums due unless it has been agreed in writing with Christie's before commencement of the auction that the bidder is acting as an agent on behalf of a named third party acceptable to Christie's and that Christie's will only seek payment from the named third party.

5 BIDDING IN PERSON

If you wish to bid in the saleroom you must register for a numbered bidding paddle at least 30 minutes before the auction. You may register online at www.christies.com or in person. For help, please contact the Credit Department on +44 (0)20 7839 9060.

6 BIDDING SERVICES

The bidding services described below are a free service offered as a convenience to our clients and Christie's is not responsible for any error (human or otherwise), omission or breakdown in providing these services.

(a) Phone Bids

Your request for this service must be made no later than 24 hours prior to the auction. We will accept bids by telephone for lots only if our staff are available to take the bids. If you need to bid in a language other than in English, you must arrange this well before the auction. We may record telephone bids. By bidding on the telephone, you are agreeing to us recording your conversations. You also agree that your telephone bids are governed by these Conditions of Sale.

(b) Internet Bids on Christie's Live™

For certain auctions we will accept bids over the Internet. Please visit www.christies.com/livebidding and click on the 'Bid Live' icon to see details of how to watch, hear and bid at the auction from your computer. As well as these Conditions of Sale, internet bids are governed by the Christie's LIVE™ terms of use which are available on www.christies.com.

(c) Written Bids

You can find a Written Bid Form at the back of our catalogues, at any Christie's office or by choosing the sale and viewing the lots online at www.christies.com. We must receive your completed Written Bid Form at least 24 hours before the auction. Bids must be placed in the currency of the saleroom. The auctioneer will take reasonable steps to carry out written bids at the lowest possible price, taking into account the reserve. If you make a written bid on a lot which does not have a reserve and there is no higher bid than yours, we will bid on your behalf at around 50% of the low estimate or, if lower, the amount of your bid. If we receive written bids on a lot for identical amounts, and at the auction these are the highest bids on the lot, we will sell the lot to the bidder whose written bid we received first.

C AT THE SALE

1 WHO CAN ENTER THE AUCTION

We may, at our option, refuse admission to our premises or decline to permit participation in any auction or to reject any bid.

2 RESERVES

Unless otherwise indicated, all lots are subject to a reserve. We identify lots that are offered without reserve with the symbol next to the lot number. The reserve cannot be more than the lot's low estimate.

3 AUCTIONEER'S DISCRETION

The auctioneer can act at his sole option:

- refuse any bid;
- move the bidding backwards or forwards in any way he or she may decide, or change the order of the lots;
- withdraw any lot;
- divide any lot or combine any two or more lots;
- reopen or continue the bidding even after the hammer has fallen; and
- in the case of error or dispute and whether during or after the auction, to continue the bidding, determine the successful bidder, cancel the sale of the lot, or reoffer and resell any lot. If any dispute relating to bidding arises during or after the auction, the auctioneer's decision in exercise of this option is final.

4 BIDDING

The auctioneer accepts bids from:

- bidders in the saleroom;
- telephone bidders, and internet bidders through 'Christie's LIVE™' (as shown above in Section B6); and
- written bids (also known as absentee bids or commission bids) left with us by a bidder before the auction.

5 BIDDING ON BEHALF OF THE SELLER

The auctioneer may, at his or her sole option, bid on behalf of the seller up to but not including the amount of the reserve either by making consecutive bids or by making bids in response to other bidders. The auctioneer will not identify these as bids made on behalf of the seller and will not make any bid on behalf of the seller at or above the reserve. If lots are offered without reserve, the auctioneer will generally decide to open the bidding at 50% of the low estimate for the lot. If no bid is made at that level, the auctioneer may decide to go backwards at his or her sole option until a bid is made, and then continue up from that amount. In the event that there are no bids on a lot, the auctioneer may deem such lot unsold.

