LA ROMANÉE

THE RAREST GRAND CRU OF THEM ALL

La Romanée is excellently located upslope above Romanée Conti. Its northern neighbor is Richebourg and to the south is La Grande Rue. Further upslope of La Romanée is the premier cru vineyard of Aux Reignots. Here is where some of the most highly regarded Burgundy vineyards are located.

La Romanée is the smallest appellation in France only 0.8452 ha in size, by comparison Romanée -Conti is 1.81ha. From this tiny vineyard only 3000-4.200 bottles are produced each year.

The vineyard of La Romanée has been owned by the Comte Liger-Belair family since the early part of the 19th century. The first parcel was bought in 1815. Over the years nine neighboring parcels were gathered, when in 1827 all the nine parcels were acquired the family applied for them to be named as one; La Romanée .

By the mid 19th century the wines from La Romanée were already held in high regard. Dr Lavalley in 1855 and Dauguy & Aubertin in 1892 both rated it Tete de cuvee, hors ligne. The highest rating to be received by both these, at the time, well regarded writers.

Until 2001 various vigneron were hired to tend the vines and vinify the wines. The Michaudet family was in charge of the vinification from 1933 to 1945. The Forey family looked after the vineyard and made the wines from 1946 to 2001. After 2001 the Comte Liger-Belair family regained total control.

There was virtually no domaine bottling done until 2001. La Romanée was sold in cask to various negociants. These would take care of the upbringing, bottling and distribution. From 1950 onwards there were a number of agents who had the exclusive distribution rights of La Romanée wines a longer period. From 1950-1962 Maison Leroy held this exclusivity and from 1963-1975 this was granted to Maison Bichot. Bouchard Père et Fils held this exclusivity for the longest period, 1976 to 2001, hence the wines of La Romanée were seen as an integral part of the Bouchard portfolio.

From 2002-2005 all work in the vineyard and vinification was fully done by the Liger-Belair family. After vinification the wine was split between the Domaine and Bouchard Père et Fils for the upbringing and bottling. So in this period two separate bottlings were made.

In 2006 the lease with Bouchard Père et Fils ended, all La Romanée is now made and distributed by the Domaine Liger-Belair.

In September 2016 Christie's was honored to organize a historic auction of wines coming directly from the Bouchard Père et Fils reserves. The auction was an amazing success. During the set-up of this big auction it was decided to keep a great selection of La Romanée aside and offer these separately.

All the La Romanée wines here offered have been selected from the Chateau de Beaune reserves especially

for this auction. The bottles pre 1976 were given a new wax seal and new label from an original design used in the 19th century. These were boxed up in new vintage branded oak cases.

The wines from 1976 to 2005 are packed in new wooden cases of 6, with the bottles having new capsules and new labels. All pristine and in excellent appearance.

1912** Moderately Good
An extremely cold winter with the temperature falling back to -20°C was followed by mild spring with some morning frost in parts of the vineyards leading to an uneven flowering. The summer was fairly cool. Harvest started on the first week of October. Small crop of grapes with thin skins and light structure finishing with elevated acidity. Most wines have been drunk in the early life therefore any remaining bottles are extremely rare.

1976*** Good for Red, **** Very Good for white
One of the earliest harvests in history. A small crop from a heat wave year with exceptional drought producing very concentrated musts with high tannin levels. Tough wines from the start which here and there never came around, a resemblance of 2003 is evident. Part of the grapes never reached phenolic ripeness, being harvested on their sugar level. Good wines made by conscious winemakers, as always it's the best domains to look out for.

In 1961 Bordeaux had the last word, it was in 1978 that Burgundy reigned supreme. Wet June led to uneven flowering. Less sun during summer, exceptional late Indian summer. End of August and September made the vintage. Harmonious, silky structured wines with great length.

One of the best vintages of the century, legendary wines. Recorded in 2012.

Tasting note: Healthy deep ruby red. Expressive aromatic nose with tones of forest floor. Softly smooth taste. Wine of finesse with good depth and fine lingering acidity, typical for 1978.

1983*** Good for Red, **** Very Good for White
Difficult vintage, hard tannic red wines and rich intense whites.

Warmer weather only arrived late in May kicking off the flowering under good conditions, though relatively cool. Up until the second week of August when rain arrived the summer had started well. This wet period stayed on into September causing big problems of rot. The sunny warm weather which returned mid-September further concentrated the grapes but was also quite favorable to noble rot. Harvest started on 22 September in the Cote de Beaune. Remarkably part of the white grapes in Meursault were affected by botrytis, some even made a Vendange-tardive wine! The reds were quite tannic and hard when young, some stayed this way while others have rounded out over time. A vintage to approach selectively.

*Recorded in 2005.**Tasting note: Dark garnet color, brown tile reflections.*

Nose kirsch, chocolate, racy. Quite a rich mouth feel, well matured. Remarkably good wine in for this challenging vintage. BPF.

1988***** Outstanding for Red, *** Good for white.
Well-structured reds and fresh crispy whites.

Text book growing season of a mild spring, hot long summer with occasional shower to refresh the vines and clear sunny skies leading up to the harvest. As in Bordeaux the 1988 red Burgundies were never easy wines, yes it was clear they were destined for greatness with a full structure and concentrated aroma's waiting to come out after a sufficient time in the bottle. The whites are well balanced and fine-tuned, the lesser terroirs lacked a bit of depth. The greatest red wines still continue to develop and need more time to show their true potential.

Tasting note: Very beautiful purple colour, healthy and brilliant. Nose of truffle, fresh, racy, mixture of raisins, new leather and sweet spices. Very powerful, peppery liquorice, with volume. Purity and background. BPF.

1989***** Very Good for Red & White.

Interesting contrast to the more reserved 88's. Wines of charm with a rich opulent character.

After a warm March and some frost in April, which reduced the crop size, the flowering started in early May.

The summer was very hot with some rain end of July.

This weather continued until the harvest making for intense full rich grapes. This character shows through on the wines.

The whites have always been fairly rich and rounded, leaning towards a full bodied style. The best terroirs show better balance with lingering acidity behind the luscious fruit.

Tasting note: Lovely colour. Finely wooded, subtle, mocha note, a wine of class. Good potential. Beautiful bottle worthy of its appellation. BPF.

1990***** Outstanding for Red, **** Very Good for white.

A great vintage for red Burgundies.

The mild winter made the vines vegetation come to life early, April to June were cool which slowed down the flowering and reduced the bunches. Summer was hot and dry with just enough rain to keep the vines from going into hydric stress. Harvest commenced early on 20 September.

The whites were of a very good concentration with fine acidity, the fairly large crop of Chardonnay made that the 1990 whites are just behind the 1989's. A striking feature of the Pinot Noir grapes that came in was their thick skins, not so common in Burgundy, this resulted in wines with a lot of color and extract. The 1990 reds are impressive complete wines with charm and backbone, well balanced.

Tasting note: Lovely deep red colour. Fine nose of wonderful well ripened red fruits well married with spices, racy. Notes of tobacco in the mouth lingering taste quite rich and creamy, complex. Superb bottle. BPF.

Tough wines with an acidic backbone which needed time to show its charm. Amazingly great, complete whites of length and balance.

Exceptional vintage of long distance runners. The initial tight appearance didn't make this an easy vintage to understand.

The dry end of winter continued into April with low temperatures going on until end of May when finally warmer weather arrived. Fortunately there were some good rainy periods during that month bringing the water levels in the ground back up so the vines would be prepared for the hot and dry summer which was to arrive. September was cold and dry ensuring good sugar levels and acidity in the grapes.

Recorded November 2015.

Tasting notes: Good intensity, coppery highlights but still fresh color. Nose of red fruits cooked that evolves on notes of grilled coffee, black spices. Good attack on the palate served by a good acidity but not too marked for a 1996, silky tannins. A well balanced 1996. BPF.

Fruit forward charming wines. A vintage which has presented pleasant and attractive red wines from day one. The whites were on the same high quality levels as the 1996's but with more charm and seductive fruit masking the acidity.

After a wet and cool June and July very warm weather arrived in August, including the occasional rain. Its in September where the real difference in the growing season would occur compared to 1996, as from the first week high temperatures and sunny skies arrived staying on so everyone could finish the harvest at a leisurely pace. A classic high quality white wine harvest to cherish and enjoy for many years to come.

Difficult growing season which started with a light frost early in spring, later in May the white wine vineyards of the Cote de Beaune were caught by hail further reducing the size of the crop. June was cool but dry enhancing an even and rapid flowering which was finished in a little over two weeks.

