CHRISTIE'S

IMPORTANT INFORMATION FOR BUYERS

*** BUYERS OF IMPORTED OBJECTS COLLECTED OR SHIPPED WITHIN THE GCC (BAHRAIN, KUWAIT, OMAN, QATAR, SAUDI ARABIA, UAE) ARE SUBJECT TO A 5% IMPORT DUTY ON THE LOW ESTIMATE (IDENTIFIED BY THE SYMBOL * IN THE CATALOGUE).**

For GCC buyers, please note that duty is paid at origin (in Dubai) and not in the importing country. As such, duty paid in Dubai is treated as final duty payment as per GCC's custom laws.

For non-GCC buyers, import duty will not apply provided that shipment/delivery is arranged through Christie's shipper. Christie's cannot guarantee that import duty will not be levied should clients choose to arrange delivery through their own carriers.

All objects offered for sale and identified without the symbol * in the catalogue are duty exempt if bought by and shipped to UAE residents.

In any case, property sold at auction may be subject to import restrictions/taxes of foreign countries. It is the buyers' responsibility to obtain any relevant import licenses into the buyers' own countries of residence.

For further information on Buying at Christie's please see the back of this catalogue or www.christies.com.

MOVADO & HEUER
STEEL CHRONOGRAPH

Designed by Piquerez, the Camaro through its cushion-shaped case was the predecessor of the celebrated Monaco model. Launched in 1968, the present chronograph was manufactured until 1972 and came in various color combinations. Considered as a key chronograph of the firm, the Camaro's popularity continues to grow amongst collectors.

12
MOVADO. A STAINLESS STEEL CHRONOGRAPH WRISTWATCH

SIGNED MOVADO, SUB-SEA, CASE NOS. 437 AND 19'038, CIRCA 1950

Movement: Manual, 17 jewels

Dial: Black, Arabic numerals, three subsidiary dials for constant seconds, 30 minutes and 12 hour register

Case: Stainless steel, stepped bezel, screw back, two round chronograph buttons in the band, 35 mm diam.

Strap/buckle: Black *Associated* leather strap

\$3,000-5,000

AED11,000-18,000

13
HEUER. AN ATTRACTIVE STAINLESS STEEL CUSHION-SHAPED CHRONOGRAPH WRISTWATCH WITH DATE

SIGNED HEUER, CAMARO, SWISS, REF. 7843, CASE NO. 140'896, CIRCA 1969

Movement: Manual, Caliber 7732, 17 jewels

Dial: Dark grey, baton numerals, two engine-turned sunken subsidiary dials for constant seconds and 30 minute register, date

Case: Stainless steel cushion-shaped, screw back, two round chronograph buttons in the band, 37 mm wide

Strap/buckle: Brown *unsigned* leather strap, stainless steel *unsigned* buckle

\$3,000-5,000

AED11,000-18,000

THE PROPERTY OF A GENTLEMAN

•14

LEMANIA. A RARE STAINLESS STEEL AUTOMATIC CHRONOGRAPH PROTOTYPE WRISTWATCH WITH DATE
SIGNED LEMANIA, CIRCA 1980

Movement: Automatic, Caliber 1377, 33 jewels
Dial: Black matte, dot and Arabic numerals, date
Case: Stainless steel tonneau-shaped, screw back, two chronograph buttons in the band, 38.5 mm wide
Strap/buckle: Brown leather strap, stainless steel *unsigned* buckle

\$5,000-8,000

AED19,000-29,000

The present watch is part of an extremely limited prototype production run of around 20 watches fitted with the Lemania automatic flyback chronograph calibre 1377. In the 1990s, Breguet acquired the right to the movement and used it, without the date function, in its Type XX chronographs. Consequently, these Lemania prototypes are not only the only other occurrence of this movement in the entire history of horology, but furthermore the earliest appearance of it in a working wristwatch, ever.

The present watch, offered in outstanding condition, with pristine dial and unpolished case, is number 17 of this rarified production.

-15
UNIVERSAL GENEVE. A FINE STAINLESS STEEL TRIPLE CALENDAR CHRONOGRAPH WRISTWATCH WITH MOON PHASES

SIGNED UNIVERSAL GENEVE, REF. 22297/1, CIRCA 1955

Movement: Manual, Caliber 281, 17 jewels

Dial: Silvered, four engine-turned dials for date with moon phases, constant seconds, 30 minute and 12 hour register, day and month in English

Case: Stainless steel, screw back, two round chronograph buttons in the band, 35 mm diam.

Strap/buckle: Brown *Associated* snakeskin strap, steel unsigned buckle

\$4,000-6,000

AED15,000-22,000

16
UNIVERSAL GENEVE. A STAINLESS STEEL TRIPLE CALENDAR CHRONOGRAPH WRISTWATCH WITH MOON PHASES

SIGNED UNIVERSAL GENEVE, TRI-COMPAX, REF. 222100/1, CASE NO. 2'322'390, CIRCA 1970

Movement: Manual, Caliber 281, 17 jewels

Dial: Silver brushed, gilt baton numerals, four engine-turned subsidiary dials for date, constant seconds, 30 minute and 12 hour registers, window for day and month in French, moon phases

Case: Stainless steel, screw back, two round chronograph buttons in the band, 35 mm diam.

Bracelet/clasp: Stainless steel *Universal Geneve/Gay Freres* bracelet and deployant clasp, overall length of approximately 193 mm or 7.59 inches

\$4,000-6,000

AED15,000-22,000

The Space-Compax is the under-water version of the Compax. With its armoured push-buttons and hermetic winding crown, it is waterproofed to withstand pressures of 25 atmospheres, or 750 feet. It is designed primarily for diving and aquatic sports. The revolving bezel provides a constant check on dive duration and enables calculation of decompression levels.

THE PROPERTY OF A PRIVATE COLLECTOR

The Tru-Beat ref. 6556 was introduced into the market in 1954, fitted with calibre 1040, a modified and more sophisticated version of the well-known calibre 1030. Aesthetically similar to a normal Oyster Perpetual, the major difference of the model was the dead beat sweep seconds hand: instead of continuously sweeping on the dial, the second hand stops at each seconds mark before jumping to the next one, performing exactly like the hands of an analogue quartz watch.

Dead beat watches were already made in the early days of watchmaking and have always been considered as the symbol for a very finely engineered watch. At the time of its introduction however, this particularity did not enjoy much success and consequently the production of the Tru-Beat was discontinued after five years.

PROVENANCE:

Lot 217, *Revolution: The Evolution of the Rolex Sport Watch*, New York, 17 April 2008

Launched in 1971, the reference 1665 'Oyster Perpetual Date Sea-Dweller' was the first professional wristwatch waterproof to 610m and equipped with a helium escape valve. Featuring a date function, the reference did not have a Cyclops lens due to the thickness of its crystal.

Nicknamed the 'Great White', the present timepiece is part of the reference 1665 Sea Dweller with all white printed dial and no 'Submariner 2000' script. The dial is in excellent overall condition with MK1 script and features numerals bearing an attractive and warm patina. The case of the wristwatch is very well preserved and retains sharp edges. The timepiece is furthermore offered with its warranty and accessories.

\$5,000-7,000 AED19,000-25,000

Released in 2003 at the Basel fair,
the Rolex reference 16610LV was
manufactured to commemorate the
50th anniversary of the Submariner
model. Made in stainless steel and
allied with the reputable Caliber 3135,
the timepiece differs from the 16610
reference through its attractive green
bezel and its dial. Later replaced in 2010
by the all green Submariner reference
116610LV, the timepiece is now actively
sought-after by enthusiasts of the brand
and has increased in collectability.

Offered in mint condition, the timepiece
displays sharp edges to its case and
is furthermore offered with all its
accessories. Highly attractive, the
present wristwatch represents a key
opportunity for collectors.

Case: Stainless steel tonneau-shaped, bezel calibrated for 400 units, screw back, inside case back stamped 16500, screw down crown, two screw down chronograph buttons in the band, 39 mm diam.
Bracelet/clasp: Stainless steel *Rolex Oyster* bracelet and deployant clasp, overall length of approximately 180 mm or 7.08 inches
Accompanied by a Rolex service invoice

\$10,000-15,000

AED37,000-55,000

Acclaimed reference of the Rolex Daytona collection, the present timepiece is offered in excellent overall condition. Adding to the collectible appeal of the chronograph, the wristwatch was manufactured with a beautiful white dial with sought after "inverted six".

Appearing on dials of the reference 16520 as late as 1995, the "inverted six" defect occurs when the chronograph hour register features a "6" inverted and appearing as a "9".

(detail of the dial)

The present watch is a highly attractive example of the reference 6234. Featuring a highly attractive dial and well preserved case, the chronograph precedes the Cosmograph Daytona series and is one of Rolex's most sought-after timepieces. Combining a sporty look with elegant flair, the present timepiece is offered with a Rolex original guarantee.

Examples of the reference 6234 are illustrated in *100 Superlative Rolex Watches* by John Goldberger, pp. 120-127, as well as in *I Cronografi Rolex - La Leggenda*, Pucci Papaleo Editore, pp. 254-276

***36**

ROLEX. A VERY RARE AND EXTREMELY ATTRACTIVE STAINLESS STEEL CHRONOGRAPH WRISTWATCH WITH PANDA PAUL NEWMAN DIAL, BRACELET, WARRANTY AND BOX

SIGNED ROLEX, OYSTER COSMOGRAPH, REF. 6263, CASE NO. 3'031'248, CIRCA 1971

Movement: Manual, Caliber 727, 17 jewels

Dial: White matte, applied square numerals with luminous accents, outer fifth of a second divisions on a sunken black track, three sunken engine-turned black subsidiary dials for constant seconds, 12 hour and 30 minute registers

Case: Stainless steel tonneau-shaped, black bezel calibrated for 200 units per hour, screw back, inside case back stamped 6262, screw down crown, two screw down round chronograph buttons in the band, 37.5 mm diam.