6 BID INCREMENTS

Bidding generally starts below the low estimate and increases in steps (bid increments). The auctioneer will decide at his or her sole option where the bidding should start and the bid increments. The usual bid increments are shown for guidance only on the Written Bid Form at the back of this catalogue.

7 CURRENCY CONVERTER

The saleroom video screens (and Christie's LIVE™) may show bids in some other major currencies as well as sterling. Any conversion is for guidance only and we cannot be bound by any rate of exchange unless we have accepted liability for any error (human or otherwise), omission or breakdown in providing these services.

8 SUCCESSFUL BIDS

Unless the auctioneer decides to use his or her discretion as set out in paragraph C3 above, when the auctioneer's hammer strikes, we have accepted the last bid. This means a contract for sale has been formed between the seller and the successful bidder. We will issue an invoice only to the registered bidder who made the successful bid. While we send out invoices by post and/or email after the auction, we do not accept responsibility for telling you whether or not your bid was successful. If you have bid by written bid, you

should contact us by telephone or in person as soon as possible after the auction to get details of the outcome of your bid to avoid having to pay unnecessary storage charges.

9 LOCAL BIDDING LAWS

You agree that when bidding in any of our sales that you will strictly comply with all local laws and regulations in force at the time of the sale for the relevant sale site.

D THE BUYER'S PREMIUM, TAXES AND ARTISTS' RESALE ROYALTY

1 THE BUYER'S PREMIUM

In addition to the **hammer price**, the successful bidder agrees to pay us a **buyer's premium** on the **hammer price** of each lot sold. On all lots we charge 25% of the **hammer price** up to and including £100,000, 20% on that part of the **hammer price** over £100,000 and up to and including £2,000,000, and 12% of that part of the **hammer price** above £2,000,000.

2 TAXES

The successful bidder is responsible for any applicable tax including any VAT, sales or compensating use tax or equivalent tax wherever they arise on the **hammer price** and the **buyer's premium**. It is the buyer's responsibility to ascertain and pay all taxes due. You can find details of how VAT and VAT reliefs are dealt with in the section of the catalogue headed 'VAT Symbols and Explanation'; VAT charges and reliefs depend on the particular circumstances of the buyer so this section, which is not exhaustive, should be used only as a general guide. In all circumstances EU and UK law takes precedence. If you have any questions about VAT, please contact Christie's VAT Department on +44 (0)20 7389 9060 (email: VAT_London@christies.com, fax: +44 (0)20 3219 6076).

3 ARTIST'S RESALE ROYALTY

In certain countries, local laws entitle the artist or the artist's estate to a royalty known as 'artist's resale right' when any lot created by the artist is sold. We identify these lots with the symbol 'A' next to the lot number. If these laws apply to a lot, you must pay us an extra amount equal to the royalty. We will pay the royalty to the appropriate authority on the seller's behalf.

The artist's resale royalty applies if the **hammer price** of the lot is 1,000 euro or more. The total royalty for any lot cannot be more than 12,500 euro. We work out the amount owed as follows:

Royalty for the portion of the hammer price (in euros)

- 4% up to 50,000
- 3% between 50,000.01 and 200,000
- 1% between 200,000.01 and 350,000
- 0.50% between 350,000.01 and 500,000
- over 500,000, the lower of 0.25% and 12,500 euro.

We will work out the artist's resale royalty using the euro to sterling rate of exchange of the European Central Bank on the day of the auction.

E WARRANTIES

1 SELLER'S WARRANTIES

For each lot, the seller gives a **warranty** that the seller:

- (a) is the owner of the **lot** or a joint owner of the **lot** acting with the permission of the other co-owners or, if the seller is not the owner or a joint owner of the **lot**, has the permission of the owner to sell the **lot**, or the right to do so in law; and
- (b) has the right to transfer ownership of the **lot** to the buyer without any restrictions or claims by anyone else.