After a warm July followed a scorching hot August month with temperatures peaking 40°C. Some vineyards were showing signs of sun burn. In all the hopes were high until September arrived with cold and wet weather. Fortunately by mid-September almost two weeks of dry sunny weather brought the grapes back into full maturation, especially the vineyards which were harvested late just before the rains came on the 27th made the best wines. In all the reds are strict and tightly structured needing time to show its true potential, not unlike their Bordeaux counter parts. Here and there some green tannins are present. Therefore selection is vital. The whites are fragrant and opulently styled.

A wonderful vintage of pure rich stylish reds and soft rounded whites.

Early start of the flowering was followed by a variable summer weather with a bit of everything, from cold via warm to hot and back again. The long period of dry weather was starting to be a problem when finally early September rain arrived end of August, replenishing the vines. When the wind turned north the grapes were dried and harvest could begin on 16 September under clear blue skies.

2002 is deservedly a popular vintage among Burgundy aficionados. What is there not to love about the pure fine forest strawberry aromas in the best red wines and fresh mineral tones of the great whites. To enjoy or keep for another ten years or more.

2003**** Very Good for Red & White.

An exceptional heatwave year which presented pleasant surprises while maturing in bottle.

One of the earliest harvests in history commenced on 19 August in the Cote d'Or. 1976 being the last August harvest to date. Despite some frost in April and local hail storms the weather was mostly sunny and dry from February until September causing hydric stress in some vineyards. The challenge for the winemakers was to wait for phenolic ripeness in order to make the best wines, however as the grapes matured the acidity level dropped risking unbalanced wines. Not an easy vintage to vinify.

The elderly Burgundians were called in the cellars by the sons to show them what a crazy harvest they had in their barrels. All were afraid how these intense, full bodied wines with high alcohol levels would mature. Time has showed that the whites have showed to be better balanced then expected the acidity levels reappeared. The red wines have matured better too.

Tasting note: Purple with purple brown reflections. Fairly reserved nose at first, needs time to reveal its true character, spicy, well-typed cooked fruits. Spicy mouthfeel, lingering aromas, good balance. Elegant and well-structured wine. BPF.

Well balanced wines, whites that have their acidity all packed in by the luscious ripe fruit.

A legendary vintage which is in the all-time top five, next to the 1990 and 1959's.

The 2004/05 winter was very cold delaying the start of the vegetation. Some red vineyards were still recovering from 2004's hail damage hence were giving limited production this year.

Spring was uneven cold and warm spells, prolonging the flowering and causing uneven fruit set.

After a short hot period in June fine dry weather continued until harvest, not exceptionally hot. Some drought problems were the only worries of the vigneron.

July to September weather was quite stable, dry sunny and warm. The Ban des Vendanges was announced for 12 September, with a fine forecast of clear skies there was no rush to start harvest so everyone started their vendange at their own choice. A unique luxury which is not common in Burgundy. All wines have showed a great balance and structure behind dark deep fruit. A vintage which is rightfully in high demand.

Tasting note: Dark garnet color with purple reflections.

Nose quite reserved at first, fine grained oak tone. Lively mouth, in the continuity of the nose. BPF.

Fine spring weather resulted in a rapid fruit setting without any drawbacks. What followed was a text book summer and warm start of autumn, in all what more could one wish for. However there was little green harvesting at the time so the resulting crop was huge.

Pinot noir is very sensitive to high production it's there where we see the character of the vintage, despite the ideal growing conditions. The red wines were light and offered immediate drinking pleasure in their early life, the whites did much better as Chardonnay is less sensitive to high cropping levels. The best climates could still provide some surprises.

1991**** Very Good for Red, *** Good for White.

A vintage which has been completely overlooked at first, coming after the great 1990's this is not surprise. Early in spring there was a severe frost which seriously brought down the potential volume. Flowering was long and took place in cool conditions. Summer was hot and dry, a fierce local storm on 22 August hailed down on the vineyards of Morey to Vosne doing serious damage. August finished with fine sunny weather which continued into September leading up to the harvest. Good quality whites of elegance and pure fruit. The reds were more uneven, here and there some tight to much extracted wines but overall a successful vintage which gave wines of strength and depth which will go on and still present aging potential.

Tasting note: Medium intense red colour with orange reflections. A fine and racy nose typical of La Romanée. Refined elegant taste. BPF.

1992*** Good for Red, ***** Outstanding for White.

A great white wine vintage, lovely and attractive. After a mild winter and start of spring the flowering started early, uneven weather throughout May caused delays and irregular fruit setting which was desirable to bring down the size of a potentially huge crop. August was hot and sunny bringing the grapes into excellent ripened state for an early harvest on 12 September. Most of the crop was in before the rain arrived on 22nd September.

Contrary to 1991 the berries were big with a lot of juice. Gorgeous fresh and lively wines. The whites of the best grand cru terroirs continue to offer a lot of pleasure.

Tasting note: Beautiful deep colour. Subtle nose of faded rose, cinnamon, mocha and intense notes of nutmeg and amber. Mouth very harmonious, all delicacy. Good structure for a 1992. BPF.

1995**** Very Good for Red & White.

Small crop of high quality for long aging. As in 1985 the acidity in the white wines is hidden behind the ripe fruit. Early frost and cool June weather reduced the size of the 1995 crop severely. Though July and August were fine dry and warm when September arrived cooler terms arrived bringing showers and overcast. Fortunately the rains were more spread and did not do the damage as in 1994. Harvest took place in cooler though dry weather. Careful selection was essential. The 1995 wines showed great potential in barrel, the silky tannins and fine acidity gives the wines a soft mouthfeel.

Very attractive white wines with creamy structure balanced by fine-tuned acidity.

Tasting note: Beautiful dark garnet color, tiled reflections. Nose of cooked strawberry, figs and raisins. Intense start of taste, well-structured with beautiful balance. Nice bottle, fresh. BPF.

1999***** Outstanding for Red, **** Very Good for White.

Vintage offering the rare combination of sufficient quantity and high quality. The late Henri Mayer compared this vintage to the 1934.

A mild winter continued into a warm even weather in May, this got the flowering of the vines going at a steady pace. Without any major hail or frost damage it was clear from the start that the potential volume of the 1999 crop would be high. June and first half of July were fairly cool then hot and dry weather arrived which caused a few drought problems later on in the summer. Those who green harvested earlier now had more healthy grapes on the vine. Harvest started on 15 September. The white 1999's are rich and concentrated wines with buttery tones. Especially the terroirs with higher natural acidity like Corton-Charlemagne made the best wines. An exceptional vintage for Pinot Noir offering deep colors, rich ripe black fruit of a unique purity all well balanced. A vintage seek out for still.

Tasting note: Very beautiful purple robe, fresh, tiled reflections. Nose deep, very fresh, spicy, smoky, truffled, cherry cream and tobacco. Mouth very dense, fresh, licorice stick. BPF.

2000*** Good for Red & White.

The previous year it was Burgundy which had the high hand, in 2000 Bordeaux fared better.

Never the less this is an attractive vintage of fruit forward charming wines.

The mild winter got the vegetation started quite early on, resulting in a precautionary harvest. After an irregular July warm weather arrived early August. On 12 September as fierce storm brought huge amounts of rain which floated parts of the Southern Cote de Beaune. Fortunately the skins were thick and could withstand this wet spell. When dry and sunny weather returned the harvest started. The Cote de Beaune whites were picked around the same time as the Cote de Nuits reds, so later on which was to the benefit. Wines of structure and precision. The reds are finely styled and elegant, making for lovely drinking in the coming years.

Tasting note: Beautiful garnet color, purple to tile reflections. Nose of small red and black fruits, minty aroma, eucalyptus. Elegant and fragrant mouth. BPF.

September was cold and dry ensuring good sugar levels and acidity in the grapes.

Recorded November 2015.

Tasting notes: Good intensity, coppery highlights but still fresh color. Nose of red fruits cooked that evolves on notes of grilled coffee, black spines. Good attack on the palate served by a good acidity but not too marked for a 1996, silky tannins. A well balanced 1996. BPF. 1999***** Outstanding for Red, **** Very Good for White.

Vintage offering the rare combination of sufficient quantity and high quality. The late Henri Mayer compared this vintage to the 1934.

A mild winter continued into a warm even weather in May, this got the flowering of the vines going at a steady pace. Without any major hail or frost damage it was clear from the start that the potential volume of the 1999 crop would be high. June and first half of July were fairly cool then hot and dry weather arrived which caused a few drought problems later on in the summer. Those who green harvested earlier now had more healthy grapes on the vine. Harvest started on 15 September.