Bracelet/clasp: Stainless steel *Rolex Oyster* bracelet stamped 257 7835 19 to the endlinks and clasp stamped 4 71, overall length of approximately 185 mm or 7.28 inches

Accompanied by: A *Rolex* blank Guarantee, product literature, retailer guarantee, receipts, wallet and fitted presentation box.

\$150,000-250,000

AED550,000-910,000

Part of the most desirable and sought-after timepieces manufactured by Rolex, the present reference 6263 is offered in superb condition with an extremely attractive exotic 'Panda Paul Newman' dial. Adding to the rarity and collectability of the timepiece, the chronograph is offered at auction by its original owner, who meticulously kept the Rolex warranty, repair receipt dated 1974, presentation box and accessories relating to his purchase.

Of superb quality, the present chronograph distinguishes itself through the quality of its MK2 dial, retaining strong contrasts and luminescent material to the applied indexes. The stainless-steel case of the chronograph is extremely well preserved, with sharp edges, crisp and legible serial numbers as well as a case back stamped 6262. The 19 mm stainless steel 7835 folded link bracelet sporting 275 to the endlinks is furthermore in outstanding overall condition.

Introduced during the 1960s, the Rolex Cosmograph was named following the fervor surrounding outer space travel. Later bearing the inscription Daytona, due to Rolex's involvement with the celebrated International Speedway, the popularity of the chronograph soared throughout the years, leading it to become an icon and source of great fascination.

Launched in the 1970s, the reference 6263 is the sister reference of the 6265. Inheriting attributes of the earlier reference 6240, the chronograph bears the 'Oyster' designation to the upper-half of its dial and was manufactured with screw-down pushers, a screw back and screw-down crown in order to enhance water-proofness. The chronograph was further equipped with the caliber 727, replacing the caliber 722-1 of earlier references, with oscillations increased from 18,000 to 21,600 beats. Assembled with a black bezel graduated to 200 units in a steel, 14 or 18 karat gold case, it is estimated that over a 20 year period, only 24,000 examples of reference 6263 and 6265 were produced in stainless steel, and a very small percentage assembled with exotic 'Paul Newman' dials.

Originally offered to customers as an alternative, 'exotic' dials were launched with the aim of increasing the sales of the chronograph. Throughout the years, iterations of the Daytona with 'exotic' dials arose to fame when the celebrated actor 'Paul Newman' was seen wearing a Daytona chronograph with such a dial. Following their discontinuation, Rolex chronographs with 'exotic' dials have become undisputed icons in the world of vintage watch collecting, with timepieces bearing exotic 'Panda Paul Newman' dials being the most sought after and prized trophies for astute collectors.

Strap/buckle: Brown *Panerai* alligator strap, platinum buckle

\$80,000-120,000

AED300,000-440,000

In 'Like New' condition, the timepiece features a rich brown dial and a 47 mm platinum case, matching the dimensions of the original Radiomir.

Considered by many Panerai collectors as the 'grail of grails', the PAM0021 features a platinum case and a movement made by Rolex. Going back to the Panerai's produced from the 1930s to the 1950s, the timepiece was manufactured in a limited edition of only 60 pieces and represents a rare opportunity for collectors of the brand as very few are known to have come back to the market.

Panerai

Founded by Giovanni Panerai in 1860, the Florentine brand was first popular for supplying timepieces meeting the needs of the Regia Marina, the Royal Italian Navy.

In 1937, the first Radiomir watches were launched and featured a large cushion-shaped case with a width of 47 mm, wire loops, screw down crown, luminous and legible dials and hand-wound mechanisms supplied by Rolex. The bracelet was made of oiled and punched leather.

Throughout the years, watches manufactured by Panerai became highly popular and were subject to multiple technological improvements. To the delight of collectors of the brand, Panerai has stayed true to the philosophy of its founder and have kept their iconic design.

AED15,000-22,000

Following the introduction of luxury sport watches, the Overseas was Vacheron Constantin's reply to the Audemars Piguet Royal Oak and Patek Philippe Nautilus. Successor to the Vacheron Constantin model 222 designed by Jorg Hysek, the Overseas was launched in 1996 and produced until 2004. Built with a bezel reminiscent of the Maltese cross, the wristwatch allied simple and elegant designs with a robust yet elegant tonneau-shaped case of 37 mm. Offered in excellent overall condition, the present timepiece represents a rare opportunity for enthusiasts to acquire an icon of the Vacheron Constantin manufacture.

The *Vacheron Constantin Overseas* wristwatch is illustrated in the book *Vacheron Constantin - Artists of Time* by Franco Coloni pp. 177

Celebrating the iconic Mystery Clocks born from the relationship between Maurice Couet and Louis Cartier, the present timepiece allies a highly complex mechanism with elegant designs. Inspired by the popular French magician and illusionist Jean Eugene Robert-Houdin, Maurice Couet astonished the industry by creating clocks with mechanisms in their frames, enabling the hands to appear as if they were magically floating in space.

Throughout the years, Cartier perpetuated the illusion by fiercely guarding the secret behind these masterpieces, even at the expense of their own sales staff. As Hans Nadelhoffer states in his book *Cartier: Jewelers Extraordinary*, "It was not simply a matter of the name; the 'mystery clock' contained a secret that was supposed to never be revealed. Over-inquisitive salesmen at the Rue de la Paix, who tried to force explanations from the craftsmen were rebuffed. The wonder clocks guarded their secret like the Sphinx, and Cartier protected them from the eyes of prying admirers."

Mystery clocks are described and illustrated in *Cartier: Jewelers Extraordinary* by Hans Nadelhoffer, pp. 250 - 254 and in *the Cartier Collection - Timepieces*, Editions Flammarion, pp. 196-221.

AED110,000-180,000

Crafted out of a beautiful 18k white gold case, the present timepiece is offered in 'Like New' condition with all its accessories.

Created for the pioneering aviator Alberto Santos-Dumont, the timepiece was developed following an encounter between the aviator and Louis Cartier. Engineered to facilitate the access to time during flights, the Santos-Dumont wristwatch was born and followed the pilot on each of his adventures.

Highly complicated, the present timepiece encompasses a mechanical movement with tourbillon complication aiming at countering the effects of gravity on timekeeping accuracy. Crafted to the highest standard, the timepiece is further stamped by the Geneva seal, considered a guarantee of the provenance, timekeeping accuracy and quality of craftsmanship devoted towards the creation of the timepiece.

AED51,000-73,000

Invented by Abraham-Louis Breguet in 1801, the tourbillon complication was created in order to cancel the effect of terrestrial gravity affecting the accuracy of a watch. Crucial and extremely complex mechanism to take into account when developing a wristwatch, the present timepiece is furthermore built with a double retrograde complication for hours and minutes.

instruction manual.

\$25,000-45,000 AED91,000-160,000

Coveted by many, owned by a select
few, the creations of the maison *Harry
Winston* evoke passion for perfection
and extraordinary luxury.

Crafted in a beautiful 18k white gold
case studded with baguette-cut
diamonds and a pave-set mother-of-
pearl dial, the present *Harry Winston*
timepiece is offered in very good overall
condition with its certificates.

Harry Winston

From an early age, *Harry Winston*
(1896-1978) had a legendary eye and
passion for gems. He bought his first
emerald at the age of eight and early in
his career many prominent collections
including those of Arabella Huntington
and Rebecca Darlington Stoddard.
Proclaimed the King of Diamonds
in 1947 by *Cosmopolitan* magazine,
Harry Winston owned at one time or
another as many as a third of the famous
diamonds in the world.

BOUCHERON IN COLLABORATION WITH GIRARD-PERREGAUX
CREATION UNIQUE

*97

BOUCHERON. A UNIQUE AND EXCEPTIONAL 18K WHITE GOLD AND DIAMOND-SET TOURBILLON WRISTWATCH SIGNED BOUCHERON, CREATION UNIQUE, TOURBILLON SOUS TROIS PONTS D'OR, LADYHAWKE TOURBILLON, MANUFACTURE GIRARD-PERREGAUX, REF. JBT00202, CIRCA 2010

Movement: Manual, GP 9700.0A

Dial: Pink, yellow and white diamond-set, three gold bridges

Case: 18k white gold oval, back secured by six screws, diamond-set bezel, diamond-set falcon to the band encircling the watch, ruby-set crown, 31 mm wide

Bracelet/clasp: 18k white gold and diamond-set *Boucheron* bracelet and concealed clasp, overall length of approximately 190 mm or 7.5 inches

Accompanied by: A blank *Boucheron* International Guarantee, product literature, fitted presentation box and outer packaging.

\$250,000-450,000

AED910,000-1,600,000

The present unique creation is offered in 'Like New' condition with its box and accessories. Furthermore, the timepiece is set with rubies and pink, yellow, fancy and white diamonds weighing a total of approximately 26.72 carats.

Jewelry Setting:

-178 pink, yellow and white diamonds to the dial

-52 white diamonds to the bezel

-1 ruby to the crown

-547 fancy diamonds, 131 white diamonds and 2 rubies to the bracelet

Marrying jewelry and creativity, the timepiece is a unique creation representing the culminating point of the collaboration between Boucheron and Girard-Perregaux. Assembled with the highly complicated and iconic tourbillon with Three Gold Bridges, the movement provides the wristwatch with an exceptional aesthetic appeal due to its unique architecture.

With animals being a predominant source of inspiration for the Maison Boucheron, the present unique creation offers enthusiasts of 'Haute Joaillerie' a magnificent falcon embellished with precious gems. Prince of birds, messenger of gods, this majestic creature is crafted of 18k white gold and encircles the watch with elegance.

Boucheron:

Frederic Boucheron opened his first jewelry salon at the Palais Royal in 1858, and soon acquired fame as an expert in precious stones, a masterful technician and a creator of beautiful jewelry. In 1893, he was the first jeweler to set up shop at the Place Vendome, where he continued to serve the social elite, and from where the firm still operates successfully today. Over the years, the Maison Boucheron opened branches in Moscow, London, and also in Japan, the Middle and Far East.