If either of the above **warranties** are incorrect, the seller shall not have to pay more than the **purchase price** (as defined in paragraph F1(a) below) paid by you to us. The seller will not be responsible to you for any reason for loss of profits or business, expected savings, loss of opportunity or interest, costs, damages, other damages or expenses. The seller gives no **warranty** in relation to any **lot** other than as set out above and, as far as the seller is allowed by law, all **warranties** from the seller to you, and all other obligations upon the seller which may be added to this agreement by law, are excluded.

2 OUR AUTHENTICITY WARRANTY

We warrant, subject to the terms below, that the **lots** in our sales are authentic (our **authenticity warranty**). If, within five years of the date of the auction, you satisfy us that your **lot** is not **authentic**, subject to the terms below, we will refund the **purchase price** paid by you. The meaning of **authentic** can be found in the glossary at the end of these Conditions of Sale. The terms of the **authenticity warranty** are as follows:

- (a) It will be honoured for a period of five years from the date of the auction. After such time, we will not be obligated to honour the **authenticity warranty**.
- (b) It is given only for information shown in **UPPERCASE type** in the first line of the **catalogue description** (the '**Heading**'). It does not apply to any information other than in the **Heading** even if shown in **UPPERCASE type**.
- (c) The **authenticity warranty** does not apply to any **Heading** or part of a **Heading** which is **qualified**. **Qualified** means limited by a clarification in a **lot's catalogue description** or by the use in a **Heading** of one of the terms in the section titled **Qualified Headings** on the page of the catalogue headed 'Important Notices and Explanation of Catalogue Pricing'. For example, use of the term 'ATTRIBUTED TO...' in a **Heading** means that the **lot** is in Christie's opinion probably a work by the named artist but no **warranty** is provided that the **lot** is the work of the named artist. Please read the full list of **Qualified Headings** and a **lot's full catalogue description** before bidding.
- (d) The **authenticity warranty** applies to the **Heading** as amended by any **Saleroom Notice**.
- (e) The **authenticity warranty** does not apply where scholarship has developed since the auction leading to a change in generally accepted opinion. Further, it does not apply if the **Heading** either

matched the generally accepted opinion of experts at the date of the sale or drew attention to any conflict of opinion.

(f) The **authenticity warranty** does not apply if the **lot** can only be shown not to be **authentic** by a scientific process which, on the date we published the catalogue, was not available or generally accepted for use, or which was unreasonably expensive or impractical, or which was likely to have damaged the **lot**.

(g) The benefit of the **authenticity warranty** is only available to the original buyer shown on the invoice for the **lot** issued at the time of the sale and only if the original buyer has owned the **lot** continuously between the date of the auction and the date of claim. It may not be transferred to anyone else.

- (i) In order to claim under the **authenticity warranty** you must:
 - (i) give us written details, including full supporting evidence, of any claim within five years of the date of the auction;
 - (ii) at Christie's option, we may require you to provide the written opinions of two recognised experts in the field of the **lot** mutually agreed by you and us in advance confirming that the **lot** is not **authentic**. If we have any doubts, we reserve the right to obtain additional opinions at our expense; and
 - (iii) return the **lot** at your expense to the saleroom from which you bought it in the **condition** it was in at the time of sale.

(j) Your only right under this **authenticity warranty** is to cancel the sale and receive a refund of the **purchase price** paid by you to us. We will not, in any circumstances, be required to pay you more than the **purchase price** nor will we be liable for any loss of profits or business, loss of opportunity or value, expected savings or interest, costs, damages, other damages or expenses.

(k) **Books**. Where the **lot** is a book, we give an additional **warranty** for 14 days from the date of the sale that if on conclusion any **lot** is defective in text or illustration, we will refund your **purchase price**, subject to the following terms:

- (a) This additional **warranty** does not apply to:
 - (i) the absence of blanks, half titles, tissue guards or advertisements, damage in respect of bindings, stains, spotting, marginal tears or other defects not affecting completeness of the text or illustration;
 - (ii) drawings, autographs, letters or manuscripts, signed photographs, music, album tags or periodicals;
 - (iii) books not identified by title;
 - (iv) **lots** sold without a printed estimate;
 - (v) books which are described in the catalogue as sold not subject to return; or
 - (vi) defects stated in any **condition report** or announced at the time of sale.
- (b) To make a claim under this paragraph you must give written details of the defect and return the **lot** to the sale room at which you bought it in the same **condition** as at the time of sale, within 14 days of the date of the sale.
- (k) **South East Asian Modern and Contemporary Art and Chinese Calligraphy and Painting**.