The white 1999's are rich and concentrated wines with buttery tones. Especially the terroirs with higher natural acidity like Corton-Charlemagne made the best wines. An exceptional vintage for Pinot Noir offering deep colors, rich ripe black fruit of a unique purity all well balanced. A vintage seek out for still.

Tasting note: Very beautiful purple robe, fresh, tiled reflections. Nose deep, very fresh, spicy, smoky, truffled, cherry cream and tobacco. Mouth very dense, fresh, licorice stick. BPF.

2000*** Good for Red & White.

The previous year it was Burgundy which had the high hand, in 2000 Bordeaux fared better.

Never the less this is an attractive vintage of fruit forward charming wines.

The mild winter got the vegetation started quite early on, resulting in a precautionary harvest. After an irregular July warm weather arrived early August. On 12 September as fierce storm brought huge amounts of rain which floated parts of the Southern Cote de Beaune. Fortunately the skins were thick and could withstand this wet spell. When dry and sunny weather returned the harvest started.

The Cote de Beaune whites were picked around the same time as the Cote de Nuits reds, so later on which was to the benefit. Wines of structure and precision. The reds are finely styled and elegant, making for lovely drinking in the coming years.

Tasting note: Beautiful garnet color, purple to tile reflections. Nose of small red and black fruits, minty aroma, eucalyptus. Elegant and fragrant mouth. BPF.

SINGULAR WINES FROM A PASSIONATE COLLECTOR

We are thrilled to offer this outstandingly sophisticated collection from a very close friend of the Christie's Wine Department.

The singular wines in this collection speak of the collectors' excellent taste, precise nature and deep understanding of specific producers. Many of the wines in the collection were acquired directly from certain Domaines.

We start the collection with the "Wizard of Avize," Jacques Selosse. On offer are the rarest releases never offered before in this quantity and range: Millésime, yes; magnums and half-bottles, yes; Lieux-Dits Assortments, yes; Rosé, yes; Substance, yes!

Of most importance is the spectacular selection of rare Burgundy, the like of which we rarely see. The list of legendary Domaines seems endless: Coche-Dury, DRC, Roumier, Mugnier, Rousseau, Méo-Camuzet, d'Auvenay, Leflaive and Roulot are all worthy of special mention, but many other excellent producers play important roles across this glorious collection. Not to miss are two of the very best producers in Chablis: Raveneau and Dauvissat. Plenty of Clos, Valmur, Preuses, and Blanchot to supply those endless wine evenings debating on the stylistic differences between the two Domaines.

The Rhône valley is well-represented. Magnificent vintages of Pegau's Cuvée da Capo and Saint-Prefert's Charles Giraud sit next to the very best of the Northern Rhône, Chave, Theiry Allemand, and others. Also on offer are rare auction-releases of TBA, BA, and Eiswein from Nahe and Saar legends, Dönnhoff and Egon Müller.

Rounding out this collection are very rare wines from Piemonte. On offer are mature vintages from the legendary Cappellano, magnums of the extremely rare hand-painted labels from the late Bartolo Mascarello, and for collector's looking for something younger, six (yes, six!) bottles of Giuseppe Rinaldi's Brunate 2010 is also offered.

This is a true connoisseur's collection.

THE WIZARD OF AVIZE

Anselme Selosse is one of the most respected and sought-after growers making wine in Champagne today. He studied with winemakers in Burgundy and has adopted a similarly singular method of winemaking (35 of his lieux-dits are even vinified in barrels bought from Domaine Leflaive) and owns 4 hectares of unique plots in Avize, Oger, Cramant, and Aj. The wines are rich, but balanced. There is an opulence, born from Selosse's decision to harvest extremely late as well as his use of bâtonnage, a technique more commonly used for Muscadet in the Loire. The wines also maintain a racy acidity due to limited use malolactic fermentation and low dosage. Selosse holds the wines in bottle for up to eight years before disgorgement, because only then are they ready to drink.

ROUMIER

Domaine Georges Roumier has been a top Côte de Nuits producer for over 50 years, becoming recognized, over the last two decades, as one of Burgundy's true super-stars. This is thanks to the brilliance of Christophe Roumier (who joined the Domaine in 1981), one of the most talented, inspiring wine-makers of his generation. The wines come from vineyards cultivated with respect for the environment and where the fruit is brought to ripeness thanks to careful, low yields, and many, tiny attentions to detail. Fermentations often start slowly, to allow cool, gentle extraction, then last up to 3 weeks, bringing structure, fruit intensity, supple tannins and complex length. These are sturdy wines of character, with great potential for velvety texture when mature.

Musigny is one of the Domaine's original vineyard holdings. The family cultivated these rows as tenant farmers from the 1920s, then bought the land in 1978. Production is always tiny - a barrel, or a barrel and a half - yielding just 300-450 bottles per year. The nose of Roumier's Musigny can be head-spinningly beautiful and complex, to be followed on the palate by the poised silkiness of perfectly harmonious elements of fruit, structure, fine tannins, refreshing aftertaste and great length.

COCHE-DURY

There's Meursault and then there's Coche-Dury. Although the introverted winemaker Jean-François has difficulty accepting the burgeoning popularity of the Domaine's wines, when pressed, he credits his attention to detail and respect for traditional winemaking practices for their success. Coche-Dury plants almost nine hectares of vineyards on minuscule parcels over six communes: Meursault, Puligny-Montrachet, Auxey-Duresses, Monthelie, and Volnay. No clones of any kind are planted and the vinifications is extended with extended lees contact. The resulting wines are rich, but with an uplifting acidity, a rare and age-worthy combination.

WEINGUT JOH. JOS. PRÜM

This 20 hectare estate was founded in 1911 and has over the decades has become one of the top producers of refined Mosel Riesling wines. Though JJ Prüm owns various vineyards their best wines come from Wehlener-Sonnenuhr, located on the opposite bank of the Mosel river from the family house.

Herr Manfred Prüm is now assisted by his friendly daughter Katharina. As with most great wine estates it all sound very easy; late harvest, severe selection and great vineyards. JJ Prüm's wines are rightfully legendary even in the lower quality steps. A Wehlener-Sonnenuhr Kabinett 1982 was still fresh and lively when tasted in December 2012.

Very pure elegant wines with finesse and great balance, which take time to shed of their initial closed faze. JJ Prüm's wines belong in every serious wine collection.

UNDERSTANDING "GOLDCAPSULE"

"Goldcapsule" is not defined by German wine laws, rather it is a means used by estates to distinguish higher-quality wines within one Prädikat, especially the Auslese category, from their basic lots. To understand the background better, it is very helpful to look back a few decades. Before 1971, there were four recognized levels of Auslese wines in Germany. You could find wines labelled as „Auslese“, „Feine Auslese“, „Feinste Auslese“, and „Hochfeine Auslese“. The longer the name the higher the concentration – usually achieved by botrytis – and the smaller the production. In an effort to simplify the universal marketing of German wines, the government stepped in and revised the Prädikat system to allow for only one Auslese category. The new rule was met with frustration by the high-quality-conscious winemakers, mostly those from the Mosel, who had perfected the art of selective harvesting and now were deprived of the traditional means to express the different levels. The issue with Auslese in particular is that it is the Prädikat level with the widest Oechsle range (in Germany, the natural concentration of the grapejuice at harvest is measured in degrees Oechsle). On one end of the spectrum is a style closer to Spätlese and on the other end is Beerenauslese. So with just Auslese on the label how would a customer know if it was closer to Spätlese style or closer to a BA? Since the 1971 law forbid use of wording to denote special bottlings within a Prädikat, estates developed other means of identification. The most acknowledged method – and the one also used by Joh. Jos. Prüm estate – is a golden capsule, in contrast to the white capsule used for the "basic" Auslese. A short gold capsule usually means a presence of botrytis and a long gold capsule represents a remarkably higher percentage of botrytis and consequently concentration.

Unfortunately, there was no uniform solution by all estates found after the change of law in 1971. Instead of the Goldcapsule, some estates opted to use a star system on the label and still others use a cask number. Also, there are some wineries that use golden colored capsules on all their wines, and there are again others

that produce Goldcaps not only in the Auslese but also in the Spätlese category.

What are the characteristics of a Goldcapsule and why buy such a wine? Think of them as limited edition, rather small production lots of the best Auslese of a vintage. They are made from intensely selected grapes containing higher concentrated juice, usually affected by a certain amount of botrytis/noble rot; capable of aging even remarkably longer than "basic" Auslesen, lasting for many decades. In the course of time, they lose some of their sweetness, gain more and more elegance and harmony and the complex profile and depth come to the forefront.