AED79,000-91,000

The present timepiece is offered in 'Like New' condition

Tantalum is a rare metal whose color is unlike any other. It is little used in horology because it is extremely difficult to work with. Requiring very high temperatures imposed upon it in order for it to be molded and used to ones specifications, once it has been carefully adapted it is extremely durable and ultra resistant to corrosion. The gun metal color of this watch alongside the highly reflective bright blue dial makes for a very attractive combination. Furthermore, the present watch is offered in excellent overall condition.

Strap/buckle: Black *Breguet* alligator strap, platinum *Breguet* buckle

\$130,000-200,000

AED480,000-730,000

Offered in 'Like New' condition, the present timepiece was created by the Breguet manufacture to commemorate the 250th anniversary of the birth of Abraham-Louis Breguet.

Part of the most important 'Grand Complication' modern timepieces produced by Breguet, the present wristwatch features a tourbillon, minute repeater, perpetual calendar, jumping hour, retrograde date and leap year indication. Crafted

within a beautiful platinum case of contemporary design, the wristwatch is believed to be one of only 3 wristwatches made in platinum, representing a rare opportunity for passionate collectors of Breguet to own one of the most complicated timepiece ever produced by the manufacture.

Abraham-Louis Breguet (1747-1823)

Considered as the leading watchmaker of his day, Abraham-Louis Breguet is widely acknowledged for having set the standard by which all fine watchmaking has been judged ever since. Born in Neuchatel Switzerland, it was in Paris that he spent most of his productive life. Being at the origin of some of the most important breakthroughs, Breguet was credited for the development of the successful self-winding perpetuelle watches, the introduction of the gongs for repeating watches, the first shock-protection for balance pivots and the tourbillon.

Becoming an indispensable watchmaker for the scientific, military, financial and diplomatic elites of the age, his timepieces ruled the courts of Europe. For his most celebrated clients, Breguet designed exceptional timepieces and was saluted for his enormous contribution to horology. Appointed to the Board of Longitude and as chronometer-maker to the navy, he entered the Academy of Sciences and received the Legion of Honour from the hands of Louis XVIII.

~*113

GREUBEL FORSEY. AN EXCEPTIONALLY FINE AND RARE 18K WHITE GOLD 24 SECONDS INCLINED TOURBILLON WRISTWATCH WITH 72 HOUR POWER RESERVE, ORIGINAL CERTIFICATE AND BOX

SIGNED GREUBEL FORSEY, TOURBILLON 24" INCLINE, NO. 61, CASE NO. 00914, MANUFACTURED IN 2010

Movement: Manual, Caliber GF01, 36 jewels

Dial: Silvered 18k gold, Arabic and dagger numerals, five minute divisions on outer polished silvered ring, power reserve, subsidiary seconds

Case: 18k white gold asymmetrical, glazed display back secured by six screws, 44 mm diam.

Strap/buckle: Black *Greubel Forsey* alligator strap, 18k white gold *Greubel Forsey* double deployant clasp

Accompanied by: A *Greubel Forsey* Tourbillon 24 Secondes Incline No. 61 Owner's book dated 1 May 2010 and duplicate, loupe, gloves, polishing cloth, original wooden suede lined presentation box with beveled glass window and outer packaging. Furthermore delivered with *Greubel Forsey* Extrait du Grand Livre and Certificat de Grand Service. This Certificate is valid six months following the date of acquisition of the timepiece at Christie's and will provide the possibility of ordering a free service for the timepiece in *Greubel Forsey's* workshops, subject to the conditions published on the back of the Certificate.

\$140,000-240,000

AED515,000-883,000

The present "Tourbillon 24 Secondes Incline" is preserved in 'Like New' overall condition and is furthermore offered with all its accessories.

Third fundamental invention of Greubel Forsey, the manufacture crafted the present timepiece with a tourbillon mechanism inclined at a 25 degree angle, which appears detached from the gear train. Completing a rotation in just 24 seconds, the tourbillon mechanism was crafted from extremely low-density alloys, stemming from the aeronautical and aerospace industries, in order to withstand the stresses imposed by the high speed of rotation.

Characteristic of Greubel Forsey timepieces, the asymmetrical shape of the beautiful 18k white gold case enables the wearer to observe in detail the mechanism through a sapphire crystal opening in the band.

Founded by Robert Greubel and Stephen Forsey, the manufacture was created through their shared technical creativity and quest for excellence. With their deep traditional knowledge gained over four decades of combined experience, Robert and Stephen continue to build high-end complicated timepieces for the most astute collectors.

AED91,000-130,000

Consigned by an important private collector, the present watch is a prototype for this series and is numbered 0 of a limited edition of 200 examples only and is in "Like New" overall condition.

A true masterpiece of micromechanics, the *Duometre Quantième Lunaire* is a new interpretation of the revolutionary "Dual-Wing" concept, featuring two independent power reserves, one of which, in this case, is devoted solely to precise time measurement while the other takes care of the functional displays. Associated with the 'Dual-Wing' concept, the zero/reset system for seconds and the jumping stop seconds ensures accuracy to the nearest 1/6th second when setting the timepiece.

Representing the daring creativity of the *Parmigiani Fleurier* manufacture, the Bugatti Type 370 was introduced in 2004 and encompassed the first transversal movement. Taking inspiration from the world renowned supercars of the *Bugatti* manufacture, the watch features a case inspired from cars such as the *Bugatti Veyron*, introduced as a concept car in 2000. Highly complex and appealing the engine-inspired movement is revealed through five surrounding sapphire crystal displays.

RICHARD MILLE

THE PROPERTY OF AN IMPORTANT PRIVATE COLLECTOR

128

**RICHARD MILLE. AN EXTREMELY FINE AND RARE
PLATINUM LIMITED EDITION TONNEAU-SHAPED
SKELETONIZED TOURBILLON WRISTWATCH**

SIGNED RICHARD MILLE, NO. 30/30, REF. RM012 AG PT,
MOVEMENT NO. 02, CIRCA 2006

Movement: Manual, Caliber RM012, 20 jewels

Dial: Skeletonized, Arabic, dot and baton numerals

Case: Platinum tonneau-shaped, bezel secured by eight screws,
back secured by four screws, rubber clad crown, 39 mm wide

Bracelet/clasp: Black *Richard Mille* leather strap, titanium
Richard Mille double deployant clasp

\$100,000-160,000

AED370,000-580,000

Considered by Richard Mille enthusiasts as part of the grail models, the present Richard Mille RM012 timepiece is offered in "Like New" condition.

Last example of an edition of 30 only, the wristwatch is crafted with a highly attractive platinum case and complicated skeletonized tourbillon movement finished to the highest standards. Resulting from significant research on the use of advanced sophisticated materials, the RM012 offers optimal stiffness, timekeeping performance as well as resistance to thermal changes.

Richard Mille

Founded upon the three crucial elements of technical innovation, artistry and culture of fine watchmaking, Richard Mille has become a dominant player of the watch industry. With the creation the RM001 tourbillon in 2001, the manufacture stunned the watched sphere through its forward-looking approach towards its designs and use of new materials, becoming throughout the years part of the most appreciated and sought-after brands.

In excellent overall condition, the timepiece is assembled within a titanium case and features a split seconds mechanism.

Using research and highly advanced materials in order to attain optimal timekeeping performances, the present Richard Mille RM004 chronograph uses a split seconds mechanism allied with a torque and function indicator. Tackling the drawbacks of traditional chronographs, the RM004 uses a mechanism virtually eliminating the initial jump of the chronograph hand, resulting in extreme timing accuracy. Built with a torque indicator, the hand will indicate the amount of torsion required in order to ideally wind the chronograph and prevent wear to the mechanism. Through the 'W.N.H.' script on the dial the indicator will show whether the watch is in Winding, Handsetting or in Neutral mode.

Case: 18k pink gold, glazed display screw back, two round
chronograph buttons in the band, 40.5 mm diam.

Strap/buckle: Brown *Patek Philippe* alligator strap. 18k pink gold
Patek Philippe deployant clasp

Accompanied by: A *Patek Philippe* Certificate of Origin dated
29 January 2013, product literature, leather wallet and fitted
presentation box.

\$50,000-60,000

AED190,000-220,000

The present timepiece is offered in excellent overall condition.

As Patek Philippe's first self-winding timepiece allying the
chronograph and annual calendar complication, the reference
5960 quickly grasped the attention of collectors and became
one of the most popular timepieces of the manufacture.

Encompassing the Patek Philippe in-house caliber CH28-
520 IRM QA 24h made of 456 parts, the timepiece features
through its dial a day, date and month aperture, a power
reserve display and subsidiary dial for the chronograph function
with a day and night indicator.

Now discontinued, the present timepiece is offered with an
attractive dial and 18k pink gold case.

The Royal Oak Jubilee reference 14802ST was launched in
1992 to commemorate the 20th anniversary of the reference
5402ST. Produced in a limited edition of only 1000 pieces,
the present wristwatch stands out through its excellent overall
condition and sought after dial. Of the 1000 examples made,
it is estimated that 300 were cased in yellow gold and 700
timepieces were crafted of stainless steel, only 300 of the steel
version were assembled with salmon colored dial.

Founded in 1875 by Jules Audemars and Edward-August
Piguet, the Swiss manufacture known today as Audemars
Piguet is part of the rare fine watch-making companies still
held by the families of their founding partners.

One of the firm's most popular successes has been to
create the first luxury sport watch, the Royal Oak. Designed
overnight in 1972 by the widely acclaimed Gerald Genta, and
later qualified as the masterpiece of his career, the Royal Oak
secured a discerning and informed audience and became
throughout the years the emblem of the manufacture as well as
a true icon within the watch community.

Manufactured in 2002 to commemorate the 30th anniversary of the iconic Royal Oak collection, the Audemars Piguet Royal Oak Concept was considered a radical re-interpretation of the original designs of Gerald Genta.