In these categories, the **authenticity warranty** does not apply because current scholarship does not permit the making of definitive statements. Christie's does, however, agree to cancel a sale in either of these two categories of art where it has been proven the **lot** is a forgery. Christie's will refund to the original buyer the **purchase price** in accordance with the terms of Christie's **authenticity warranty**, provided that the original buyer notifies us with full supporting evidence documenting the forgery claim within twelve (12) months of the date of the auction. Such evidence must be satisfactory to us that the **lot** is a forgery in accordance with paragraph E2(h)(ii) above and the **lot** must be returned to us in accordance with E2(h)(ii) above. Paragraphs E2(b), (c), (d), (e), (f) and (g) and (i) also apply to a claim under these categories.

2. TRANSFERRING OWNERSHIP TO YOU

You will not own the **lot** and ownership of the **lot** will not pass to you until we have received full and clear payment of the **purchase price**, even in circumstances where we have released the **lot** to the buyer.

3 TRANSFERRING RISK TO YOU

The risk in and responsibility for the **lot** will transfer to you from whichever is the earlier of the following:

- (a) When you collect the **lot** or
- (b) At the end of the 30th day following the date of the auction or, if earlier, the date the **lot** is taken into care by a third party warehouse as set out on the page headed 'Storage and Collection', unless we have agreed otherwise with you in writing.

4 WHAT HAPPENS IF YOU DO NOT PAY

(a) If you fail to pay us the **purchase price** in full by the **due date**, we will be entitled to do one or more of the following (as well as enforce our rights under paragraph F5 and any other rights or remedies we have by law):

- (i) to charge interest from the **due date** at a rate of 5% a year above the UK Lloyds Bank base rate from time to time on the unpaid amount due;
 - (ii) we can cancel the sale of the **lot**. If we do this, we may sell the **lot** again, publicly or privately on such terms we shall think necessary or appropriate, in which case you must pay us any shortfall between the **purchase price** and the proceeds from the resale. You must also pay all costs, expenses, losses, damages and legal fees we have to pay or may suffer and any shortfall in the seller's commission on the resale;
 - (iii) we can pay the seller an amount up to the net proceeds payable in respect of the amount bid by your default in which case you acknowledge and understand that Christie's will have all of the rights of the seller to pursue you for such amount;
 - (iv) we can hold you legally responsible for the **purchase price** and may begin legal proceedings to recover it together with other losses, interest, legal fees and costs as far as we are allowed by law;
 - (v) we can take what you owe us from any amounts which we or any company in the **Christie's Group** may owe you (including any deposit or other part-payment which you have paid to us);
 - (vi) we can, at our option, reveal your identity and contact details to the seller;
 - (vii) we can reject at any future auction any bids made by or on behalf of the buyer or to obtain a deposit from the buyer before accepting any bids;
 - (viii) to exercise all the rights and remedies of a person holding security over any property in our possession owned by you, whether by way of pledge, security interest or in any other way as permitted by the law of the place where such property is located. You will be deemed to have granted such security to us and we may retain such property as collateral security for your obligations to us; and
 - (ix) we can take any other action we see necessary or appropriate.
- (b) If you owe money to us or to another **Christie's Group** company, we can use any amount you do pay, including any deposit or other part-payment you have made to us, or which we owe you, to pay off any amount you owe to us or another **Christie's Group** company for any transaction.

(c) If you make payment in full after the **due date**, and we choose to accept such payment we may charge you storage and transport costs from the date that is 30 calendar days following the auction in accordance with paragraphs G(d) and (i). In such circumstances paragraph G(d)(iv) shall apply.