Goldcapsules are not made every year. Due to an overall higher ripeness of the grapes in the more recent past, there were more chances to produce such wines than in earlier days, however, for instance, vintage 2004 allowed only a very small quantity to be produced which was only offered at the VDP Mosel auction in Trier.

Finally, the JJ Prüm wines of the highest quality categories, i.e. Beerenauslesen, Trockenbeerenauslesen and Eisweine, are always "decorated" with a Long Goldcapsule. In these high levels, there is no differentiation, capsule-wise.

**Bouchard Père et Fils, La Romanée 1989***Grand Cru, Côte de Nuits**In original wooden cases**1989***** Very Good for Red & White.**Interesting contrast to the more reserved 88's. Wines of charm with a rich opulent character.**After a warm March and some frost in April, which reduced the crop size, the flowering started in early May.**The summer was very hot with some rain end of July.**This weather continued until the harvest making for intense full rich grapes. This character shows through on the wines. The whites have always been fairly rich and rounded, leaning towards a full bodied style. The best terroirs show better balance with lingering acidity behind the luscious fruit.**Tasting note: Lovely colour. Finely wooded, subtle, mocha note, a wine of class. Good potential. Beautiful bottle worthy of its appellation. BPF.*

Bouchard Père et Fils, La Romanée 1990*Grand Cru, Côte de Nuits**In original wooden cases**1990***** Outstanding for Red, **** Very Good for white.**A great vintage for red Burgundies.**The mild winter made the vines vegetation come to life early, April to June were cool which slowed down the flowering and reduced the bunches. Summer was hot and dry with just enough rain to keep the vines from going into hydric stress. Harvest commenced early on 20 September.**The whites were of a very good concentration with fine acidity, the fairly large crop of Chardonnay made that the 1990 whites are just behind the 1989's. A striking feature of the Pinot Noir grapes that came in was their thick skins, not so common in Burgundy, this resulted in wines with a lot of color and extract. The 1990 reds are impressive complete wines with charm and backbone, well balanced.**Tasting note: Lovely deep red colour. Fine nose of wonderful well ripened red fruits well married with spices, racy. Notes of tobacco in the mouth lingering taste quite rich and creamy, complex. Superb bottle. BPF.*

Bouchard Père et Fils, La Romanée 1996*Grand Cru, Côte de Nuits**In original wooden cases**1996***** Outstanding for Red & White**Tough wines with an acidic backbone which needed time to show its charm. Amazingly great, complete whites of length and balance.**Exceptional vintage of long distance runners. The initial tight appearance didn't make this an easy vintage to understand.**The dry end of winter continued into April with low temperatures going on until end of May when finally warmer weather arrived. Fortunately there were some good rainy periods during that month bringing the water levels in the ground back up so the vines would be prepared for the hot and dry summer which was to arrive. September was cold and dry ensuring good sugar levels and acidity in the grapes.**Recorded November 2015.**Tasting notes: Good intensity, coppery highlights but still fresh color. Nose of red fruits cooked that evolves on notes of grilled coffee, black spices. Good attack on the palate served by a good acidity but not too marked for a 1996, silky tannins. A well balanced 1996. BPF.*

Bouchard Père et Fils, La Romanée 1997*Grand Cru, Côte de Nuits**In original wooden cases**1997**** Very Good for Red, ***** Outstanding for white.**Fruit forward charming wines. A vintage which has presented pleasant and attractive red wines from day one. The whites were on the same high quality levels as the 1996's but with more charm and seductive fruit masking the acidity.**After a wet and cool June and July very warm weather arrived in August, including the occasional rain. Its in September where the real difference in the growing season would occur compared to 1996, as from the first week high temperatures and sunny skies arrived staying on so everyone could finish the harvest at a leisurely pace. A classic high quality white wine harvest to cherish and enjoy for many years to come.**Tasting note: Garnet color, brown brick reflections. Very pinot nose, egg flan, caramel, orange peel, mocha. Fragrant mouth, fine balance, suave, silky. Beautiful bottle. BPF.*

CONDITIONS OF SALE • BUYING AT CHRISTIE'S

CONDITIONS OF SALE

These **Conditions of Sale** and the Important Notices and Explanation of Cataloguing Practice set out the terms on which we offer the **lots** listed in this catalogue for sale. By registering to bid and/or by bidding at auction you agree to these terms and so you should read them carefully before doing so. You will find a glossary at the end explaining the meaning of the words and expressions coloured in bold.

Unless we own a **lot** (▲ symbol), Christie's acts as agent for the seller.

A BEFORE THE SALE

1 DESCRIPTION OF LOTS

(a) Certain words used in the catalogue description have special meanings. You can find details of these on the page headed 'Important Notices and Explanation of Cataloguing Practice' which forms part of these terms. You can find a key to the Symbols found next to certain catalogue entries under the section of the catalogue called 'Symbols Used in this Catalogue'.

(b) Our description of any **lot** in the catalogue, any **condition** report and any other statement made by us (whether orally or in writing) about any **lot**, including about its nature or **condition**, artist, period, materials, approximate dimensions or **provenance** are our opinion and not to be relied upon as a statement of fact. We do not carry out in-depth research of the sort carried out by professional historians and scholars. All dimensions and weights are approximate only.

2 OUR RESPONSIBILITY FOR OUR DESCRIPTION OF LOTS

We do not provide any guarantee in relation to the nature of a **lot** apart from our **authenticity warranty** contained in paragraph E2 and to the extent provided in paragraph I below.

3 CONDITION

(a) The **condition** of **lots** sold in our auctions can vary widely due to factors such as age, previous damage, restoration, repair and wear and tear. Their nature means that they will rarely be in perfect **condition**. **Lots** are sold 'as is', in the **condition** they are in at the time of the sale, without any representation or **warranty** or assumption of liability of any kind as to **condition** by Christie's or by the seller.

(b) Any reference to **condition** in a catalogue entry or in a **condition** report will not amount to a full description of **condition**, and images may not show a **lot** clearly. Colours and shades may look different in print or on screen to how they look on physical inspection. **Condition** reports may be available to help you evaluate the **condition** of a **lot**. **Condition** reports are provided free of charge as a convenience to our buyers and are for guidance only. They offer our opinion but they may not refer to all faults, inherent defects, restoration, alteration or adaptation because our staff are not professional restorers or conservators. For that reason they are not an alternative to examining a **lot** in person or taking your own professional advice. It is your responsibility to ensure that you have requested, received and considered any **condition** report.

4 VIEWING LOTS PRE-AUCTION

(a) If you are planning to bid on a **lot**, you should inspect it personally or through a knowledgeable representative before you make a bid to make sure that you accept the description and its **condition**. We recommend you get your own advice from a restorer or other professional adviser.

(b) Pre-auction viewings are open to the public free of charge. Our specialists are available to answer questions at pre-auction viewings or by appointment.

5 ESTIMATES

Estimates are based on the **condition**, rarity, quality and **provenance** of the **lots** and on prices recently paid at auction for similar property. **Estimates** can change. Neither you, nor anyone else, may rely on any **estimates** as a prediction or guarantee of the actual selling price of a **lot** or its value for any other purpose. **Estimates** do not include the buyer's premium or any applicable taxes.

6 WITHDRAWAL

Christie's may, at its option, withdraw any **lot** at any time prior to or during the sale of the **lot**. Christie's has no liability to you for any decision to withdraw.

7 JEWELLERY

(a) Coloured gemstones (such as rubies, sapphires and emeralds) may have been treated to improve their look, through methods such as heating and oiling. These methods are accepted by the international jewellery trade but may make the gemstone less strong and/or require special care over time.

(b) All types of gemstones may have been improved by some method. You may request a gemmological report for any item which does not have a report if the request is made to us at least three weeks before the date of the auction and you pay the fee for the report.

(c) We do not obtain a gemmological report for every gemstone sold in our auctions. Where we do get gemmological reports from internationally accepted gemmological laboratories, such reports will be described in the catalogue. Reports from American gemmological laboratories will describe any improvement or treatment to the gemstone. Reports from European gemmological laboratories will describe any improvement or treatment only if we request that they do so, but will confirm when no improvement or treatment has been made. Because of differences in approach and technology, laboratories may not agree whether a particular gemstone has been treated, the amount of treatment or whether treatment is permanent. The gemmological laboratories will only report on the improvements or treatments known to the laboratories at the date of the report.