Developed in only 150 examples, the timepiece features a skeletonized dial encompassing a complex tourbillon mechanism with a vertical in-line power reserve and dynamograph indicator. The case was the first ever to require the use of Alcarite 602, a very durable cobalt and chrome alloy from the aeronautical industry ensuring the resistance and light-weight of the timepiece.

Through its surprising design, groundbreaking case materials and strong heritage, the present timepiece represents a rare opportunity for collectors to acquire one of the most sought-after and exclusive timepiece of the Audemars Piguet manufacture.

PATEK PHILIPPE. AN ATTRACTIVE STAINLESS STEEL AUTOMATIC WRISTWATCH WITH SWEEP CENTRE SECONDS, DATE, BRACELET, ORIGINAL CERTIFICATE AND BOX

SIGNED PATEK PHILIPPE, GENEVE, NAUTILUS MODEL, REF. 3800/001, MOVEMENT NO. 1'426'344, CASE NO. 2'843'410, CIRCA 1988

Movement: Automatic, Caliber 335 SC, Geneva seal, 29 jewels

Dial: Ribbed black, applied baton numerals, sweep centre seconds, window for date

Case: Stainless steel two-part secured by four screws in the band, 37.5 mm bezel width

Bracelet/strap: Stainless steel *Patek Philippe* Nautilus bracelet with deployant clasp, overall length of approximately 190 mm or 7.48 inches

Accompanied by: A *Patek Philippe* Certificate of Origin dated 10 May 1988, product literature, leather wallet, fitted presentation box and outer packaging.

\$15,000-25,000

AED55,000-91,000

The present Patek Philippe Nautilus 3800 is in excellent overall condition with a beautifully preserved case and dial. Of increasing rarity, such reference, when offered with its original certificate and presentation box, is considered highly collectible.

Throughout a production period of approximately 25 years, the reference 3800/001 can be decomposed between four series:

1st Series until 1988: Calibre 335 SC starting with approximately movement 1'420'000 featuring 28'800 oscillations per minute, 3.35 mm thickness, 29 jewels, note the skeleton Calatrava cross on the rotor which is specific to the 1st series calibre.

2nd Series until 1992: Calibre 335SC featuring an improved date corrector system starting with approximately movement no. 1'426'600, 28'800 oscillations per minute, 3.35 mm thickness, 29 jewels

3rd series until 1997: Calibre 330 134 (330 SC) starting with approximately movement no. 1'930'000, 28'800 oscillations per minute, 3.35 mm thickness, 29 jewels

4th series until 2006: Calibre 330 194 (330 SC) starting with approximately movement no: 3'020'000, 21'600 oscillations per minute, 3.35 mm thickness on the first pieces produced featured 29 jewels, most of them counted 30 jewels.

Reference 3800/001 and calibre 335 SC are illustrated in *Patek Philippe Wristwatches* by M. Hubert & A. Banbery, p. 181.

confirming date of sale on 15 June 1981

\$20,000-30,000

AED73,000-110,000

Highly coveted by collectors, the reference 3700/1 was designed by Gerald Genta, one of the most celebrated designers of the 20th century. Launched at the Basel fair on the 3rd of March 1976, the timepiece shocked the prevailing school of thought where luxury timepieces had to be cased of gold and of conservative size. Named *Nautilus* in honor of Captain Nemo's submersible craft from Jules Verne's novel *Twenty Thousand Leagues under the sea*, the timepiece soon questioned the very nature of what constituted the value of a

watch, as it no longer had to be made of precious metal and its value could be judged by factors such as workmanship, style, fitness for purpose and brand association.

Manufactured from 1976, the Reference 3700/1 was assembled with the caliber 28-225, considered as part of the greatest calibers produced. Based on the Jaeger-LeCoultre caliber 920 of 1967, it was regarded as one of the most beautiful and refined automatic movements ever manufactured, and corresponded perfectly to the *Nautilus* timepiece through its elegance and slim nature.

Created by Stern Frères, the dial of the reference 3700/1 was entirely handmade and had to be painted alternately in black and blue color and later sprayed with a 'Zapon' varnish finish. The indexes and hands were made of gold and filled with luminescent material. At 6 o'clock, the Swiss script was flanked on each side by the 'Aprior' mark of two sigma symbols, recognized as the mark applied on dials made of solid gold or at least crafted with solid gold indexes.

The cases of the reference 3700/1 were crafted by Favre-Perret SA until 1981, when production was transferred to Patek Philippe's own Aterliers Reunis workshops. Comprising of two parts, the bezel and the main body, each were separated by a rubber seal compressing when subject to increased water pressure and therefore forming a highly efficient watertight seal.

PATEK PHILIPPE. A FINE AND VERY RARE 18K GOLD, DIAMOND AND SAPPHIRE-SET AUTOMATIC WRISTWATCH SWEEP CENTRE SECONDS, DATE AND BRACELET

SIGNED PATEK PHILIPPE, NAUTILUS MODEL, REF. 3800/108, MOVEMENT NO. 1'426'163, CASE NO. 2'824'037, MANUFACTURED IN 1988

Movement: Automatic, Caliber 335 SC, Geneva seal, 29 jewels
Dial: Pavé-set diamond, sapphire-set numerals, sweep centre seconds, date

Case: 18k gold of typical form, pavé-set diamond bezel and ends, 37 mm wide

Bracelet/clasp: 18k gold and pavé-set diamond *Patek Philippe* bracelet and deployant clasp, overall length of approximately 180 mm or 7.1 inches

Accompanied by: A *Patek Philippe* Extract from the Archives confirming date of sale on 17 June 1988

\$64,000-103,000

AED240,000-370,000

The present Patek Philippe Nautilus reference 3800/108 is offered in mint overall condition with a beautifully diamond-set bezel, dial and bracelet. Bestowed with highly appealing baguette-cut sapphire hour markers of the highest quality, the timepiece is set with approximately 220 diamonds weighing a total of 7.00 carats.

Available from 1981 to 2006, the Nautilus reference 3800 was crafted with a case measuring 37 mm and featured a sweep centre seconds hand, date and metallic bracelet. Throughout its production period, the reference 3800 was offered in a large array of styles, with cases made of steel, steel and gold, yellow, pink and white gold and platinum. Part of the rarest and most lavish iterations of the model, the present timepiece was made in extremely scarce amount, exemplifying the skills of Patek Philippe watchmakers and once more redefining what was commonly accepted as a 'sports watch'.

Built in a highly attractive and slender 18k gold case allied with the reputable 1556 caliber mechanism, the beauty of the present timepiece can be appreciated through its magnificent intact and vibrant green colored 'Lacquered Stella' dial.

Originally intended for the Middle East market, the Rolex Day-Date 'Lacquered Stella' were produced during the 1970s, identified as timepieces with special Lacquered dials and produced in limited numbers. Highly collectible and rare, these timepieces were crafted with powerful colors and quickly became part of the most collectible Day-Dates.

Created during a period where the watch industry was challenged by the appearance of the Quartz wristwatch, Rolex decided to innovate by creating a series of dials with a multitude of colors. Reflecting the vibrant fashion style of the period, the Day-Date 'Stella' can be considered as one of the most playful Rolex timepiece ever produced.

ROLEX. A RARE 18K GOLD AUTOMATIC WRISTWATCH WITH SWEEP CENTRE, DAY, DATE AND BRACELET, MADE FOR THE KINGDOM OF SAUDI ARABIA

SIGNED ROLEX, OYSTER PERPETUAL, DAY-DATE, REF. 1807, CASE NO. 3'943'693, CIRCA 1975

Movement: Automatic, Caliber 1558, 26 jewels

Dial: Silvered brushed with green emblem of the Kingdom of Saudi Arabia, baton numerals, sweep centre seconds, aperture for day in Arabic, magnified window for date in Arabic

Case: 18k gold tonneau-shaped, bark finished bezel, screw back, inside case back stamped 1803, screw down crown, 36 mm diam.

Bracelet/clasp: 18k gold *Rolex President* bracelet with bark-finished central link, overall length of approximately 190 mm or 7.48 inches

\$17,000-20,000

AED62,000-73,000

The present reference 1803 is a very rare example of the much-sought after "Stella" dial series made for the Sultanate of Oman, the case back stamped by the renowned retailer Asprey in London.

It is distinguished by the burgundy lacquered dial with diamond indexes, a most elegant variant, and the calendar indications in Arabic scripture, both for day and for date. Another noteworthy feature is the lack of the Khanjar dagger or the Sultan's signature, normally found on watches made by special order for the Sultanate.

The excellent, original overall condition furthermore enhances the appeal of this rare Day-Date.

Accompanied by: A *Rolex* sales tag and fitted
presentation box and outer packaging

\$60,000-80,000 AED220,000-290,000

Offered in pristine overall condition, the
present reference is part of the rarest
jewellery-set iterations of the Rolex Daytona
chronograph. Crafted out of 18k gold, the
timepiece participated in defying the idea
that sport-watches were bound to be
manufactured in steel.

Manufactured with the now legendary Zenith
'El Primero' movement, Rolex's first automatic
movement, the chronograph is bestowed with
a magnificent diamond-set dial with emeralds
set in yellow gold chatons. Alluding to previous
jewellery-set references such as the now iconic
reference 6270, the chronograph epitomizes the
savoir-faire of the Rolex manufacture.

The first automatic Daytona chronograph:

Announced in 1988 during the Basel spring
fair, the Rolex Daytona 16520 marks an
important change in the history of the
chronograph. Discontinuing the manual
Valjoux 727 movement, Rolex decided to use
a highly modified Zenith El Primero automatic
movement renamed Caliber 4030. Upon its
release, the reference 16520 became an instant
success throughout the globe and commanded
important waiting lists. With the production of
the reference officially stopping in 2000, the
chronograph is now highly sought after
by collectors.

Warranty dated October 2008,
warranty manual, cloth, sales tag,
leather folder, fitted presentation box
and outer packaging.