5 KEEPING YOUR PROPERTY

If you owe money to us or to another **Christie's Group** company, as well as the rights set out in F4 above, we can use or deal with any of your property we hold or which is held by another **Christie's Group** company in any way we are allowed to by law. We will only release your property to you after you pay us or the relevant **Christie's Group** company in full for what you owe. However, if we choose, we can also sell your property in any way we think appropriate. We will use the proceeds of the sale against any amounts you owe us and we will pay any amount left from that sale to you. If there is a shortfall, you must pay us any amount in excess of the amount we have received from the sale and the amount you owe us.

G COLLECTION AND STORAGE

(a) We ask that you collect purchased **lots** promptly following the auction (but note that you may not collect any **lots** until you have made full and clear payment of all amounts due to us).

(b) Information on collecting **lots** is set out on the storage and collection page and on an information sheet which you can get from the bidder registration staff or Christie's cashiers on +44 (0)20 7389 9060.

(c) If you do not collect any **lot** promptly following the auction we can, at our option, remove the **lot** to another Christie's location or an affiliate or third party warehouse.

(d) If you do not collect a **lot** by the end of the 30th day following the date of the auction, unless otherwise agreed in writing:

- (i) we will charge you storage costs from that date.
- (ii) we can at our option move the **lot** to or within an affiliate or third party warehouse and charge you transport costs and administration fees for doing so.
- (iii) we may sell the **lot** in any commercially reasonable way we think appropriate.

(iv) the storage terms which can be found at christies.com/storage shall apply.
(v) Nothing in this paragraph is intended to limit our rights under paragraph F4.

H TRANSPORT AND SHIPPING

1 TRANSPORT AND SHIPPING

We will enclose a transport and shipping form with each invoice sent to you. You must make all transport and shipping arrangements. However, we can arrange to pack, transport and ship your property if you ask us to and pay the costs of doing so. We recommend that you ask us for an estimate, especially for any large items or items of high value that need professional packing before you bid. We may also suggest other hauliers, packers, transporters or experts if you ask us to do so. For more information, please contact Christie's Art Transport on +44 (0)20 7839 9060. See the information set out at www.christies.com/shipping or contact us at arttransport.london@christies.com. We will take reasonable care when we are handling, packing, transporting and shipping a lot. However, if we recommend another company for any of these purposes, we are not responsible for their acts, failure to act or neglect.

2 EXPORT AND IMPORT

Any lot sold at auction may be affected by laws on exports from the country in which it is sold and the import restrictions of other countries. Many countries require a declaration of export for property leaving the country and/or an import declaration on arrival of property into the country. Local laws may prevent you from importing a lot or may prevent you selling a lot in the country you import it into.

(a) You alone are responsible for getting advice about and meeting the requirements of any laws or regulations which apply to exporting or importing a lot prior to bidding if you are relying on a licence or there is a delay in getting one, you must still pay us in full for the lot. We may be able to help you apply for the appropriate licences if you ask us to and pay our fee for doing so. However, we cannot guarantee that you will get one. For more information, please contact Christie's Art Transport Department on +44 (0)20 7839 9060. See the information set out at www.christies.com/shipping or contact us at arttransport.london@christies.com.

(b) Lots made of protected species

Lots made of or including (regardless of the percentage) endangered and other protected species of wildlife are marked with the symbol – in the catalogue. This material includes, among other things, ivory, tortoiseshell, crocodile skin, rhinoceros horn, whalebone, certain species of coral, and Brazilian rosewood. You should check the relevant customs laws and regulations before bidding on any lot containing this material if you plan to import the lot into another country. Several countries refuse to allow you to import property containing these materials, and some other countries require a licence from the relevant regulatory agencies in the countries of exportation as well as importation. In some cases, the lot can only be shipped with an independent scientific confirmation of species and/or age and you will need to obtain these at your own cost. If a lot contains elephant ivory, or any other wildlife material that could be confused with elephant ivory (for example, mammoth ivory, walrus ivory, helmeted hornbill ivory), please see further important information in paragraph (c) if you are proposing to import the lot into the USA. We will not be obliged to cancel your purchase and refund the purchase price if your lot may not be exported, imported or it is seized for any reason by a government authority. It is your responsibility to determine and satisfy the requirements of any applicable laws or regulations relating to the export or import of property containing such protected or regulated species.