(d) For jewellery sales, **estimates** are based on the information in any gemmological report or, if no report is available, assume that the gemstones may have been treated or enhanced.

8 WATCHES & CLOCKS

(a) Almost all clocks and watches are repaired in their lifetime and may include parts which are not original. We do not give a **warranty** that any individual component part of any watch or clock is **authentic**. Watchbands described as 'associated' are not part of the original watch and may not be **authentic**. Clocks may be sold without pendulums, weights or keys.

(b) As collectors' watches or clocks often have very fine and complex mechanisms, a general service, change of battery or further repair work may be necessary, for which you are responsible. We do not give a **warranty** that any watch or clock is in good working order. Certificates are not available unless described in the catalogue.

(c) Most watches have been opened to find out the type and quality of movement. For that reason, watches with water resistant cases may not be waterproof and we recommend you have them checked by a competent watchmaker before use.

Important information about the sale, transport and shipping of watches and watchbands can be found in paragraph H2(g).

9 WINE

Please see the Important Notices and Explanation of Cataloguing Practice section of this catalogue for further details. These important notices and explanations form part of these **Conditions of Sale**.

B REGISTERING TO BID

1 NEW BIDDERS

(a) If this is your first time bidding at Christie's or you are a returning bidder who has not bought anything from any of our salerooms within the last two years you must register at least 48 hours before an auction to give us enough time to process and approve your registration. We may, at our option, decline to permit you to register as a bidder. You will be asked for the following:

(i) for individuals: Photo identification (driving licence, national identity card or passport) and, if not shown on the ID document, proof of your current address (for example, a current utility bill or bank statement).

(ii) for corporate clients: Your Certificate of Incorporation or equivalent document(s) showing your name and registered address together with documentary proof of directors and beneficial owners; and

(iii) for trusts, partnerships, offshore companies and other business structures, please contact us in advance to discuss our requirements. For help, please contact our Client Services on +41 22 319 1740.

(b) We may also ask you to give us a financial reference and/or a deposit as a **condition** of allowing you to bid. For help, please contact our Client Services on +41 22 319 1740.

2 RETURNING BIDDERS

We may at our option ask you for current identification as described in paragraph B1(a) above, a financial reference or a deposit as a **condition** of allowing you to bid. If you have not bought anything from any of our salerooms in the last two years or if you want to spend more than on previous occasions, please contact our Client Services on +41 22 319 1740.

3 IF YOU FAIL TO PROVIDE THE RIGHT DOCUMENTS

If in our opinion you do not satisfy our bidder identification and registration procedures including, but not limited to completing any anti-money laundering and/or anti-terrorism financing checks we may require to our satisfaction, we may refuse to register you to bid, and if you make a successful bid, we may cancel the contract for sale between you and the seller.

4 BIDDING ON BEHALF OF ANOTHER PERSON

(a) As authorised bidder: If you are bidding on behalf of another person, that person will need to complete the registration requirements above before you can bid, and supply a signed letter authorising you to bid for him/her.

(b) As agent for an undisclosed principal: If you are bidding as an agent for an undisclosed principal (the ultimate buyer/s), you accept personal liability to pay the **purchase price** and all other sums due. Further, you warrant that:

(i) you have conducted appropriate customer due diligence on the ultimate buyer/s of the **lot(s)** in accordance with any and all applicable anti-money laundering and sanctions laws, consent to us relying on this due diligence, and you will retain for a period of not less than 5 years the documentation and records evidencing the due diligence;

(ii) you will make such documentation and records (including originals) evidencing your due diligence promptly available for immediate inspection by an independent third-party auditor upon our written request to do so. We will not disclose such documentation and records to any third-parties unless (1) it is already in the public domain, (2) it is required to be disclosed by law, or (3) it is in accordance with anti-money laundering laws;

(iii) the arrangements between you and the ultimate buyer/s are not designed to facilitate tax crimes;

(iv) you do not know, and have no reason to suspect, that the funds used for settlement are connected with, the proceeds of any criminal activity including tax crimes, or that the ultimate buyer/s are under investigation, charged with or convicted of money laundering, terrorist activities or other money laundering predicate crimes.

A bidder accepts personal liability to pay the **purchase price** and all other sums due unless it has been agreed in writing with Christie's before commencement of the auction that the bidder is acting as an agent on behalf of a named third party acceptable to Christie's and that Christie's will only seek payment from the named third party.

5 BIDDING IN PERSON

If you wish to bid in the saleroom you must register for a numbered bidding paddle at least 30 minutes before the auction. You may register online at www.christies.com or in person. For help, please contact the Client Services on +41 22 319 1740.

6 BIDDING SERVICES

The bidding services described below are a free service offered as a convenience to our clients and Christie's is not responsible for any error (human or otherwise), omission or breakdown in providing these services.

(a) Phone Bids

Your request for this service must be made no later than 24 hours prior to the auction. We will accept bids by telephone for **lots** only if our staff are available to take the bids. If you need to bid in a language other than in English, you must arrange this well before the auction. We may record telephone bids. By bidding on the telephone, you are agreeing to us recording your conversations. You also agree that your telephone bids are governed by these **Conditions of Sale**.

(b) Internet Bids on Christie's Live™

For certain auctions we will accept bids over the Internet. Please visit www.christies.com/livebidding and click on the 'Bid Live' icon to see details of how to watch, hear and bid at the auction from your computer. As well as these **Conditions of Sale**, internet bids are governed by the Christie's LIVE™ terms of use which are available on www.christies.com.

(c) Written Bids

You can find a Written Bid Form at the back of our catalogues, at any Christie's office or by choosing the sale and viewing the **lots** online at www.christies.com. We must receive your completed Written Bid Form at least 24 hours before the auction. Bids must be placed in the currency of the saleroom. The auctioneer will take reasonable steps to carry out written bids at the lowest possible price, taking into account the reserve. If you make a written bid on a **lot** which does not have a reserve and there is no higher bid than yours, we will bid on your behalf at around 50% of the **low estimate** or, if lower, the amount of your bid. If we receive written bids on a **lot** for identical amounts, and at the auction these are the highest bids on the **lot**, we will sell the **lot** to the bidder whose written bid we received first.

C AT THE SALE

1 WHO CAN ENTER THE AUCTION

We may, at our option, refuse admission to our premises or decline to permit participation in any auction or to reject any bid.

2 RESERVES

Unless otherwise indicated, all **lots** are subject to a reserve. We identify **lots** that are offered without reserve with the symbol **-** next to the **lot** number. The reserve cannot be more than the **lot's low estimate**.

3 AUCTIONEER'S DISCRETION

The auctioneer can at his sole option:

- refuse any bid;
- move the bidding backwards or forwards in any way or she may decide, or change the order of the **lots**;
- withdraw any **lot**;
- divide any **lot** or combine any two or more **lots**;
- reopen or continue the bidding even after the hammer has fallen; and
- in the case of error or dispute and whether during or after the auction, to continue the bidding, determine the successful bidder, cancel the sale of the **lot**, or reoffer and resell any **lot**. If any dispute relating to bidding arises during or after the auction, the auctioneer's decision in exercise of this option is final.

4 BIDDING

The auctioneer accepts bids from:

- bidders in the saleroom;
- telephone bidders, and internet bidders through 'Christie's LIVE™' (as shown above in Section B6); and
- written bids (also known as absentee bids or commission bids) left with us by a bidder before the auction.

5 BIDDING ON BEHALF OF THE SELLER

The auctioneer may, at his or her sole option, bid on behalf of the seller up to but not including the amount of the reserve either by making consecutive bids or by making bids in response to other bidders. The auctioneer will not identify these as bids made on behalf of the seller and will not make any bid on behalf of the seller at or above the reserve. If **lots** are offered without reserve, the auctioneer will generally decide to open the bidding at 50% of the **low estimate** for the **lot**. If no bid is made at that level, the auctioneer may decide to go backwards at his or her sole option until a bid is made, and then continue up from that amount. In the event that there are no bids on a **lot**, the auctioneer may deem such **lot** unsold.

6 BID INCREMENTS

Bidding generally starts below the **low estimate** and increases in steps (bid increments). The auctioneer will decide at his or her sole option where the bidding should start and the bid increments. The usual bid increments are shown for guidance only on the Written Bid Form at the back of this catalogue.

7 CURRENCY CONVERTER

The saleroom video screens (and Christie's LIVE™) may show bids in some other major currencies as

well as Swiss Francs. Any conversion is for guidance only and we cannot be bound by any rate of exchange used. Christie's is not responsible for any error (human or otherwise), omission or breakdown in providing these services.