\$80,000-120,000
AED300,000-440,000

Offered in mint overall condition with
International Warranty card, sales
tag and box, the present Daytona
chronograph impresses through the
quality of the gem-setting to its case
and dial. Studded with approximately 54
calibre-cut diamonds to its case as well
as a pave-set diamond dial with enamel
Arabic numerals, the wristwatch displays
the talent and level of skills of Rolex
towards the creation of such technically
challenging and lavishly-set timepieces.

Marking an important turning point
for the Daytona chronograph the
reference 116500 was introduced in
2000. Offering several innovations
through the appearance of the new
in-house Rolex Caliber 4130, the watch
was thinner than previous Daytona
models and furthermore encountered
dial changes. In an effort to improve
legibility, both subsidiary registers at 3
and 9 o'clock moved slightly upwards,
the constant seconds register moved
to 6' o'clock and the size of the hour
and minute hand increased.

A. LANGE & SHONE
DATOGRAPH FLYBACK HIGH JEWELLERY

The present Datograph Flyback is preserved in excellent overall condition with its accessories. Very rare, such jewelry-set iterations of the reference are pursued by the most exigent collectors.

The Datograph Flyback was introduced at the 1999 Baselworld, and featured a precise jumping minute counter and patented oversized date display. The jumping minute counter allows for easy reading of the stopped time, and the flyback function allows the chronograph to be instantaneously reset to zero during an ongoing measurement by pressing the reset chronograph button.

\$40,000-65,000

AED150,000-240,000

The present timepiece is offered in 'Like New' condition with a magnificent NTPT carbon tonneau-shaped case and skeletonized movement.

Resulting from extensive research and the use of new materials, the Richard Mille RM35-01 wristwatch perpetuates the tradition of highly technical and extremely light wristwatches bearing the name of the acclaimed tennis sportsman Rafael Nadal. By developing the RM027, the lightest mechanical tourbillon wristwatch, the manufacture marked the industry by offering a timepiece assembled with ground breaking materials enabling it to weight only 18 grams.

Also bearing the name of the famed tennis player, the present timepiece represents the latest evolution of the RM35 wristwatch and participates in proving that it is possible to create an ultra-light and highly-complex mechanism able to withstand extreme conditions at the highest-level of competition.

With a case made of NTPT carbon and secured by spline screws in grade 5 titanium, the timepiece provides a unique appearance, while being assembled with the rigorously tested and highly accurate RMUL3 caliber, guarantee for reliability and adaptability to various situations

Rafael Nadal

Born in 1986 in Mallorca, Spain, Rafael Nadal became a professional tennis player at 15 years old. At age 19, Nadal won the 2005 Roland-Garros open the first time he competed in the tournament, which was to be the first of his nine French Open Singles titles. Nicknamed 'The King of Clay', the Spanish player is known for his physical style of play and tenacity.

Strap/buckle: Black Patek Philippe alligator strap, 18k gold Patek Philippe buckle

Accompanied by: A Patek Philippe Certificate of Origin dated 24 October 1994, product literature, setting pin, fitted presentation winding box and outer packaging.

\$25,000-35,000

AED91,000-130,000

Characterized by its timeless elegance, the present timepiece can be considered as the quintessential perpetual calendar. Manufactured between 1984 and 2007, the 3940 was created as a replacement for the reference 3450. Crafted in a slim gold case of undeniable appeal, the reference was at the time the slimmest automatic perpetual calendar wristwatch.

Produced in four series, The main design variants include sunken subsidiary dials as opposed to the rather beveled version, as well as a plain leap year dial instead of dials including quarter separations. Early examples bear a small signature to their dial and the designation "Swiss" was printed underneath the beady minute divisions.

In excellent overall condition, the present timepiece features a highly attractive gold case, with crisp hallmarks to its edges. The elegant silvered dial is characterized with three subsidiary dials displaying the day, month, date, leap year, moon phases as well as 24 hour indication.

Examples of reference 3940, both regular and the Chronometrie Beyer anniversary version, are illustrated and described in Patek Philippe Museum - Patek Philippe Watches - Volume II, p. 300, and in Patek Philippe Wristwatches by Martin Huber & Alan Banbery, second edition, pp 292 - 294.

PATEK PHILIPPE
REF. 2499/100, FOURTH SERIES

-184

PATEK PHILIPPE. AN EXTREMELY FINE AND RARE 18K GOLD PERPETUAL CALENDAR CHRONOGRAPH WRISTWATCH WITH MOON PHASES, ORIGINAL CERTIFICATE AND BOX

\$400,000-600,000

AED1,500,000-2,200,000

Widely acknowledged as one of the world's greatest watch models ever created, reference 2499 has undoubtedly strongly influenced the designs of many of the most renowned watchmakers. Introduced to the market in 1950, it replaced the legendary reference 1518, the world's first perpetual calendar wristwatch with chronograph made in series.

Over a period of 35 years, reference 2499 was made in four series in a total production of only 349 pieces, the majority cased in yellow gold. The rarity of this model becomes evident when considering that an annual average of only 9 watches left Patek Philippe's workshops.

Produced from 1980 to 1985, the reference 2499/100 fourth series is considered by many as being the last true vintage perpetual calendar chronograph made by Patek Philippe. Built in an 18k gold case and allied to a highly attractive dial, the timepiece is preserved in excellent overall condition. Completed with its original certificate and presentation box, such timepieces are considered extremely rare opportunities for astute collectors to acquire such a legendary reference.

Reference 2499 is generally divided into the following four series:

- First series: square chronograph buttons, applied Arabic numerals and tachymetre scale
- Second series: round chronograph buttons, either applied baton or applied Arabic numerals and tachymetre scale
- Third series: round chronograph buttons, applied baton numerals and outer seconds divisions
- Fourth series, the present watch: round chronograph buttons, applied baton numerals, outer seconds divisions and sapphire crystal

Detail of lot175

IMPORTANT NOTICES AND EXPLANATION OF CATALOGUING PRACTICE

IMPORTANT NOTICES

CHRISTIE'S INTEREST IN PROPERTY CONSIGNED FOR AUCTION

From time to time, Christie's may offer a lot which it owns in whole or in part. Such property is identified in the catalogue with the symbol **Δ** next to its lot number.

On occasion, Christie's has a direct financial interest in lots consigned for sale, which may include guaranteeing a minimum price or making an advance to the consignor that is secured solely by consigned property. Such property is identified in the catalogue with the symbol **◦** next to the lot number. This symbol will be used both in cases where Christie's holds the financial interest on its own, and in cases where Christie's has financed all or part of such interest through third parties. When a third party agrees to finance all or part of Christie's interest in a lot, it takes on all or part of the risk of the lot not being sold, and will be remunerated in exchange for accepting this risk. The third party may also bid for the lot. Where it does so, and is the successful bidder, the remuneration may be netted against the final purchase price. If the lot is not sold, the third party may incur a loss. Where Christie's has an ownership or financial interest in every lot in the catalogue, Christie's will not designate each lot with a symbol, but will state its interest at the front of the catalogue.

In this catalogue, if property has **◊♦** next to the lot number, Christie's guarantee of a minimum price has been fully financed through third parties.

ALL DIMENSIONS AND WEIGHTS ARE APPROXIMATE ONLY

CONDITION REPORTS

Christie's catalogues include references to condition only in descriptions of multiple works (such as prints, books and wine). For all other property, only alterations or replacement components are listed. Please contact the Specialist Department for a condition report on a particular lot.

Condition reports are provided as a service to interested clients. Prospective buyers should note that descriptions of property are not warranties and that each lot is sold "as is".

LOTS OFFERED WITHOUT RESERVE

Please note that all lots highlighted with **red titles** in this sale are offered "Without Reserve". These items will be sold to the highest bidder, regardless of the pre-sale estimate printed in the catalogue. We hope that you will find this visual presentation helpful.

REGARDING THE EXPORT OF WATCH BANDS INCORPORATING MATERIALS FROM ENDANGERED SPECIES

Many of the watches offered for sale in this catalogue are pictured with straps made of endangered or protected animal materials such as alligator or crocodile. These lots are marked with the symbol **-** in the catalogue. These endangered species straps are shown for display purposes only and are not for sale. Christie's will remove and retain the strap prior to shipment from the sale site. At some sale sites, Christie's may at its discretion make the displayed endangered species strap available to the buyer of the lot free of charge if collected in person from the sale site within 1 year of the date of the sale. Please check with the department for details on a particular lot.

For all symbols and other markings, please note that lots are marked as a convenience to you, but we do not accept liability for errors or for failing to mark lots.

PROPERTY INCORPORATING MATERIALS FROM ENDANGERED AND OTHER PROTECTED SPECIES

Property made of or incorporating (irrespective of percentage) endangered and other protected species of wildlife are marked with the symbol **-** in the catalogue. Such material includes, among other things, ivory, tortoiseshell, crocodile skin, rhinoceros horn, whale bone and certain species of coral, together with Brazilian rosewood. Prospective purchasers are advised that several countries prohibit altogether the importation of property containing such materials, and that other countries require a permit (e.g., a CITES permit) from the relevant regulatory agencies in the countries of exportation as well as importation. Accordingly, clients should familiarise themselves with the relevant customs laws and regulations prior to bidding on any property with wildlife material if they intend to import the property into another country. Please note that it is the client's responsibility to determine and satisfy the requirements of any applicable laws or regulations applying to the export or import of property containing endangered and other protected wildlife material. The inability of a client to export or import property containing endangered and other protected wildlife material is not a basis for cancellation or rescission of the sale. Please note also that lots containing potentially regulated wildlife material are marked as a convenience to our clients, but Christie's does not accept liability for errors or for failing to mark lots containing protected or regulated species.