(c) US import ban on African elephant ivory

The USA prohibits the import of ivory from the African elephant. Any lot containing elephant ivory or other wildlife material that could be easily confused with elephant ivory (for example, mammoth ivory, walrus ivory, helmeted hornbill ivory) can only be imported into the US with results of a rigorous scientific test acceptable to Fish & Wildlife, which confirms that the material is not African elephant ivory. Where we have conducted such rigorous scientific testing on a lot prior to sale, we will make this clear in the lot description. In all other cases, we cannot confirm whether a lot contains African elephant ivory, and you will buy that lot at your own risk and be responsible for any scientific test or other reports required for import into the USA at your own cost. If such scientific tests are inconclusive, you will be responsible for any scientific test on the elephant, we will not be obliged to cancel your purchase and refund the purchase price.

(d) **Lots containing material that originates from Burma (Myanmar)** Lots which contain rubies or jadeite originating in Burma (Myanmar) may not generally be imported into the United States. As a convenience to US buyers, lots which contain rubies or jadeite of Burmese or indeterminate origin have been marked with the symbol ▽ in the catalogue. In relation to items that contain any other types of gemstones originating in Burma (e.g. sapphires) such items may be imported into the United States provided that the gemstones have been mounted or incorporated into jewellery outside of Burma and provided that the setting is not of a temporary nature (e.g. a string).

(e) Lots of Iranian origin

Some countries prohibit or restrict the purchase and/or import of Iranian-origin works of conventional craftsmanship (works that are not by a recognised artist and/or that have a function, for example: bowls, ewers, tiles, ornamental boxes). For example, the USA prohibits the import of this type of property and its purchase by US persons (whereas local laws in other countries, such as Canada, only permit the import of this property in certain circumstances). As a convenience to buyers, Christie's indicates under the title of a lot if the lot originates from Iran (Persia). It is your responsibility to ensure you do not bid on or import a lot in contravention of the sanctions or trade embargoes that apply to you.

(f) Gold

Gold of less than 18ct does not qualify in all countries as 'gold' and

may be refused import into those countries as 'gold'.

(g) Jewellery over 50 years old

Under current laws, jewellery over 50 years old which is worth £34,000 or more will require an export licence which we can apply for on your behalf. It may take up to eight weeks to obtain this export jewellery licence.

(h) Watches

(i) Many of the watches offered for sale in this catalogue are pictured with straps made of endangered or protected animal materials such as alligator or crocodile. These lots are marked with the symbol – in the catalogue. These endangered species straps are shown for display purposes only and are not for sale. Christie's will remove and return the strap prior to shipment from the sale site. At some court proceedings, Christie's has, at its discretion, made the displayed endangered species strap available to the buyer of the lot free of charge collected in person from the sale site within one year of the date of the sale. Please check with the department for details on a particular lot. For all symbols and other markings referred to in paragraph H2, please note that lots are marked as a convenience to you, but we do not accept liability for errors or for failing to mark lots.

I OUR LIABILITY TO YOU

(a) We give no warranty in relation to any statement made, or information given, by us or our representatives or employees, about any lot other than as set out in the **authenticity warranty** and, as far as we are allowed by law, all **warranties** and other terms which may be added to this agreement by law are excluded. The seller's **warranties** contained in paragraph E1 are their own and we do not have any liability to you in relation to those **warranties**.