8 SUCCESSFUL BIDS

Unless the auctioneer decides to use his or her discretion as set out in paragraph C3 above, when the auctioneer's hammer strikes, we have accepted the last bid. This means a contract for sale has been formed between the seller and the successful bidder. We will issue an invoice only to the registered bidder who made the successful bid. While we send out invoices by post and/or email after the auction, we do not accept responsibility for telling you whether or not your bid was successful. If you have bid by written bid, you should contact us by telephone or in person as soon as possible after the auction to get details of the outcome of your bid to avoid having to pay unnecessary storage charges.

9 LOCAL BIDDING LAWS

You agree that when bidding in any of our sales that you will strictly comply with all local laws and regulations in force at the time of the sale for the relevant sale site.

D THE BUYER'S PREMIUM AND TAXES

1 THE BUYER'S PREMIUM

In addition to the **hammer price**, the successful bidder agrees to pay us a buyer's premium on the **hammer price** of each **lot** sold. On all **lots** we charge 25% of the **hammer price** up to and including CHF 150,000, 20% on that part of the **hammer price** over CHF 150,000 and up to and including CHF 2,500,000, and 12% of that part of the **hammer price** above CHF 2,500,000. **For wine the premium is 17.5% of the hammer price.**

2 TAXES

The successful bidder is responsible for any applicable tax including any VAT, sales or compensating use tax or equivalent tax wherever they arise on the **hammer price** and the **buyer's premium**. It is the buyer's responsibility to ascertain and pay all taxes due. You can find details on how VAT and VAT reclaims are dealt with in the section of the catalogue headed 'VAT Symbols and Explanation'. VAT charges and refunds depend on the particular circumstances of the buyer so this section, which is not exhaustive, should be used only as a general guide. In all circumstances EU and Swiss law takes precedence. If you have any questions about VAT, please contact Christie's Client Services on clientservicesgeneva@christies.com Tel: +41 22 319 1740.

E WARRANTIES

1 SELLER'S WARRANTIES

For each **lot**, the seller gives a **warranty** that the seller: (a) is the owner of the **lot** or a joint owner of the **lot** acting with the permission of the other co-owners or, if the seller is not the owner or a joint owner of the **lot**, has the permission of the owner to sell the **lot**, or the right to do so in law; and (b) has the right to transfer ownership of the **lot** to the buyer without any restrictions or claims by anyone else. If either of the above **warranties** are incorrect, the seller shall not have to pay more than the **purchase price** (as defined in paragraph F1(a) below) paid by you to us. The seller will not be responsible to you for any reason for loss of profits or business, expected savings, loss of opportunity or interest, costs, damages, other damages or expenses. The seller gives **no warranty** in relation to any **lot** other than as set out above and, as far as the seller is allowed by law, all **warranties** from the seller to you, and all other obligations upon the seller which may be added to this agreement by law, are excluded.

2 GUARANTEE IN RELATION TO WINES AND SPIRITS

(a) Subject to the obligations accepted by Christie's under this **authenticity warranty**, none of the seller, Christie's, its employees or agents is responsible for the correctness of any statement as to the authorship, origin, date, age, attribution, genuineness or provenance of any **lot**, for any other error of description or for any fault or defect in any **lot** and no warranty whatsoever is given by the seller, Christie's, its employees or agents in respect of any **lot** and any express or implied condition or warranty is hereby excluded:

(b) if (i) within twenty-one days of the date of the auction, Christie's has received notice in writing from the buyer of any **lot** that in his view the **lot** was at the date of the auction short or ullaged or that any statement of opinion in the catalogue was not well founded, (2) within fourteen days of such notice, Christie's has the **lots** in its possession in the same condition as at the date of the auction and (3) within a reasonable time thereafter, the buyer satisfies Christie's that the **lot** was notified in writing by the buyer (as above) and that the buyer is able to transfer a good and marketable title to the **lot** free from any lien or encumbrance, Christie's will set aside the sale and refund the buyer any amount paid by the buyer in respect of the **lot** provided that the buyer shall have no rights under this **authenticity warranty** if:

- The defect is mentioned in the catalogue, or
- the catalogue description as the date of the auction was in accordance with the then generally accepted opinion of scholars or experts fairly indicated there to be a conflict of such opinion, or
- it can be established that the **lot** was notified in writing by the buyer (as above) only by means of a scientific process not generally accepted for use until after the publication of the catalogue or by means of a process which at the date of the auction was unreasonably expensive or impracticable or likely to have caused damage to the **lot**. (See also notes on ullages and corks in the Important Notices and Explanation of Cataloguing Practice section of this catalogue.)

(c) the buyer shall not be entitled to claim under this **authenticity warranty** for more than the amount paid by him for the **lot** and in particular shall have no claim for any loss, consequential loss or damage whether direct or indirect suffered by him;

(d) the benefit of this guarantee shall not be assignable and shall rest solely and exclusively with the buyer who shall be the person to whom the original invoice was made out by Christie's in respect of the **lot** when sold and who has since the sale retained uninterrupted, unnumbered ownership thereof.

F PAYMENT

1 HOW TO PAY

- Immediately following the auction, you must pay the **purchase price** being:
 - the **hammer price**, and
 - the **buyer's premium**; and
- any amounts due under section D2 above; and
- any duties, goods, sales, use, compensating or service tax or VAT.

Payment is due no later than by the end of the seventh calendar day following the date of the auction (the **due date**).

(b) We will only accept payment from the registered bidder. Once issued, we cannot change the buyer's name on an invoice or re-issue the invoice in a different name. You must pay immediately even if you want to export the **lot** and you need an export licence.

(c) You must pay for **lots** bought at Christie's in Switzerland in the currency stated on the invoice in one of the following ways:

- Wire transfer.

You must send a completed CNP authorisation form by fax to +41 22 319 17 67 or by post to the address set out in paragraph (d) below. If you want to make a CNP payment over the telephone, you must call +41 22 319 17 40. CNP payments cannot be accepted by all salerooms and are subject to certain restrictions. Details of the **conditions** and restrictions applicable to credit card payments are available from our Cashiers Department, whose details are set out in paragraph (d) below.

If you pay for your purchase using a credit card issued outside the region of the sale, depending on the type of credit card and account you hold, the payment may incur a cross-border transaction fee. If you think this may apply to you, please check with your credit card issuer before making the payment. We reserve the right to charge you any transaction or processing fees which we incur when processing your payment.

Please note that for sales that permit online payment, certain transactions will be ineligible for credit card payment.

(e) For more information please contact our Cashiers Department by phone on +41 22 319 17 40 or fax on +41 22 319 1767.

2. TRANSFERRING OWNERSHIP TO YOU

If you make the highest bid accepted by the auctioneer, you will be the **buyer of the lot**. The striking of the auctioneer's hammer marks the conclusion of a contract of sale between the seller and you. However, ownership in the **lot** will only transfer from the seller to you once we have received full and clear payment of the **purchase price**. The lot will not be released until we have received full payment of the **purchase price**.

3 TRANSFERRING RISK TO YOU

The risk in and responsibility for the **lot** will transfer to you from whichever is the earlier of the following:

(a) When you collect the **lot**, or

(b) At the end of the 30th day following the date of the auction or, if earlier, the date the **lot** is taken into care by a third party warehouse as set out on the page headed 'Storage and Collection', unless we have agreed otherwise with you.

4 WHAT HAPPENS IF YOU DO NOT PAY

(a) If you fail to pay us the **purchase price** in full by the **due date**, we will be entitled to do one or more of the following (as well as enforce our rights under paragraph F5 and any other rights or remedies we have by law):
(i) to charge interest from the **due date** at a rate of 1% per month on the unpaid amount due;

(ii) we can cancel the sale of the **lot**. If we do this, we may sell the **lot** again, publicly or privately on such terms we shall think necessary or appropriate, in which case you must pay us any shortfall between the **purchase price** and the proceeds from the resale. You must also pay all costs, expenses, losses, damages and legal fees we have to pay or may suffer and any shortfall in the seller's commission on the resale;

(iii) we can pay the seller an amount up to the net proceeds payable in respect of the amount bid by your default in which case you acknowledge and understand that Christie's will have all of the rights of the seller to pursue you for such amounts;

(iv) we can hold you legally responsible for the **purchase price** and may begin legal proceedings to recover it together with other losses, interest, legal fees and costs as far as we are allowed by law;

(v) we can take what you owe us from any amounts which we or any company in the **Christie's group** may owe you (including any deposit or other part-payment which you have paid to us);

(vi) we can, at our option, reveal your identity and contact details to the seller;

(vii) we can reject at any future auction any bids made by or on behalf of the buyer or to obtain a deposit from the buyer before accepting any bids;

(viii) to exercise all the rights and remedies of a person holding security over any property in our possession owned by you, whether by way of pledge, security interest or in any other way as permitted by the law of the place where such property is located. You will be deemed to have granted such security to us and we may retain such property as collateral security for your obligations to us; and

(ix) we can take any other action we see necessary or appropriate.