RECENT CHANGES TO IMPORTS OF ELEPHANT IVORY AND OTHER WILDLIFE MATERIAL INTO THE USA

The USA has recently changed its policy on the import of property made of or containing elephant ivory. Only Asian Elephant ivory may be imported into the USA, and imports must be accompanied by DNA analysis and confirmation the object is more than 100 years old. We have not obtained a DNA analysis on any lot prior to sale and cannot indicate whether the elephant ivory in a particular lot is African or Asian elephant. Buyers purchase these lots at their own risk and will be responsible for the costs of obtaining any DNA analysis or other report required in connection with their proposed import of such property into the USA.

The USA is also currently requiring all imports of property made of or containing wildlife material to be accompanied by a scientific confirmation of species and in some cases an additional confirmation of age. We have not obtained such confirmations prior to sale (unless specifically indicated) and buyers will be responsible for the costs of any such additional confirmations or opinions required for their proposed import into the USA.

A buyer's inability to export or import any lot containing elephant ivory or other wildlife material is not a basis for cancelling the purchase.

TO PROSPECTIVE BUYERS OF CLOCKS AND WATCHES

The description of the condition of clocks and watches in this catalogue, including references to defects and repairs, is provided as a service to prospective buyers, but such description is not necessarily complete. While Christie's will furnish a condition report on any lot to a prospective purchaser upon request, any such report may also be incomplete and may not specify all mechanical replacements or defects. Accordingly, all clocks and watches should be viewed personally by prospective buyers to evaluate the condition of the property offered for sale. All lots are sold "as is," and the absence of any reference to the condition of a clock or watch does not imply that the lot is in good condition and without defects, repairs or restorations. Virtually all clocks and watches have been repaired in the course of their normal useful lifetime and may now incorporate parts not original to them. Furthermore, Christie's makes no representation or warranty that any clock or watch is in working order.

Watches are not always illustrated life size, buyers should refer to the catalogue description for the dimensions of each watch.

It should be noted that most wristwatches with water-resistant cases have been opened to identify type and quality of movement. It cannot be assumed that the watches are still waterproof and purchasers are advised to have the watches checked by a competent watchmaker before use.

Please note that gold of less than 18ct. does not qualify in all countries as 'gold' and may be refused import. Christie's cannot accept liability if import is refused.

Please note that all Rolex watches in the Christie's sale catalogue are sold as viewed and that Christie's cannot guarantee the authenticity of any individual component part of these Rolex watches. The bracelets described as "associated" are not part of the original piece and may not be authentic.

Prospective buyers should satisfy themselves by personal inspection as to the condition of each Lot. Condition reports can be requested from Christie's and are given "without prejudice" in accordance with the terms of the conditions of sale and limited warranty printed in the back of the catalogue. Nevertheless, such reports are for general guidance only and will not specify all mechanical replacements or imperfections. Such reports will, of necessity, be subjective. Buyers are advised that certificates are not available unless otherwise stated.

As collectors' watches often contain extremely fine and complex mechanisms, buyers should be aware that a general service, change of battery or further repair work, for which the buyer is solely responsible, may be necessary.

BUYING at CHRISTIE'S

CONDITIONS OF SALE

Christie's Conditions of Sale and Limited Warranty are set out later in this catalogue. Bidders are strongly encouraged to read these as they set out the terms on which property is bought at auction.

ESTIMATES

Estimates are based upon prices recently paid at auction for comparable property, condition, rarity, quality and provenance. Estimates are subject to revision. Buyers should not rely upon estimates as a representation or prediction of actual selling prices. Estimates do not include the buyer's premium. Where "Estimate on Request" appears, please contact the Specialist/Estimate for further information.

RESERVES

The reserve is the confidential minimum price the consignee will accept and will not exceed the low pre-sale estimate. Lots that are not subject to a reserve are highlighted with red titles in this sale.

BUYER'S PREMIUM

Christie's charges a premium to the buyer on the final bid price of each lot sold at the following rates: 25% of the final bid price of each lot up to and including US\$150,000, 20% of the final bid price of each lot above US\$150,001 and up to and including US\$3,000,000 and 12% of the excess of the hammer price above US\$3,000,001. For services, taxes are payable on the premium at the applicable rate.

PRE-AUCTION VIEWING

Pre-auction viewings are open to the public free of charge. Christie's specialists are available to give advice and condition reports at viewings or by appointment.

BIDDER REGISTRATION

Prospective buyers who have not previously bid or consigned with Christie's should bring:

- Individuals: government-issued photo identification (such as a driving licence, national identity card, or passport) and, if not shown on the ID document, proof of current address, for example a utility bill or bank statement.
- Corporate clients: copy of the certificate of incorporation details of corporate address if not included on certificate of incorporation and documentary proof of directors and beneficial owners. For any bidder who is not a director or beneficial owner of the company, a letter from the Company confirming that he/she is authorised to act together with photo ID will be required.
- For other business structures such as trusts, offshore companies or partnerships, please contact Christie's Credit Department at +971(0)4 425 5647 for advice on the information you should supply.
- A financial reference in the form of a recent bank statement or a reference from your bank. Christie's can supply a form of wording for the bank reference if necessary.

Persons registering to bid on behalf of someone who has not previously bid or consigned with Christie's should bring identification documents not only for themselves but also for the party on whose behalf they are bidding, together with a signed letter of authorisation from that party.

To allow sufficient time to process the information, new clients are encouraged to register at least 48 hours in advance of a sale.

Prospective buyers should register for a numbered bidding paddle at least 30 minutes before the auction. Clients who have not made a purchase from any Christie's office within the last one year and those wishing to spend more than on previous occasions, will be asked to supply a new bank reference. For assistance with references, please contact Christie's Credit Department at +971(0)4 319 9115 from 16-20 March 2017 or +971(0)4 425 5647. We may at our option ask you for a financial reference or a deposit as a condition of allowing you to bid.

REGISTERING TO BID ON SOMEONE ELSE'S BEHALF

Persons bidding on behalf of an existing client should bring a signed letter from the client authorising the bidder to act on the client's behalf. Please note that Christie's does not accept payments from third parties. Christie's can only accept payment from the client, and not from the person bidding on their behalf.

BIDDING

The auctioneer accepts bids from those present in the saleroom, from telephone bidders, or by absentee written bids left with Christie's in advance of the auction. The auctioneer may also execute bids on behalf of the seller up to the amount of the reserve. The auctioneer will not specifically identify bids placed on behalf of the seller. Under no circumstances will the auctioneer place any bid on behalf of the seller at or above the reserve. Bid steps are shown on the Absentee Bid Form at the back of this catalogue.

ABSENTEE BIDS

Christie's staff will attempt to execute an absentee bid at the lowest possible price taking into account the reserve price. Absentee bids submitted on "no reserve" lots will, in the absence of a higher bid, be executed at approximately 50% of the low pre-sale estimate or at the amount of the bid if it is less than 50% of the low pre-sale estimate. The auctioneer may execute absentee bids directly from the rostrum, clearly identifying these as "absentee bids," "book bids," "order bids" or "commission bids". Absentee Bid Forms are available in this catalogue, at any Christie's location or online at christies.com.

TELEPHONE BIDS

Telephone bids will be accepted for lots with low-end estimates of US\$1,500 and above, where arrangements are made no later than 24 hours prior to the sale and only if the capacity of our pool of staff telephone bidders allows. Arrangements to bid in languages other than English must be made well in advance of the sale date.

Telephone bids may be recorded. By bidding on the telephone, prospective purchasers consent to the recording of their conversations.

Christie's offers all absentee and telephone bidding services as a convenience to our clients, but will not be responsible for errors or failures to execute bids.

SUCCESSFUL BIDS

While invoices are sent out by mail after the auction, we do not accept responsibility for notifying you of the result of your bids. Buyers are requested to contact us by telephone or in person as soon as possible after the sale to obtain details of the outcome of their bids to avoid incurring unnecessary storage charges. Successful bidders will pay the price of the final bid plus premium plus any applicable taxes.

PAYMENT

Buyers are expected to make payment for purchases immediately after the auction. To avoid delivery delays, prospective buyers are encouraged to supply bank or other suitable references before the auction.

Please note that we will only accept payment from the registered bidder. Once issued, we cannot change the buyer's name on an invoice or re-issue the invoice in a different name. You must pay immediately even if you want to export the lot and you need an export licence.

Lots purchased in Dubai may be paid for in the following ways: wire transfer, credit card: Visa and MasterCard & American Express only (up to \$50,000), cash (in US currency up to \$7,500 (subject to conditions)), money orders (in US currency up to \$7,500 per annum), banker's draft (subject to conditions) and cheque. For wire transfers (USD and AED) please follow the payment instructions set out in your invoice.

For AED (Please use 3.674 as conversion rate to convert USD into AED)

IMPORT DUTY BUYERS RESIDENT IN GCC

* Buyers of imported objects collected or shipped within the GCC (Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, UAE) are subject to a 5% import duty on the low estimate (identified by the symbol * in the catalogue). For GCC buyers, please note that duty is paid at origin (in Dubai) and not in the importing country. As such, duty paid in Dubai is treated as final duty payment as per GCC's custom laws. It is the buyers' responsibility to ascertain and pay all taxes due. For more information, please contact Buyer Payments at +971 (0)4 425 5647.

NON-GCC RESIDENT BUYERS

For non-GCC buyers, import duty will not apply provided that shipment/delivery is arranged through Christie's shipper. Christie cannot guarantee that import duty will not be levied should clients choose to arrange delivery through their own carriers.

UAE SOURCED OBJECTS (GATE PASS LOTS)

All objects offered for sale and identified without the symbol * in the catalogue are duty exempt if bought by and shipped to UAE residents.

In any case, property sold at auction may be subject to import restrictions/taxes of foreign countries. It is the buyers' responsibility to obtain any relevant import licenses into the buyers' own countries of residence and settle any taxes.

COLLECTION OF PURCHASED LOTS

Purchased lots may only be collected from Christie's Dubai, Gate Village 5, Podium Level, Dubai International Financial Centre.