(b) We are not responsible to you for any reason (whether for breaking this agreement or any other matter relating to your purchase of, or bid for, any lot) other than in the event of fraud or fraudulent misrepresentation by us or other than as expressly set out in these Conditions of Sale; or

(c) We give any representation, **warranty** or guarantee or assume any liability of any kind in respect of any lot with regard to its merchantability, fitness for a particular purpose, description, size, quality, condition, attribution, authenticity, rarity, importance, medium, provenance, exhibition history, literature, or historical relevance. Except as required by local law, any **warranty** of any kind is excluded by this paragraph.

(d) In particular, please be aware that our written and telephone bidding services, Christie's LIVE™, **condition** reports, currency converter and saleroom video screens are free services and we are not responsible to you for any error (human or otherwise), omission or breakdown in these services.

(e) We have no responsibility to any person other than a buyer in connection with the purchase of any lot.

(f) If, in spite of the terms in paragraphs (a) to (d) or E2(i) above, we are found to be liable to you for any reason, we shall not be obliged to pay more than the purchase price paid by you to us. We will not be responsible to you for any reason for loss of profits or business, loss of opportunity or value, expected savings or interest, costs, damages, or expenses.

J OTHER TERMS

1 OUR ABILITY TO CANCEL

In addition to the other rights of cancellation contained in this agreement, we can cancel a sale of a lot if we reasonably believe that completing the transaction is, or may be, unlawful or that the sale will place us or the seller under any liability to anyone else or may damage our reputation.

2 RECORDINGS

We may videotape and record proceedings at any auction. We will keep any personal information confidential, except to the extent disclosure is required by law. However, we may, through this process, use or share these recordings with another Christie's Group company and marketing partners to analyse our customers and to help us to tailor our services for buyers. If you do not want to be videotaped, you may make arrangements to make a telephone or written bid or bid on Christie's LIVE™ instead. Unless we agree otherwise in writing, you may not videotape or record proceedings at any auction.

3 COPYRIGHT

We own the copyright in all images, illustrations and written material produced by or for us relating to a lot, including the contents of our catalogues unless otherwise noted in the catalogue. You cannot use them without our prior written permission. We do not offer any guarantee that you will gain any copyright or other reproduction rights to the lot.

4 ENFORCING THIS AGREEMENT

If a court finds that any part of this agreement is not valid or is illegal or impossible to enforce, that part of the agreement will be treated as being deleted and the rest of this agreement will not be affected.

5 TRANSFERRING YOUR RIGHTS AND RESPONSIBILITIES

You may not grant a security over or transfer your rights or responsibilities under these terms on the contract of sale with the buyer unless we have given our written permission. This agreement will be binding on your successors or estate and anyone who takes over your rights and responsibilities.

6 TRANSLATIONS

If we have provided a translation of this agreement, we will use this original version in deciding any issues or disputes which arise under this agreement.

7 PERSONAL INFORMATION

We will hold and process your personal information and may pass it to another Christie's Group company for use as described in, and in line with, our privacy policy at www.christies.com.

8 WAIVER

No failure or delay to exercise any right or remedy provided under these Conditions of Sale shall constitute a waiver of that or any other right or remedy, nor shall it prevent or restrict the further exercise of that or any other right or remedy. No single or partial exercise of such right or remedy shall prevent or restrict the further exercise of that or any other right or remedy.

9 LAW AND DISPUTES

This agreement, and any non-contractual obligations arising out of or in connection with this agreement, or any other rights you may have relating to the purchase of a lot will be governed by the laws of England and Wales. Before we or you start any court proceedings (including in the limited circumstances where the dispute, controversy or claim is related to proceedings brought by someone else and this dispute could be joined to those proceedings), we agree we will each try to settle the dispute by mediation following the Centre for Effective Dispute Resolution (CEDR) Model mediation Procedure. We will use a mediator affiliated with CEDR who you and you agree to. If the dispute is not settled by mediation, you agree for our benefit that the dispute will be referred to and dealt with exclusively in the courts of England and Wales. However, we will have the right to bring proceedings against you in any other court.