(b) If you owe money to us or to another **Christie's group** company, we can use any amount you do pay, including any deposit or other part-payment you have made to us, or which we owe you, to pay off any amount you owe to us or another **Christie's group** company for any transaction.

(c) If you make payment in full after the **due date**, and we choose to accept such payment we may charge you storage and transport costs from the date that is 30 calendar days following the auction in accordance with paragraphs Gd(i) and (ii). In such circumstances paragraph Gd(iv) shall apply.

5 KEEPING YOUR PROPERTY

If you owe money to us or to another **Christie's group** company, as well as the rights set out in F4 above, we can use or deal with any of your property we hold or which is held by another **Christie's group** company in any way we are allowed to by law. We will only release your property to you after you pay us or the relevant **Christie's group** company in full for what you owe. However, if we choose, we can also sell your property in any way we think appropriate. We will use the proceeds of the sale against any amounts you owe us and we will pay any amount left from that sale to you. If there is a shortfall, you must pay us any difference between the amount we have received from the sale and the amount you owe us.

G COLLECTION AND STORAGE

1 COLLECTION

(a) We ask that you collect purchased **lots** promptly following the auction (but note that you may not collect any **lot** until you have made full and clear payment of all amounts due to us).

(b) Information on collecting **lots** is set out on the storage and collection page and on an information sheet which you can get from the bidder registration staff or Christie's Cashiers +41 22 319 17 40.

(c) If you do not collect any **lot** promptly following the auction we can, at our option, remove the **lot** to another Christie's location or an affiliate or third party warehouse.

(d) If you do not collect a **lot** within the period set out in the storage and collection page then, unless otherwise agreed in writing:

(i) we will charge you storage costs from that date.

(ii) we can, at our option, move the **lot** to or within an affiliate or third party warehouse and charge you transport costs and handling fees for doing so.

(iii) we may sell the **lot** in any commercially reasonable way we think appropriate.

(iv) the storage terms shall apply.

(v) Nothing in this paragraph is intended to limit our rights under paragraph F4.

H TRANSPORT AND SHIPPING

1 TRANSPORT AND SHIPPING

You must make all transport and shipping arrangements. All deliveries in Switzerland will be carried out by Fert & Cie Transports S.A. 2 rue Fendt, 1201 Geneva 1.

You can find more information on deliveries on the page 'Important notices and explanation of catalogue practice'.

2 EXPORT AND IMPORT

Any **lot** sold at auction may be affected by laws on exports from the country in which it is sold and the import restrictions of other countries. Many countries require a declaration of export for property leaving the country and/or an import declaration on entry of property into the country. Local laws may prevent you from importing a **lot** or may prevent you selling a **lot** in the country you import it into.

(a) You alone are responsible for getting advice about and meeting the requirements of any laws or regulations which apply to exporting or importing any **lot** prior to bidding. If you are refused a licence or there is a delay in getting one, you must still pay us in full for the **lot**. We may be able to help you apply for the appropriate licences if you ask us to and pay our fee for doing so. However, we cannot guarantee that you will get one. For more information, please contact Christie's Art Transport Department on +41 (0)22 319 1717. See the information set out at www.christies.com/shipping or contact us at shippinggeneva@christies.com.

(b) Lots made of protected species

Lots made of or including (regardless of the percentage) endangered and other protected species of wildlife are marked with the symbol – in the catalogue. This material includes, among other things, ivory, tortoiseshell, crocodile skin, rhinoceros horn, walrusbone, certain species of coral, and Brazilian rosewood. You should check the relevant customs laws and regulations before bidding on any **lot** containing wildlife material if you plan

to import the **lot** into another country. Several countries refuse to allow you to import property containing these materials, and some other countries require a licence from the relevant regulatory agencies in the countries of exportation as well as importation. In some cases, the **lot** can only be shipped with an independent scientific confirmation of species and/or age and you will need to obtain these at your own cost. If a **lot** contains elephant ivory, or any other wildlife material that could be confused with elephant ivory (for example, mammoth ivory, walrus ivory, helmeted hornbill ivory), please see further important information in paragraph (c) if you are proposing to import the **lot** into the USA. We will not be obliged to cancel your purchase and refund the **purchase price** if your **lot** may not be exported, imported or it is seized for any reason by a government authority. It is your responsibility to determine and satisfy the requirements of any applicable laws or regulations relating to the export or import of property containing such protected or regulated material.

I OUR LIABILITY TO YOU

(a) We give no **warranty** in relation to any statement made, or information given, by us or our representatives or employees, about any **lot** other than as set out in the **authenticity warranty** and, as far as we are allowed by law, all **warranties** and other terms which may be added to this agreement by law are excluded. The seller's **warranties** contained in paragraph E1 are their own and we do not have any liability to you in relation to those **warranties**.

(b) (i) We are not responsible to you for any reason (whether for breaking this agreement or any other matter relating to your purchase of, or bid for, any **lot**) other than in the event of fraud or fraudulent misrepresentation by us or other than as expressly set out in these **Conditions of Sale**; or

(ii) give any representation, **warranty** or guarantee or assume any liability of any kind in respect of any **lot** with regard to merchantability, fitness for a particular purpose, description, size, quality, **condition**, attribution, **authenticity**, rarity, importance, medium, **provenance**, exhibition history, literature, or historical relevance. Except as required by local law, any **warranty** of any kind is excluded by this paragraph.

(c) In particular, please be aware that our written and telephone bidding services, Christie's LIVE™ **condition** reports, currency converter and saleroom video screens are free services and we are not responsible to you for any error (human or otherwise), omission or breakdown in these services.

(d) We have no responsibility to any person other than a buyer in connection with the purchase of any **lot**.

(e) If, in spite of the terms in paragraphs (a) to (d) or E2(i) above, we are found to be liable to you for any reason, we shall not have to pay more than the **purchase price** paid by you to us. We will not be responsible to you for any reason for loss of profits or business, loss of opportunity or value, expected savings or interest, costs, damages, or expenses.

J OTHER TERMS

1 OUR ABILITY TO CANCEL

In addition to the other rights of cancellation contained in this agreement, we can cancel a sale of a **lot** if we reasonably believe that completing the transaction is, or may be, unlawful or that the sale places us or the seller under any liability to anyone else or may damage our reputation.

2 RECORDINGS

We may videotape and record proceedings at any auction. We will keep any personal information confidential, except to the extent disclosure is required by law. However, we may, through this process, use or share these recordings with another **Christie's group** company and marketing partners to analyse our customers and to help us to tailor our services for buyers. If you do not want to be videotaped, you may make arrangements to make a telephone or written bid or bid on Christie's LIVE™ instead. Unless we agree otherwise in writing, you may not videotape or record proceedings at any auction.

3 COPYRIGHT

We own the copyright in all images, illustrations and written material produced by or for us relating to a **lot** (including the contents of our catalogues unless otherwise noted in the catalogue). You cannot use them without our prior written permission. We do not offer any guarantee that you will gain any copyright or other reproduction rights to the **lot**.

4 ENFORCING THIS AGREEMENT

If a court finds that any part of this agreement is not valid or is illegal or impossible to enforce, that part of the agreement will be treated as being deleted and the rest of this agreement will not be affected.

5 TRANSFERRING YOUR RIGHTS AND RESPONSIBILITIES

You may not grant a security over or transfer your rights or responsibilities under these terms on the contract of sale with the buyer unless we have given our written permission. This agreement will be binding on your successors or estate and anyone who takes over your rights and responsibilities.

6 TRANSLATIONS

If we have provided a translation of this agreement, we will use this original version in deciding any issues or disputes which arise under this agreement.

7 PERSONAL INFORMATION

We will hold and process your personal information and may pass it to another **Christie's group** company for use as described in, and in line with, our privacy policy at www.christies.com.

8 WAIVER

No failure or delay to exercise any right or remedy provided under these **Conditions** of Sale shall constitute a waiver of that or any other right or remedy, nor shall it prevent or restrict the further exercise of that or any other right or remedy. No single or partial exercise of such right or remedy shall prevent or restrict the further exercise of that or any other right or remedy.

9 LAW AND DISPUTES

This agreement, and any non-contractual obligations arising out of or in connection with this agreement, or any other rights you may have relating to the purchase of a **lot** will be governed by Swiss law. Before we or you start any court proceedings (except in the limited circumstances where the dispute, controversy or claim is related to proceedings brought by someone else and this dispute could be joined to those proceedings), we agree we will each try to settle the dispute by mediation following the Swiss Rules of a Commercial Mediation of the Swiss Chambers of Commerce and Industry (SCCI). We will use a mediator affiliated with SCCI who we and you agree to. If the dispute is not settled by mediation, you agree for our benefit that the dispute will be referred to and dealt with exclusively in the courts of the Canton of the sale location subject to any appeal to the Federal Tribunal. However, we will have the right to bring proceedings against you in any other court.

Sales totals are **hammer price** plus buyer's premium and do not reflect costs, financing fees, or application of buyer's or seller's credits. IMPORTANT NOTICES AND EXPLANATION OF CATALOGUING PRACTICE

CHRISTIE'S INTEREST IN PROPERTY CONSIGNED FOR AUCTION

▲ Property Owned in part or in full by Christie's

From time to time, Christie's may offer a **lot** which it owns in whole or in part. Such property is identified in the catalogue with the symbol ▲ next to its **lot** number.

◦ Minimum Price Guarantees

On occasion, Christie's has a direct financial interest in the outcome of the sale of certain lots consigned for sale. This will usually be where it has guaranteed to the Seller that whatever the outcome of the auction, the Seller will receive a minimum sale price for the work. This is known as a minimum price guarantee. Where Christie's holds such financial interest we identify such **lots** with the symbol ◦ next to the **lot** number.

◊ Third Party Guarantees/Irrevocable bids

Where Christie's has provided a Minimum Price Guarantee it is at risk of making a loss, which can be significant, if the **lot** fails to sell. Christie's therefore sometimes chooses to share that risk with a third party. In such cases the third party agrees prior to the auction to place an irrevocable written bid on the **lot**. The third party is therefore committed to bidding on the **lot** and, even if there are no other bids, buying the **lot** at the level of the written bid unless there are any higher bids. In doing so, the third party takes on all or part of the risk of the **lot** not being sold. If the **lot** is not sold, the third party may incur a loss. **Lots** which are subject to a third party guarantee arrangement are identified in the catalogue with the symbol ◊.

In most cases, Christie's compensates the third party in exchange for accepting this risk. Where the third party is the successful bidder, the third party's remuneration is based on a fixed financing fee. If the third party is not the successful bidder, the remuneration may either be based on a fixed fee or an amount calculated against the final **hammer price**. The third party may also bid for the **lot** above the written bid. Where the third party is the successful bidder, Christie's will report the final **purchase price** net of the fixed financing fee.

Third party guarantors are required by us to disclose to anyone they are advising their financial interest in any **lots** they are guaranteeing. However, for the avoidance of any doubt, if you are advised by or bidding through an agent on a **lot** identified as being subject to a third party guarantee you should always ask your agent to confirm whether or not he or she has a financial interest in relation to the **lot**.

Other Arrangements

Christie's may enter into other arrangements not involving bids. These include arrangements where Christie's has given the Seller an Advance on the proceeds of sale of the **lot** or where Christie's has shared the risk of a guarantee with a partner without the partner being required to place an irrevocable written bid or otherwise participating in the bidding on the **lot**. Because such arrangements are unrelated to the bidding process they are not marked with a symbol in the catalogue.

Bidding by parties with an interest

In any case where a party has a financial interest in a **lot** and intends to bid on it we will make a saleroom announcement to ensure that all bidders are aware of this. Such financial interests can include where beneficiaries of an Estate have reserved the right to bid on a **lot** consigned by the Estate or where a partner in a risk-sharing arrangement has reserved the right to bid on a **lot** and/or notified us of their intention to bid.

PROCEDURES

This auction will follow the same procedures as Christie's wine auctions in London. Catalogues will be available for sale at all Christie's offices. The sale will be conducted in French. Bids will be in Swiss Francs, per dozen bottles or per lot, as indicated in the catalogue. All wines are offered Swiss Duty Paid and will be grouped at Fert & Cie.

BIDS

Christie's will execute all bids free of charge. All telephone bids must be confirmed in writing or by fax 24 hours before the sale. Unfortunately, we cannot accept any bid by telephone during this sale.

PAYMENT AND BILLING

Buyers are reminded that the buyer's premium is 17.5% of the hammer price.

Invoices are in Swiss Francs and are mailed the day after the sale. Payments should reach the Geneva Christie's office within seven days. Wine purchases cannot be delivered until Christie's has received full payment of the purchase price (including any applicable taxes) in cleared funds.

OPTIONS TO BUY PARCELS

A parcel consists of several **lots** of the same wine of identical **lot** size, bottle size and description.

Bidding will start on the **first lot** of the parcel and the successful buyer of that **lot** is entitled to take some or all of the remaining **lots** in the parcel at the same **hammer price**.

If the buyer of the **first lot** does not take further **lots**, the remaining **lots** of the parcel will be offered in a similar fashion.

We recommend that a bid on a parcel **lot** be placed on the **first lot** of the parcel. If the bid is superseded, Christie's will automatically move your bid to the next identical **lot** and so on.

In all instances, such bids will be handled at the auctioneer's discretion.

ULLAGES AND CORKS OF OLD WINES

Wines are described in this catalogue as correctly as can be ascertained at time of going to press, but buyers of old wines must make appropriate allowances for natural variations of ullages, conditions of cases, labels, corks and wine. No returns will be accepted.

ULLAGE

The amount by which level of wine is short of being full; these levels may vary according to age of the wines and, as far as can be ascertained by inspection prior to the sale, are described in the catalogue.

LEVEL/ULLAGE DESCRIPTIONS AND INTERPRETATIONS

(see notes below)

BORDEAUX

BURGUNDY

- 1 into neck: Level of young wines. Exceptionally good in wines over 10 years old.
- 2 bottom neck: Perfectly good for any age of wine. Outstandingly good for a wine of 20 years in bottle, or longer.
- 3 very top-shoulder
- 4 top-shoulder: Normal for any claret 15 years old or older.
- 5 upper-shoulder: Slight natural reduction through the easing of the cork and evaporation through cork and capsule. Usually no problem. Acceptable for any wine over 20 years old. Exceptional for pre-1950 wines.

- 6 mid-shoulder: Probably some weakening of the cork and some risk. Not abnormal for wines 30/40 years of age. Estimates usually take this into account.
- 7 mid-low-shoulder: Some risk. Low estimates.
- 8 low-shoulder: Risky and usually only accepted for sale if wine or label exceptionally rare or interesting. Always offered with low estimate.

Because of the slope of shoulder it is impractical to describe levels as mid-shoulder, etc. Wherever appropriate the level between cork and wine will be measured and catalogued in centimetres.

The condition and drinkability of burgundy is less affected by ullage than its equivalent from Bordeaux. For example, a 5 to 7 cm. ullage in a 30-year-old burgundy can be considered normal, indeed good for age, 3.5 to 4 cm. excellent for age, even 7cm. rarely a risk.

BOTTLE SIZES

- magnum = two regular bottles
- marie-jeanne = three regular bottles
- double-magnum = four regular bottles
- jeroboam = four regular bottles (Burgundy, Champagne)
- jeroboam (Bordeaux) = six regular bottles (or 5 litres)
- impériale = eight regular bottles (Bordeaux)
- methuselah = eight regular bottles (Burgundy)

SPECIAL NOTICE

Though every effort is made to describe or measure the levels of older vintages, corks over 20 years old begin to lose their elasticity and levels can change between cataloguing and sale. Old corks have also been known to fail during or after shipment.

We therefore repeat that there is always a risk of cork failure with old wines and due allowance must be made for this.

Under no circumstances can an adjustment of price or credit be made after delivery except under the terms stated in Paragraph E2 of the Conditions of Sale.

Unless otherwise stated, Bordeaux are château bottled and all wines are bottled in the country of production.

Important note regarding opening of cases and listing of levels: Christie's and NYWines general policy is to open all wood cases and to describe levels. Bidders must make allowances for reasonable variations in ullage which may be encountered in cases from the 1984 vintage and older. Additionally, all wine from vintages 1985 and younger have levels bottom neck or better unless otherwise noted.