Contact: Shanti Veigas
Tel: +971 (0)4 425 5647
Mobile: +971 (0)50 553 9243
Fax: +971 (0)4 425 5639
Email: sveigas@christies.com
Collection and deliveries will commence by appointment as of Tuesday 21 March 2017.
Office Hours: 9:00 am to 5:00 pm.
We regret that Christie's staff cannot accommodate requests to roll canvases sold on stretchers.

SHIPPING

It is the buyer's responsibility to pick up purchases or make all shipping arrangements. After payment has been made in full, G&S can arrange priority packing and shipping at the buyer's request and expense.

For more information please contact Shanti Veigas.

All lots will be held at Christie's Dubai and will be available for collection by appointment as of Tuesday 21 March 2017.
Office Hours: 9:00 am - 5:00 pm.

IMPORT RESTRICTIONS

Property sold at auction may be subject to import restrictions of foreign countries. It is the buyer's sole responsibility to obtain any relevant import license. The denial of any license or any delay in obtaining licenses shall neither justify the rescission of any sale nor any delay in making full payment for the lot.

Upon request, Christie's will assist the buyer in submitting applications to obtain the appropriate licenses. However, Christie's cannot ensure that a license will be obtained. Local laws may prohibit the import of some property and/or may prohibit the resale of some property in the country of importation. No such restriction shall justify the rescission of any sale or delay in making full payment for the lot.

STORAGE AND COLLECTION

- Clearance and delivery could be provided on request and quote will be provided on shipment basis.
- Door to door liability coverage could be included only if G4Si or its partners are involved for clearance and delivery at destination. All other shipments will be covered only up to destination airport and liability ceases upon arrival of aircraft at port gate of destination, wheels chocked, hold door unopened.
- Base charge includes regular Dubai Customs export entry fee.
- Base charge includes Export Customs Free Zone Guarantee fee. Excess US\$ 500,000 will be charged at 0.012% of the value.

IMPORTANT INFORMATION

- All sold lots are stored at Christie's Dubai and delivery or pick-ups can only be effected by appointment through Christie's shipper, G4Si, office hours as from 9am to 5pm, Sunday through Thursday.
- All lots will be stored free of charge for 35 days from the auction date at the Christie's Dubai.
- After 35 days from the date of the auction, lots shall be subject to a daily storage charge of US\$ 4.50 per lot plus an administrative fee of US\$ 45 payable to Christie's.
- As set out in the Conditions of Sale, risk and responsibility for the sold lots (including frames or glass where relevant) passes to the buyer at the expiration of seven calendar days from the date of the sale or on collection by the buyer if earlier. Buyers are reminded that it is their responsibility to arrange adequate insurance for purchased lots.
- Lots sold at auction may be subject to import restrictions/taxes of foreign countries. It is the buyer's sole responsibility to obtain any relevant import license into the buyer's own country of residence and settle any taxes and destination clearance charges due.
- Shipments can only be made once full payment of all shipping charges is received by shipper, payments can be made by Visa and MasterCard.

CONDITIONS OF SALE

These Conditions of Sale and the Important Notices and Explanation of Cataloguing Practice set out the terms governing the legal relationship of Christie's and the buyer. You should read them carefully before bidding.

1. CHRISTIE'S AS AGENT

Except as otherwise stated, Christie's acts as agent for the seller. The contract for the sale of the property is therefore made between the seller and the buyer.

2. CATALOGUE DESCRIPTIONS AND CONDITION

Lots are sold as described and otherwise in the condition they are in at the time of the sale, on the following basis.

(a) Condition

The nature of the lots sold in our auctions is such that they will rarely be in perfect condition, and are likely, due to their nature and age, to show signs of wear and tear, damage, other imperfections, restoration or repair. Any reference to condition in a catalogue entry will not amount to a full description of condition. Condition reports are usually available on request, and will supplement the catalogue description. In describing lots, our staff assess the condition in a manner appropriate to the estimated value of the item and the nature of the auction in which it is included. Any statement as to the physical nature or condition of a lot, in a catalogue, condition report or otherwise, is given honestly and with appropriate care. However, Christie's staff are not professional restorers or trained conservators and accordingly any such statement will not be exhaustive. We therefore recommend that you always view the property personally and ascertain why it is included in terms of significant value, that you instruct your own restorer or other professional adviser to report to you in advance of bidding.

(b) Cataloguing Practice

Our cataloguing practice is explained in the Important Notices and Explanation of Cataloguing Practice, which appear after the catalogue entries.

(c) Attribution etc

Any statements made by Christie's about any lot, whether orally or in writing, concerning attribution to, for example, an artist, school, or country of origin, or history or provenance, or any date or period, are expressions of our opinion or belief. Our opinions and beliefs have been formed honestly and in accordance with the standard of care reasonably to be expected of an auction house of Christie's standing, due regard having been had to the estimated value of the item and the nature of the auction in which it is included. It must be clearly understood, however, that, due to the nature of the auction process, we are unable to carry out exhaustive research of the kind undertaken by professional historians and scholars, and also that, as research develops and scholarship and expertise evolve, opinions on these matters may change. We therefore recommend that, particularly in the case of any item of significant value, you seek advice on such matters from your own professional advisers.

(d) Estimates

Estimates of the selling price should not be relied on as a statement that this is the price at which the item will sell or its value for any other purpose.

(e) Fitness for Purpose

Lots sold are enormously varied in terms of age, category and condition, and may be purchased for a variety of purposes. Unless otherwise specifically agreed, no promise is made that a lot is fit for any particular purpose.

3. AT THE SALE

(a) Refusal of admission
Christie's has the right to refuse its complete discretion, to refuse admission to the premises or participation in any auction and to any bid.

(b) Registration before bidding

Prospective buyers must complete and sign a registration form with his or her name and permanent address, and provide identification before bidding. We may require the production of bank details from which payment will be made or other financial references.

(c) Bidding as principal

When making a bid, a bidder is accepting personal liability to pay the purchase price, including the buyer's premium and any applicable taxes, plus all other applicable charges, unless it has been explicitly agreed in writing with Christie's before the commencement of the sale that the bidder is acting as agent on behalf of an identified third party acceptable to Christie's, and that Christie's will only look to the principal for payment.

(d) Absentee bids

We will use reasonable efforts to carry out written bids delivered to us prior to the sale for the convenience of clients who are not present at the auction in person, by an agent or by telephone. Bids must be placed in the currency of the place of the sale. Please refer to the catalogue for the Absentee Bids Form. If we receive written bids on a particular lot for identical amounts, and at the auction these are the highest bids on the lot, it will be sold to the person whose written bid was received and accepted first. Execution of written bids is a free service undertaken subject to other commitments at the time of the sale and provided that we have exercised reasonable care in the handling of written bids, the volume of goods is such that we cannot accept liability in any individual instance for failing to execute a written bid or for errors and omissions in connection with it arising from circumstances beyond our reasonable control.

(e) Telephone bids

If a prospective buyer makes arrangements with us prior to the commencement of the sale we will use reasonable efforts to contact them to enable them to participate in the bidding by telephone but we do not accept liability for failure to do so or for errors and omissions in connection with telephone bidding arising from circumstances beyond our reasonable control.

(f) Currency converter

At some auctions a currency converter may be operated. Errors may occur in the operation of the currency converter. Where these arise from circumstances beyond our reasonable control we do not accept liability to bidders for any loss of the currency converter rather than the actual bidding in the saleroom.

(g) Video or digital images

At some auctions there may be a video or digital screen. Errors may occur in its operation and in the quality of the image. We do not accept liability for such errors where they arise for reasons beyond our reasonable control.

(h) Reserves

Unless otherwise indicated, all lots are offered subject to a reserve, which is the confidential minimum price below which the lot will not be sold. The reserve will not exceed the low estimate printed in the catalogue. Lots that are not subject to a reserve are highlighted with red titles in this sale. The auctioneer may open the bidding on any lot below the reserve by placing a bid on behalf of the seller. The auctioneer may continue to bid on behalf of the seller up to the amount of the reserve, either by placing consecutive bids or by placing bids in response to other bidders.

(i) Auctioneer's discretion

The auctioneer has the right to exercise reasonable discretion in refusing any bid, advancing the bidding in such a manner as he may decide, withdrawing or dividing any lot, combining any two or more lots and, in the case of error or dispute, and whether during or after the sale, determining the successful buyer, continuing the bidding, cancelling the sale or reoffering and reselling the item in dispute. If any dispute arises after the sale, then, in the absence of any evidence to the contrary the sale record maintained by the auctioneer will be conclusive.

(j) Successful bid and passing of risk

Subject to the auctioneer's reasonable discretion, the highest bidder accepted by the auctioneer will be the buyer and the striking of his hammer marks the acceptance of the highest bid and the conclusion of a contract for sale between the seller and the buyer. Risk and responsibility for the lot (including frames or glass where relevant) passes to the buyer at the expiration of seven calendar days from the date of the sale or on collection by the buyer if earlier.

4. AFTER THE SALE

(a) Buyer's premium

Christie's charges a premium to the buyer on the final bid price of each lot sold at the following rates: 25% of the final bid price of each lot above and including US\$100,000, 20% of the final bid price of each lot above US\$50,000 and up to and including US\$2,000,000 and 12% of the excess of the hammer price above US\$2,000,000. For all lots, taxes are payable on the premium at the applicable rate.

(b) Payment and ownership

The buyer must pay the full amount due (comprising the hammer price, buyer's premium and any applicable taxes) immediately after the sale. The buyer will not acquire title to the lot until all amounts due to us from the buyer have been received by us in good cleared funds even in circumstances where we have released the lot to the buyer.

(c) Collection of purchases

We shall be entitled to retain items sold until all amounts due to us, or to Christie's International plc, or to any of its affiliates, subsidiaries or parent companies worldwide, have been received in full in good cleared funds or until the buyer has performed any other outstanding obligations to us, in our sole discretion, shall require, including, for the avoidance of doubt, competing any anti-money laundering or anti-terrorism financing checks we may require to our satisfaction. In the event a buyer fails to complete any anti-money laundering or anti-terrorism financing checks to our satisfaction, Christie's shall be entitled to cancel the sale and to take any other actions that are required or permitted under applicable law. Subject to this, the buyer shall collect purchased lots within two calendar days from the sale unless otherwise agreed between us and the buyer.