IMPORTANT NOTICES

CHRISTIE'S INTEREST IN PROPERTY CONSIGNED FOR AUCTION

△ Property Owned in part or in full by Christie's

From time to time, Christie's may offer a **lot** which it owns in whole or in part. Such property is identified in the catalogue with the symbol △ next to its **lot** number.

o Minimum Price Guarantees

On occasion, Christie's has a direct financial interest in the outcome of the sale of certain lots consigned for sale. This will usually be where it has guaranteed to the Seller that whatever the outcome of the auction, the Seller will receive a minimum sale price for the work. This is known as a minimum price guarantee. Where Christie's holds such financial interest we identify such **lots** with the symbol o next to the **lot** number.

◆ Third Party Guarantees/Irrevocable bids

Where Christie's has provided a Minimum Price Guarantee it is at risk of making a loss, which can be significant, if the **lot** fails to sell. Christie's therefore sometimes chooses to share that risk with a third party. In such cases the third party agrees prior to the auction to place an irrevocable written bid on the **lot**. The third party is therefore committed to bidding on the **lot**, even if there are no other bids, buying the **lot** at the level of the written bid unless there are any higher bids. In doing so, the third party takes on all or part of the risk of the **lot** not being sold. If the **lot** is not sold, the third party may incur a loss. **Lots** which are subject to a third party guarantee arrangement are identified in the catalogue with the symbol ◆.

The third party will be remunerated in exchange for accepting this risk based on a fixed fee if the third party is the successful bidder or on the final hammer price in the event that the third party is not the successful bidder. The third party may also bid for the **lot** above the written bid. Where it does so, and is the successful bidder, the fixed fee for taking on the guarantee risk may be netted against the final purchase price.

Third party guarantors are required by us to disclose to anyone they are advising their financial interest in any **lots** they are guaranteeing. However, for the avoidance of any doubt, if you are advised by or bidding through an agent on a **lot** identified as being subject to a third party guarantee you should always ask your agent to confirm whether or not he or she has a financial interest in relation to the **lot**.

Other Arrangements

Christie's may enter into other arrangements not involving bids. These include arrangements where Christie's has given the Seller an Advance on the proceeds of sale of the **lot** or where Christie's has shared the risk of a guarantee with a partner without the partner being required to place an irrevocable written bid or otherwise participating in the bidding on the **lot**. Because such arrangements are unrelated to the bidding process they are not marked with a symbol in the catalogue.

Bidding by parties with an interest

In any case where a party has a financial interest in a **lot** and intends to bid on it we will make a saleroom announcement to ensure that all bidders are aware of this. Such financial interests can include where beneficiaries of an Estate have reserved the right to bid on a **lot** consigned by the Estate or where a partner in a risk-sharing arrangement has reserved the right to bid on a **lot** and/or notified us of their intention to bid.

Please see <http://www.christies.com/financial-interest/> for a more detailed explanation of minimum price guarantees and third party financing arrangements.

Where Christie's has an ownership or financial interest in every **lot** in the catalogue, Christie's will not designate each **lot** with a symbol, but will state its interest in the front of the catalogue.

POST 1950 FURNITURE

All items of post-1950 furniture included in this sale are items either not originally supplied for use in a private home or now offered solely as works of art. These items may not comply with the provisions of the Furniture and Furnishings (Fire) (Safety) Regulations 1988 (as amended in 1989 and 1993, the 'Regulations'). Accordingly, these items should not be used as furniture in your home in their current condition. If you do intend to use such items for this purpose, you must first ensure that they are reupholstered, restuffed and/or recovered (as appropriate) in order that they comply with the provisions of the Regulations.

No warranty is made that any clock is in working order and nothing in the catalogue description of any Lot should be taken as implying such. Neither should the description of any Lot be taken as indicating the absence of restoration or repair or to be a statement as to the condition of the Lot or the state of conservation.

Not all clocks are sold with pendulums, weights or keys; please refer to the catalogue text for details of what is sold with each lot.