(d) Packing, handling and shipping

Although we shall use reasonable efforts to take care when handling, packing and shipping a purchased lot and in selecting third parties for these purposes, we are not responsible for the acts or omissions of any such third parties. Similarly, where we suggest other handlers, packers or carriers if so requested, we are not responsible to any person to whom we have made a recommendation for the acts or omissions of the third party concerned.

(e) Remedies for non payment

If the buyer fails to make payment in full in good cleared funds within 7 days after the sale, we shall have the right to exercise a number of legal rights and remedies. These include, but are not limited to, the following:

- to hold the defaulting buyer liable for the total amount due and to commence legal proceedings for its recovery together with interest, legal fees and costs to the fullest extent permitted under applicable law;
- to cancel the sale;
- to re-sell the property publicly or privately on such terms as we shall think fit;
- to pay the seller an amount up to the net proceeds payable in respect of the amount bid by the defaulting buyer;
- to set off against any amounts which we, or Christie's International plc, or any of its affiliates, subsidiaries or parent companies worldwide, may owe the buyer in any other transactions, the outstanding amount remaining unpaid by the buyer;
- where several amounts are owed by the buyer to us, or to Christie's International plc, or to any of its affiliates, subsidiaries or parent companies worldwide, in respect of different transactions, to apply any amount paid to discharge any amount owed in respect of any particular transaction, whether or not the buyer so directs;
- to reject at any future auction any bids made by or on behalf of the buyer or to obtain a deposit from the buyer before accepting any bids;
- to exercise all the rights and remedies of a person holding security over any property in our possession owned by the buyer, whether by way of pledge, security interest or in any other way, to the fullest extent permitted by the law of the place where such property is located. The buyer will be

deemed to have granted such security to us and we may retain such property as collateral security for such buyer's obligations to us;

- to take such other action as we deem necessary or appropriate.

If we resell the property under paragraph (iv) above, the defaulting buyer shall be liable for payment of any deficiency between the total amount originally due to us and the price obtained upon resale as well as for all reasonable costs, expenses, damages, legal fees and commissions and premiums of whatever kind associated with both sales or otherwise arising from the default. If we pay any amount to the seller under paragraph (iv) above, we acknowledge that Christie's shall have all of the rights of the seller, however arising, to pursue the buyer for such amount.

(f) Selling Property at Christie's

In addition to expenses such as transport, all consignors pay a commission according to a fixed scale of charges based upon the value of the property sold by the consignator at Christie's in a calendar year. Commissions are charged on a sale by sale basis.

5. LIMITED WARRANTY

In addition to Christie's liability to buyers set out in clause 2 of these Conditions, but subject to the terms and conditions of this paragraph, Christie's warrants for a period of five years from the date of the sale that any property described in headings printed in UPPER CASE TYPE (i.e. headings having all capital-letter type) in this catalogue (as such description may be amended by any saleroom notice or announcement) which is stated with the qualification to be the work of a named author or authority, is authentic and not a forgery. The term "author" or "authority" refers to the creator of the property or to the period, culture, source or origin, as the case may be, with which the creation of such property is identified in the UPPER CASE description of the property in this catalogue. Only UPPER CASE TYPE headings of lots in this catalogue indicate what is being warranted by Christie's. Christie's warranty does not apply to supplemental material which appears below the UPPER CASE TYPE headings of each lot and Christie's is not responsible for any errors or omissions in such material. The terms used in the headings are further explained in Important Notices and Explanation of Cataloguing Practice. The warranty does not apply to any heading which is stated to represent a qualified opinion. The warranty is subject to the following:

- It does not apply where (a) the catalogue description or saleroom notice corresponded to the generally accepted opinion of scholars or experts at the date of the sale or fairly indicated that there was a conflict of opinions, or (b) correct identification of a lot can be demonstrated only by means of either a scientific process not generally accepted for use until after publication of the catalogue or a process which at the date of publication of the catalogue was unreasonably expensive or impractical or likely to have caused damage to the property.
- The benefits of the warranty are not assignable and shall apply only to the original buyer of the lot as shown on the invoice originally issued by Christie's when the lot was sold at auction.
- The original buyer must have remained the owner of the lot without disposing of any interest in it to any third party.
- The buyer's sole and exclusive remedy against Christie's and the seller, in place of any other remedy which might be available, is the cancellation of the sale and the refund of the original purchase price paid for the lot. Neither Christie's nor the seller will be liable for any special, incidental or consequential damages including, without limitation, loss of profits nor interest.
- The buyer must give written notice of claim to us within five years from the date of the auction. It is Christie's general policy, and Christie's shall have the right, to require the buyer to obtain the written opinions of two recognised experts in the field, mutually acceptable to Christie's and the buyer, before Christie's decides whether or not to cancel the sale under the warranty.
- The buyer must return the lot to the Christie's saleroom at which it was purchased in the same condition as at the time of the sale.

6. COPYRIGHT

The copyright in all images, illustrations and written material produced by or for Christie's relating to a lot including the contents of this catalogue, is and shall remain at all times the property of Christie's and shall not be used by the buyer, nor by anyone else, without our prior written consent. Christie's and the seller make no representation or warranty that the buyer of a property will acquire any copyright or other reproduction rights in it.

7. SEVERABILITY

If any part of these Conditions of Sale is found by any court to be invalid, illegal or unenforceable, that part shall be discontinued and the rest of the conditions shall continue to be valid to the fullest extent permitted by law.

8. LAW AND JURISDICTION

Any dispute arising out of or in connection with these Conditions of Sale, including any question regarding its existence, validity or termination, shall at Christie's sole option: (i) be subject to the non-exclusive jurisdiction of the Commercial Court of the International Financial Centre ("IFC") and the Buyer irrevocably submits to the jurisdiction of the IFC Courts and waives any objection it may have to disputes arising out of or in connection with this contract being heard in the IFC Courts on the grounds that it is an inconvenient forum (forum non conveniens); or, at Christie's sole option (ii) be referred to arbitration under the Arbitration Rules of the IFC-CLIA Arbitration Centre, which Rules are deemed to be incorporated by reference into this clause. The seat, or legal place, of arbitration shall be the IFC. The language to be used in the arbitration shall be English. The governing law of the contract shall be the substantive law of England and Wales.

[Please note an Arabic version of the Conditions of Sale is available upon request].

BIDDING INCREMENTS

Bidding generally opens below the low estimate and advances in increments of up to 10%, subject to the auctioneer's discretion. Absentee bids that do not conform to the increments set below may be lowered to the next bidding interval.

UKE50 to UK £1,000	by UKE50s
UKE1,000 to UKE2,000	by UKE100s
UKE2,000 to UKE3,000	by UKE200s
UKE3,000 to UKE5,000	by UKE200, 500, 800 (eg UKE4,200, 4,500, 4,800)
UKE5,000 to UKE10,000	by UKE500s
UKE10,000 to UKE20,000	by UKE1,000s
UKE20,000 to UKE30,000	by UKE2,000s
UKE30,000 to UKE50,000	by UKE2,000, 5,000, 8,000 (eg UKE32,200, 35,000, 38,000)
UKE50,000 to UKE100,000	by UKE5,000s
UKE100,000 to UKE120,000	by UKE10,000s
Above UKE200,000	at auctioneer's discretion

The auctioneer may vary the increments during the course of the auction at his or her own discretion.

Auction Results: +44 (0)20 7839 9060

Please also refer to the information contained in Buying at Christie's.

I request Christie's to bid on the following lots up to the maximum price I have indicated for each lot. I understand that if my bid is successful, the purchase price will be the sum of my final bid plus a buyer's premium of 25% of the final bid price of each lot up to and including US\$150,000, 20% of the excess of the hammer price above US\$150,001 and up to and including US\$3,000,000 and 12% of the excess of the hammer price above US\$3,000,001, together with any VAT chargeable on the final bid and the buyer's premium. VAT is chargeable on the purchase price of daggered (*) lots, and for buyers outside the EU on (e) lots, at the standard rate. VAT is chargeable on the purchase price of starred (s) lots at the reduced rate.

I understand that Christie's provides the service of executing absentee bids for the convenience of clients and that Christie's is not responsible for failing to execute bids or for errors relating to execution of bids. On my behalf, Christie's will try to purchase these lots for the lowest possible price, taking into account the reserve and other bids. Absentee bids submitted on "no reserve" lots will, in the absence of a higher bid, be executed at approximately 50% of the low pre-sale estimate or at the amount of the bid if it is less than 50% of the low pre-sale estimate.

If identical absentee bids are received for the same lot, the written bid received first by Christie's will take precedence.

Please contact the Bid Department at least 24 hours in advance of the sale to make arrangements for telephone bidding.

All bids are subject to the terms of the Conditions of Sale and Limited Warranty printed in each Christie's catalogue.

Signature

We may at our option ask you for a financial reference or a deposit as a condition of allowing you to bid. If you have not previously bid or consigned with Christie's, please attach copies of the following documents. Individuals: government-issued photo identification (such as a photo driving licence, national identity card, or passport) and, if not shown on the ID document, proof of current address, for example a utility bill or bank statement. Corporate clients: certificate of incorporation and documentary proof of directors and beneficial owners. Other business structures such as trusts, offshore companies or partnerships: please contact the Credit Department at +971 (0)4 425 5647 and from 13-17 March 2017 on +971 (0)4 319 8115 for advice on the information you should supply. If you are registering to bid on behalf of someone who has not previously bid or consigned with Christie's, please attach identification documents for yourself as well as the person/entity on whose behalf you are bidding, together with a signed letter of authorisation from the person/entity. New clients, clients who have not made a purchase from any Christie's office within the last two years, and those wishing to spend more than on previous occasions will be asked to supply a bank reference. We also request that you complete the section below with your bank details:
