THE PATH TO THE PODIUM

The objects in this catalogue have lived many lives. Crafted by master artisans, treasured by collectors, passed down through families—each carries its own rich history. When it arrives at our auction house, a new journey begins: one of careful evaluation, expert presentation and ultimately, finding its next owner.

The journey begins when an object arrives at one of our 175 offices, where specialists carefully examine and evaluate it. With their expertise, eye for detail and market knowledge, they determine its value and potential. Each piece is assessed not just for what it is, but for what it represents to collectors worldwide.

Next, the object is prepared for auction. Our photographers capture it in optimal lighting, revealing every detail that makes it special. Product specialists create descriptions that inform and inspire, helping you understand the story and significance behind each piece. Our marketing team brings this together in a catalogue designed to invite discovery.

Behind the scenes, many colleagues contribute to your experience. Logistics teams ensure each object is safely stored until it is carefully shipped to its new owner. IT specialists make sure every lot is perfectly presented on our website and that online bidding runs smoothly. Our facility and security teams create a safe and welcoming environment where you can experience objects up close during viewing days.

Then comes the moment of auction. Our auctioneer guides each lot with attention and rhythm, bringing sellers and buyers together in an exciting yet accessible process. What begins as an object becomes a new chapter with a new owner.

This journey—from consignment to hammer—is only possible through the dedication of all our colleagues, each contributing quality, reliability and care. We thank our consignors for their trust and our buyers for their engagement. We hope you enjoy following the journey of the lots in this catalogue and warmly welcome you to our viewing days and auction.

Kind regards,
The Auction Team

CEYLON SAPPHIRES: TREASURES FROM THE ISLAND OF GEMS

Among the treasures in our March 2026 auction, one category stands out for its timeless appeal: sapphires from Sri Lanka, known as “Ceylon sapphires”. For over two millennia, these remarkable gemstones have been treasured by collectors and royalty worldwide. Their exceptional clarity and vibrant colours have made them both treasured heirlooms and valuable investments.

314.

A geological treasure trove

Sri Lanka’s gemstone wealth stems from its unique geology. Ancient metamorphic rock formations cover approximately one quarter of the country, containing remarkable concentrations of precious gemstones. Sapphires account for more than half of all gems extracted. The Ratnapura mining region has yielded exceptional stones for centuries, with historical records showing these gems reached international markets as far back as the second century AD.

From cornflower blue to sunset hues

The classic Ceylon sapphire displays a distinctive medium blue tone, often described as cornflower blue, frequently accented with delicate violet notes. This characteristic colouration makes Ceylon stones instantly recognizable to experts. However, Sri Lankan mines produce far more than blue varieties, yielding sapphires spanning the colour spectrum: soft pinks, warm yellows, vibrant oranges and even rich greens.

A royal legacy

The connection between Ceylon sapphires and European royalty runs deep. Queen Victoria received a stunning blue Ceylon sapphire brooch from Prince Albert as a wedding gift in 1840. The most iconic example remains Princess Diana’s engagement ring, featuring a 12-carat Ceylon sapphire surrounded by diamonds. When Prince Charles selected it in 1981, the ring cost approximately €55,000. Today, worn by Catherine, Princess of Wales, experts value it above €550,000, demonstrating how exceptional Ceylon sapphires appreciate significantly over time.

The world’s finest sources

The world’s most prestigious sapphires come from three legendary sources. Kashmir sapphires from India, considered the absolute pinnacle, are virtually unobtainable as the mines ceased production in the late 1800s. Burma sapphires from Myanmar represent a comparable level of excellence but remain exceptionally rare and expensive. This scarcity has elevated Ceylon stones as the top choice for discerning collectors, offering world-class beauty, superior clarity and excellent colour.

Featured in our March auction

Our March 2026 auction showcases an exceptional selection of Ceylon sapphires, presented both as unmounted stones and in fine jewelry. The crown jewel is lot #173, featuring a certified natural untreated Ceylon sapphire of 7.50 ct. Alongside this remarkable piece, we present numerous Ceylon sapphire lots that exemplify the outstanding quality these gems are known for, offering collectors the opportunity to acquire gemstones of genuine distinction.

A MASTERPIECE OF

THE 1652 YORK STEEPLE CUP

Our March 2026 auction presents a truly exceptional piece of English silver history: a magnificent steeple cup crafted in 1652 by John Thompson of York. This imposing ceremonial cup, complete with its original removable cover and dramatic tower-like finial, represents the height of 17th-century English silversmithing. Standing 48 centimeters tall and weighing over 1176 grams of sterling silver, this museum-quality piece combines artistic excellence with historical significance.

The art of the steeple cup

Steeple cups earned their name from the distinctive architectural finial that crowns their covers, resembling a tower. These impressive ceremonial cups emerged in early 17th-century England, crafted in silver with elaborate decoration. The vertical form creates a commanding presence that reflects both status and craftsmanship, creating a monument in silver that captures attention from across any room.

Royal connections and civic pride

The cover features a commemorative medal mounted at its center, honouring Prince Charles, born and christened in 1630. The inscription reads "In Honor Caro Princ Mag Bri Fr Et Hi Nat 29 Maii 1630." Prominently engraved on the cup's body is the coat of arms of York, a proud symbol of the city. During the Stuart period, steeple cups like this were commissioned as prestigious gifts for important occasions or to honour distinguished individuals.

Mythical creatures from ocean depths

The cup's surface displays richly engraved and hammered sea creatures, fantastical figures from the mysterious depths of the ocean and mythical maritime powers. These dynamic ornaments reflect both classical mythology and 17th-century fascination with seafaring exploration. The detailed craftsmanship demonstrates the exceptional skill of Stuart-era silversmiths.

Surviving the centuries

The remarkable survival of this 1652 steeple cup is extraordinary. Throughout history, countless silver objects were melted down during wars or economic crises. The English Civil War saw widespread destruction of precious metalwork, making Stuart-era pieces exceptionally rare. This cup's excellent condition, with its warm patina and crisp details, testifies to centuries of careful preservation. Similar examples reside in prestigious collections including the Metropolitan Museum of Art in New York and the Victoria and Albert Museum in London.

A testament to York craftsmanship

John Thompson created this masterpiece in York in 1652, as confirmed by the hallmarks: the York town mark, maker's mark (IT above a flower), and year letter X. Hans Herweijer, Silver Expert at Goudwisselkantoor: "The level of craftsmanship here is exceptional, even by Stuart-period standards. What makes this piece truly special is the combination of the royal commemorative medal, the York coat of arms and its remarkable preservation. Steeple cups of this quality rarely appear on the market." This represents an unparalleled opportunity to acquire a museum-quality piece that embodies the masterful artistry of 17th-century England.

708. WOLFERS FRÈRES ART DECO CANDELABRA, MODEL WOTAN, BRUSSELS 1935-1942, SILVER

A rare and extremely elegant five-armed candelabra in pure Art Deco style, the "Wotan" model, crafted by the prestigious silver workshop Wolfers Frères in Brussels, circa 1935-1942. This imposing candelabra is among the Wolfers brothers' most refined creations and testifies to their sublime craftsmanship and artistic vision. The "Wotan" model was personally selected by Wolfers to adorn the table of honor in the Pavilion of Honor at the 1935 Brussels World's Fair, a showcase of Belgian art and design at an international level. This same example was later exhibited at the prestigious exhibition "Art Deco Silver Antwerp-Brussels-Ghent" at the Sterckshof Museum in Deurne in 1996. The name of this sculptural masterpiece refers to Wotan, the supreme god and father of the Valkyries in Richard Wagner's epic cycle, The Ring of the Nibelungs—an evocation that perfectly complements the monumental appearance and symbolism of the design. Cast in exceptionally high-quality silver of .950 fineness - a rarity in Belgian silversmithing - and marked with the three-star master mark of Wolfers Frères, used between 1935 and 1942. This makes the candelabrum not only a stylistic icon of the interbellum, but also a rare collector's item of museum quality. Brussels, Belgium, Wolfers Frères, 1935-1942. Hallmarks: maker's mark, 950, Dutch import marks. Weight: 1274.7 grams, 950/1000. Dimensions (height x width x depth): 13.5 x 27 x 26 x cm.

BIDDING

BIDDING

Goudwisselkantoor offers you various options to bid; online, in writing, by telephone or directly in the hall (only during live auctions). Read about these different bidding options below.

PRIOR TO THE AUCTION

In the weeks prior to the live auction, you can place bids at your leisure until the moment the lot goes under the hammer in the live auction. During the prebid, you can bid both in writing and online.

A written bid can be submitted by means of attached bid form, that can also be downloaded from our website. Please fill in this form as complete as possible and send it to us by regular mail or e-mail. Written bids must reach us no later than 24 hours before the start of the action, otherwise we cannot process them.

An online bid can be submitted as follows: on our website, log in with your email address and password and go to the lot of your choice. Enter your bid amount and confirm; you will now get the choice between making your bid an auto bid or a normal bid. With an autobid you enter the maximum amount you want to bid. This amount will be saved and the auction system will automatically bid for you until your maximum is reached. The system increases your bid only when you are outbid by someone else and only up to the maximum amount specified by you. Through this option, you participate in the auction without having to follow the auction closely during the live session.

Would you rather place a one-time, single bid? This you can do by placing a 'normal' bid that is placed immediately. If you are outbid during the prebid period, you will receive a notification by email.

DURING THE AUCTION

There are three options for those who want to bid live during the auction. You can bid physically in the hall, live online via the internet or bid by telephone.

Bidding physically in the room - For this you will need a bid number, that you receive upon registering as a live bidder in the hall. Hold up this number (or your hand) to bid on the lot up for auction - when you have won the lot, the auctioneer asks you to hold up the number once more so that it can be noted by the auctioneer's assistant.

Bidding via the internet - You can follow the auction live via the internet. A live stream of the auction room will be available on our website so that you can listen and bid along with the audience. Make sure you are online on time and logged in, as the live auction can go very fast.

Please note: in the period prior to the live auction you will receive an email if you are outbid, but not during the live auction!

Bidding by telephone - If you would like to bid by telephone, we will reserve a phone line for you and we will call you as soon as the relevant lot is on the table. To register for telephone bidding, please complete the attached form and send it to our head office in Klaaswaal by e-mail or regular mail.

AFTER THE AUCTION

Are you interested in an unsold lot? Until 1 week after the auction you can purchase unsold lots during the 'aftersale' for the starting price plus buyer's premium.

Goudwisselkantoor biedt u verschillende opties om een bod uit te brengen, zoals via internet, schriftelijk of direct in de zaal. Hieronder leest u meer over onze biedmogelijkheden.

VÓÓR DE VEILING

In de dagen voorafgaand aan de live veiling, tijdens de zogeheten 'prebid' periode, kunt u op uw gemak vast biedingen plaatsen op uw favoriete kavels. Dit kan tót het moment waarop de live veiling begint en de betreffende zitting van start gaat. Tijdens de prebid kunt u zowel schriftelijk als online een bod uitbrengen.

Een schriftelijk bod uitbrengen doet u door middel van het bijgeleverde biedformulier, ook te downloaden via onze website. Vul dit formulier zo volledig mogelijk in en stuur dit naar ons toe via post of e-mail. Schriftelijke biedingen dienen uiterlijk 24 uur voor aanvang van de betreffende veiling bij ons binnen te zijn, anders kunnen wij ze helaas niet meer verwerken.

Een online bod brengt u als volgt uit: log in op onze website met uw emailadres en wachtwoord en ga naar het kavel. Vul uw bod in en bevestig; bij het invullen van uw bod heeft u de keuze tussen een autobod of een normaal bod. Met een autobod kunt u het maximumbedrag invoeren dat u wilt bieden. Dit bod wordt opgeslagen en zorgt ervoor dat het systeem automatisch voor u biedt, totdat uw maximum is bereikt. Het systeem verhoogt uw bod alléén op het moment dat u door iemand anders wordt overboden en slechts tot het door u opgegeven maximumbedrag. Zo blijft u de hoogsteieder, zonder dat u de veiling op de voet hoeft te volgen.

Wilt u liever eenmalig een bod uitbrengen op een kavel? Dat kan door middel van een 'normaal' bod dat direct geplaatst wordt. Indien u wordt overboden ontvang u een melding per mail.

TIJDENS DE VEILING

Voor wie live tijdens de veiling wil bieden zijn drie opties beschikbaar. U kunt in de zaal fysiek meebieden, live via internet deelnemen of telefonisch bieden.

Fysiek meebieden in de zaal - Hiervoor heeft u een biednummer nodig. Dit ontvangt u bij uw aanmelding in de zaal. Wanneer u een kavel heeft gewonnen en de veilingmeester uw biednummer vraagt, moet u uw biednummer omhoog houden zodat dit genoteerd kan worden.

Meebieden via internet - Wanneer u niet in de gelegenheid bent om fysiek in de zaal mee te bieden, kunt u de veiling live via internet volgen. Op onze website wordt een livestream van de veilingzaal uitgezonden, zodat u kunt meeluisteren en meebieden met de zaal. Zorg ervoor dat u op tijd klaar zit en ingelogd bent als u live mee wil bieden, de live veiling kan erg snel gaan.

Let op: tijdens de prebid periode krijgt u een melding als u overboden bent, tijdens de live veiling niet!

Telefonisch bieden - Als u telefonisch mee wilt bieden reserveren wij een lijn voor u en bellen wij u zodra het desbetreffende kavel wordt geveild. Om u aan te melden voor het telefonisch bieden, vragen wij u bijgevoegd formulier in te vullen en op sturen naar ons hoofdkantoor in Klaaswaal. U kunt dit formulier (tevens op onze website te vinden) ook mailen.

NA DE VEILING

Tot 1 week na de zaalveiling kunt u tijdens de 'aftersale' onverkochte kavels alsnog aanschaffen voor het inzetbedrag plus opgeld.

The sale takes place in cash, by debit card, by bank transfer or via a payment method offered online. To this is added 29.5% premium (25% premium at the auction of coins and banknotes). Cash payments are only permitted up to the maximum amount allowed by law. If the purchase amount exceeds this limit, the remaining amount must be paid by debit card, by bank transfer, or via an online payment method. Purchased lots will only be delivered or shipped after payment.

The VAT treatment depends on the type of buyer and the destination of the goods:

- For sales within the EU, both to private individuals and businesses, the margin scheme applies.
- For sales to buyers outside the EU, the 0% VAT rate applies, provided the goods are demonstrably exported to a destination outside the EU.
- If export to a country outside the EU cannot be demonstrated, the margin scheme remains applicable.

During the auction or after each session, there is an opportunity to take the purchased lots after payment, if there is a physical auction. If a lot is not picked up during or after the auction, the invoice will be sent to the buyer. If a customer pays within 7 days, the goods can be shipped or picked up. Shipping costs and transport insurance will be charged. Sending purchased lots by (registered) mail is at the risk of the buyer. The final collection period is 10 days after the last auction day. Pick-up days are Monday to Friday from 10:00 am - 4:00 pm.

Article 1 Applicability

- 1.1 These general terms and conditions of the auction apply to all auctions organised by AuctionNL BV, unless explicitly stated otherwise in a catalogue or communicated at the start of and during an auction.
- 1.2 Deviating from these general terms and conditions is only legally valid if it has been agreed in writing between AuctionNL BV and the buyer.
- 1.3 The applicability of the auction conditions will be made known to auction visitors by publication via the internet, upon registration of the auction participant and on the website of AuctionNL BV. The auction conditions are also available for inspection at the auction house. Anyone who participates in an auction hereby declares that he fully accepts the applicability of these terms and conditions.

Article 2 Duty to provide information and inspect

- 2.1 Descriptions in the catalogue and all written or oral information are provided by AuctionNL BV and its staff to the best of their knowledge.
- 2.2 Before the purchase, the buyer must carefully and expertly inspect the condition and description of an object in the catalogue or via the internet and must form his own opinion about the extent to which the object corresponds to its description. If certain defects or imperfections are mentioned in the catalogue or on the internet, this is intended to be an indication that is not exhaustive and from which the buyer cannot derive any rights.
- 2.3 AuctionNL BV accepts no liability for the correctness of the description in the catalogue or incorrect (oral) information, except insofar as provided for in article 6 of these terms and conditions.
- 2.4 The circulation figures and other details indicated by AuctionNL BV have been obtained from internationally known catalogues, professional literature, etc. We consider this information to be reliable, but we are excluded from liability in respect of it should the contrary be the case.
- 2.5 Additional provisions apply to the purchase of goods that may contain materials covered by the CITES Convention, such as coral (used in jewellery), rosewood, ivory, tortoiseshell (sometimes incorporated into silver items) and other related materials. Buyers are expected to:
 - know that exporting such goods outside the EU may require licenses.
 - recognize that some countries have strict CITES rules.
 - investigate the origin and provenance of the article independently.
 - be aware that AuctionNL BV is not liable for legal consequences related to the purchase of goods containing materials that fall under the CITES Convention.
 - understand that obtaining the necessary permits is always the responsibility of the buyer.
 - seek additional advice on CITES regulations, if necessary, prior to purchase.

By bidding on and/or purchasing goods that may be covered by the CITES Convention, the buyer acknowledges and accepts the above conditions and restrictions. The buyer is solely responsible for any damages that occur as a result of any applicable conditions or restrictions.

- 2.6 It is the buyer's responsibility to find out for themselves prior to purchase if any additional duties or import tariffs apply to the purchase. AuctionNL BV cannot be held responsible for informing the customer about such matters. It is the buyer's responsibility to inform themselves of any additional charges that may apply when importing the purchased good.

Article 3 Bidding

- 3.1 Bidding currency is in euros only.
- 3.2 The buyer can bid in person. The buyer also has an opportunity to bid by placing a written commission bid (purchase order). These written bids can be entered on veiling.goudwisselkantoor.nl. Other bidding methods, such as commission bids via internet or verbal bidding orders, are only available if they are explicitly offered by AuctionNL BV.
- 3.3 Written bidding orders (purchase orders) must be placed at AuctionNL BV 1 working day before the auction date. They must be unambiguous and clear, in the opinion of AuctionNL BV. AuctionNL BV may refuse written bidding orders without giving reasons.
- 3.4 AuctionNL BV may demand a deposit of up to 30% of the written bid order from the person who places a written bid order. The security deposit will be returned to the bidder if he is not the buyer. The deposit will be deducted from the purchase price to be paid if he is the buyer.
- 3.5 If there are multiple written or online bidding orders received by AuctionNL BV where the amounts to be bid are the same and these bids at auction are the highest bids on the object, the object will be sold to the person whose bid was received first by AuctionNL BV.
- 3.6 If multiple bid orders, either in writing or via the internet, are received by AuctionNL BV where the amounts are different, the bid will be opened with the amount of the highest bid, either in writing or via the internet.
- 3.7 The submitter of a written bid must check with AuctionNL BV whether his bid has been definitively awarded.
- 3.8 The objects will be auctioned by auction, unless explicitly stated otherwise before the start of the auction.
- 3.9 AuctionNL BV excludes any liability in respect of the failure of a written bid or bid by means of the internet for any reason whatsoever.
- 3.10 The auction will take place by ascending bid increments: increases up to 70 euros by 5 euros, from 70 to 200 euros by 10 euros, from 200 to 500 euros by 20 euros, from 500 to 1500 euros by 50 euros, from 1500 to 3000 euros by 100 euros, from 3000 to 10,000 euros by 200 euros, from 10,000 to 20,000 euros by 500 euros, from 20,000 to 40,000 euros by 1000 euros, from 40,000 to 100,000 euros by 2000 euros, from 100,000 to 250,000 euros by 5000 euros, and above 250,000 euros by 10,000 euros. The auctioneer is entitled to deviate from these amounts. AuctionNL BV reserves the right to round up amounts specified in written bids that do not fall within this scale. For starting prices described as 'bid,' a minimum price of 5 euros applies.

Article 4 Conclusion of the purchase agreement

- 4.1 The purchase is concluded upon final allocation to the highest bidder (buyer). Final allocation occurs when AuctionNL BV has accepted the buyer's bid or has assigned the object to the buyer.
- 4.2 If more than one person believes they are the buyer, AuctionNL BV will decide on the allocation, or the bid will be reopened.
- 4.3 All items are sold in the condition they are at the time of allocation.
- 4.4 For transaction amounts of 15,000 euros or more, the transaction can only be completed after AuctionNL BV has established and verified the identity of the customer through an identity document check and/or other additional measures. If the bidder remains in default for more than four weeks, AuctionNL BV reserves the right to dissolve the underlying purchase agreement(s).

Article 5 Buyer's obligations

- 5.1 The buyer is deemed to have purchased for himself and is liable for payment without being able to rely on a client (principal).
- 5.2 The rights and obligations under the purchase agreement and these general terms and conditions of the auction belong exclusively to the buyer and cannot be transferred by the buyer to third parties.

Article 6 Take-back obligation AuctionNL BV

- 6.1 Unless expressly excluded for certain objects in the catalogue or lot list, AuctionNL BV is - without prejudice to articles 2 and 4 - prepared to take back an auctioned object against a simultaneous refund of the purchase price charged, if the buyer proves to the satisfaction of AuctionNL BV within a period of 14 days after the sale by a generally recognized expert that the auctioned object has such serious hidden defects, the description provided is so incorrect or the authenticity is not found to be genuine that if these defects or the correct description had been known to the buyer at the time of assignment, he would have abandoned the purchase or would have purchased only at a considerably lower price. This does not apply if the defects only concern the condition of the object (such as wear and tear and restoration).
- 6.2 The take-back obligation can be extended for the objects that are to be inspected. In that case, AuctionNL BV must be notified of this within 14 days after the end of the auction, stating the objects to be inspected.
- 6.3 AuctionNL BV is not prepared to take back the description if the description in the catalogue has been revoked prior to or during the auction and the correct description has been communicated to the public orally, in writing or by e-mail.
- 6.4 The willingness to take back also lapses if the buyer is unable to return the auctioned object in the same condition as it was at the time of allocation, at the discretion of AuctionNL BV.

Article 7 Rights of AuctionNL BV

- 7.1 AuctionNL BV reserves the following rights:
- refuse to accept persons as bidders, visitors, or buyers without giving reasons;
 - make changes to the order of sale at any time;
 - dropping or adding objects;
 - combine or split lots;
 - not to award or hold up lots;
 - to rectify errors in bids and allotments, or to cancel a purchase, without a bidder being allowed to make use of errors and, in that case, to invoke a purchase agreement that has been concluded;
 - immediately claim full payment after allocation, while in the event of refusal or inability to pay, AuctionNL BV has the right to cancel the purchase agreement and then to re-auction the object in question and not to accept the bid of the negligent bidder again;
 - not to hand over any items during the auction;
 - to put objects in dispute during or shortly after the auction back up for auction, and to dissolve any purchase agreement. AuctionNL BV is also entitled to deviate from the order of lot numbers.

Article 8 Payment/transfer of ownership

- 8.1 The sale takes place in cash, by debit card, by bank transfer or via a payment method offered online. To this is added 29.5% premium (25% premium at the auction of coins and banknotes). Purchased lots will only be handed over after payment. Cash payments are only permitted up to the maximum amount allowed by law. If the purchase amount exceeds this limit, the remaining amount must be paid by debit card, by bank transfer, or via an online payment method. The VAT treatment depends on the type of buyer and the destination of the goods:
- For sales within the EU, both to private individuals and businesses, the margin scheme applies.
 - For sales to buyers outside the EU, the 0% VAT rate applies, provided the goods are demonstrably exported to a destination outside the EU.
 - If export to a country outside the EU cannot be demonstrated, the margin scheme remains applicable.
- 8.2 The payment by the buyer of the purchase price must take place before the delivery of the purchased items and within a period to be set by the AuctionNL BV, without discount or set-off being allowed, unless otherwise agreed.

- 8.3 Items purchased through a written or online bidding order (purchase order) must be paid for within 7 days of the invoice date.
- 8.4 The ownership of the objects changes after full payment of the purchase price.
- 8.5 AuctionNL BV has the right, if the buyer exceeds the payment term and is therefore in default by operation of law, to dissolve the purchase agreement in writing. AuctionNL BV also has the right to recover the entire damage, such as lower proceeds, and costs from the buyer and to auction the auctioned item immediately or later or to sell it out of hand. The negligent buyer cannot claim any higher yield.
- 8.6 If sent by post, shipping costs and transport costs will be charged.
- 8.7 When sending purchased lots by insured shipment, the shipment is insured by us up to a maximum of the invoice amount of the purchased lots. AuctionNL BV reserves the right not to send the lots and only to have them picked up at the office in Klaaswaal.
- 8.8 AuctionNL BV will only accept cash payments of substantial amounts if the buyer can adequately explain and substantiate the origin of the cash. AuctionNL BV is entitled to waive cash payment and to deliver purchased goods on invoice. Cash payments exceeding any legally permitted limit will not be accepted. AuctionNL BV reserves the right to decline cash payment and to deliver purchased goods on invoice.

Article 9 Collection period

- 9.1 The buyer is obliged to take the purchased items and to collect them (or have them collected) within a period to be specified by AuctionNL BV. Subject to the right of AuctionNL BV to indicate a shorter or longer term, the final collection period is 10 days after the last auction day. Pick-up days are Monday to Friday from 10:00 am - 4:00 pm.
- 9.2 If the purchased items are not collected on time, AuctionNL BV will charge a storage fee of 1% per week with a minimum of five euros per item per day calculated from the date after the expiry of the stipulated period.

Article 10 Liability

- 10.1 AuctionNL BV is not liable for business, consequential, financial and/or indirect damage.
- 10.2 AuctionNL BV is not liable for any accident or any form of damage that happened to someone in or near the buildings or grounds where there is an opportunity for storage or viewing where the auction takes place or where the sold goods are collected, except in the event that the damage is caused by intent or deliberate recklessness on the part of AuctionNL BV and/or auxiliary persons or staff members engaged by it and/or except insofar as insofar as an insurance policy has been caused by an insurance policy of AuctionNL BV.
- 10.3 Entering the buildings or grounds is at your own risk.

Article 11 Final provision

- 11.1 If a provision of these general terms and conditions of sale is null and void, is annulled or is declared dissolutive, the other provisions will remain in force and AuctionNL BV and the buyer will enter into consultation with a view to agreeing on a new provision (or provisions) to replace the void, annulled or resolutive provision(s) declared null and void, whereby the purpose and purport of the void, void, void or void provision(s) will be clarified as much as possible. void or rescission provision(s) must be observed.
- 11.2 By participating in an auction facilitated by AuctionNL BV, participants indicate that they agree to the current, published general auction terms and conditions, including any changes compared to previous versions.
- 11.3 These general terms and conditions of the auction are exclusively governed by Dutch law.
- 11.4 All disputes relating to, arising from or in connection with a purchase agreement concluded between AuctionNL BV and the buyer, the conclusion of a purchase agreement or these general terms and conditions of the auction will be submitted exclusively to the competent court in Dordrecht for resolution, subject to the right of AuctionNL BV to bring the dispute before the competent court in the district of the buyer.

De verkoop geschiedt in contanten, per pin, per bank of via een online aangeboden betaalmethode. Daar komt 29,5% opgeld bij (25% opgeld bij de veiling van munten en bankbiljetten). Gekochte kavels worden slechts na betaling afgegeven of verzonden. Contante betalingen zijn uitsluitend toegestaan tot het maximum bedrag dat volgens de wet is toegestaan. Indien de aankoopwaarde dit bedrag overschrijdt, dient betaling van het restbedrag te geschieden per pin, per bank of via een online aangeboden betaalmethode.

De btw-behandeling is afhankelijk van het type koper en de bestemming van de goederen:

- Bij verkopen binnen de EU, zowel aan particulieren als bedrijven, geldt de margeregeling.
- Bij verkopen aan kopers buiten de EU wordt het 0%-btw-tarief toegepast, mits de goederen aantoonbaar worden geëxporteerd naar een bestemming buiten de EU.
- Indien export naar een land buiten de EU niet aantoonbaar is, blijft de margeregeling van toepassing.

Tijdens de veiling of na iedere zitting bestaat er gelegenheid om de gekochte kavels na betaling mee te nemen, indien er sprake is van fysieke veiling. Als een kavel tijdens of na de veiling niet wordt afgehaald, wordt de factuur naar de koper verzonden. Als een klant binnen 7 dagen betaalt, kan het goed verzonden of afgehaald worden. Verzendkosten en transportverzekering worden in rekening gebracht. Het versturen van gekochte kavels per (aangetekende) post is voor risico van de koper. Als uiterste ophaaltermijn geldt een termijn van 10 dagen na de laatste veilingdag. Ophaaldagen zijn van maandag t/m vrijdag van 10.00 - 16.00 uur.

Artikel 1 Toepasbaarheid

- 1.1 Deze algemene veilingvoorwaarden zijn van toepassing op alle veilingen georganiseerd door AuctionNL BV, tenzij uitdrukkelijk anders in een catalogus vermeld of bij de aanvang van en tijdens een veiling medegedeeld.
- 1.2 Het afwijken van deze algemene veilingvoorwaarden is slechts rechtsgeldig indien deze schriftelijk tussen AuctionNL BV en koper is overeengekomen.
- 1.3 De toepasbaarheid van de veilingvoorwaarden wordt aan de veilingbezoekers kenbaar gemaakt door publicatie via internet, bij registratie van de veilingdeelnemer en op de website van AuctionNL BV. Tevens liggen de veilingvoorwaarden ter inzage in het veilinghuis. Een ieder die aan een veiling deelneemt geeft daardoor te kennen de toepasbaarheid van deze voorwaarden volledig te aanvaarden.

Artikel 2 Informatie- en onderzoeksplicht

- 2.1 Omschrijvingen in de catalogus en alle schriftelijke of mondelinge inlichtingen worden door AuctionNL BV en zijn personeel naar beste weten verstrekt.
- 2.2 De koper dient vóór de koop de staat en de beschrijving van een voorwerp in de catalogus of via internet nauwkeurig en deskundig te (laten) inspecteren en dient zich een eigen oordeel te vormen over de mate waarin het voorwerp overeenkomt met de beschrijving ervan. Indien in de catalogus of op internet bepaalde gebreken of onvolkomenheden zijn vermeld, beoogt dat een indicatie te zijn die niet uitputtend is en waaraan de koper geen rechten kan ontleen.
- 2.3 AuctionNL BV aanvaardt geen aansprakelijkheid voor de juistheid van de beschrijving in de catalogus of onjuiste (mondelinge) inlichtingen, behalve voor zover voorzien in artikel 6 van deze voorwaarden.
- 2.4 De door AuctionNL BV aangegeven oplagecijfers en verdere bijzonderheden zijn verkregen uit internationaal bekende catalogi, vakliteratuur, etc. Wij beschouwen deze gegevens als betrouwbaar, doch wij zijn ten aanzien daarvan van aansprakelijkheid uitgesloten mocht het tegendeel het geval zijn.
- 2.5 Bij het aankopen van goederen die mogelijk materialen bevatten die vallen onder de CITES-conventie, zoals koraal (gebruikt in sieraden), palissander, ivoor, schildpad (soms verwerkt in zilveren voorwerpen) en andere gerelateerde materialen, zijn extra bepalingen van toepassing. Kopers dienen:
 - Te weten dat het exporteren van dergelijke goederen buiten de EU mogelijk vergunningen vereist.
 - Te erkennen dat sommige landen strikte CITES-regels hebben.
 - De herkomst en provenance van het artikel te zelfstandig te onderzoeken.
 - Te beseffen dat AuctionNL BV niet aansprakelijk is voor juridische gevolgen gerelateerd aan het kopen van goederen die materialen bevatten die vallen onder de CITES-conventie.
 - Te begrijpen dat het verkrijgen van de nodige vergunningen altijd de verantwoordelijkheid van de koper is.
 - Zo nodig zelf additioneel advies te zoeken over CITES-regelgeving voorafgaand aan de aankoop.

Door te bieden op en/of goederen te kopen die mogelijk vallen onder de CITES-conventie, erkent en accepteert de koper de bovenstaande voorwaarden en beperkingen. De koper is zelf verantwoordelijk voor eventuele schade die optreedt als gevolg van toepasselijke voorwaarden of beperkingen.

- 2.6 Het is de verantwoordelijkheid van de koper om voorafgaand aan de aankoop zelf uit te zoeken of er eventuele extra heffingen of importtarieven van toepassing zijn op de aankoop. AuctionNL BV kan niet verantwoordelijk worden gehouden voor het informeren van de klant over dergelijke zaken. Het is de verantwoordelijkheid van de koper om zichzelf op de hoogte te stellen van mogelijke bijkomende kosten die van toepassing kunnen zijn bij de invoer van het gekochte goed.

Artikel 3 Bieden

- 3.1 Het bieden geschiedt alleen in euro's.
- 3.2 De koper kan in persoon bieden. Tevens wordt de koper de mogelijkheid gegeven te bieden door achterlating van een schriftelijke biedopdracht (kooporder). Deze schriftelijke biedingen worden ingevoerd op veiling.goudwisselkantoor.nl. Andere biedmethoden, bijvoorbeeld door middel van het internet of mondelinge biedopdrachten, staan alleen ter beschikking indien deze uitdrukkelijk door AuctionNL BV worden aangeboden.
- 3.3 Schriftelijke biedopdrachten (kooporders) dienen 1 werkdag voor de veilingdatum bij AuctionNL BV te worden geplaatst. Zij dienen ondubbelzinnig en duidelijk te zijn, dit naar het oordeel van AuctionNL BV. AuctionNL BV kan schriftelijke biedopdrachten zonder opgave van redenen weigeren.
- 3.4 AuctionNL BV kan van degene die een schriftelijke biedopdracht plaatst een waarborgsom van maximaal 30% van de schriftelijke biedopdracht vorderen. De waarborgsom wordt geretourneerd aan de bieder als hij niet de koper is. De waarborgsom wordt verrekend met de te betalen koopsom als hij de koper is.
- 3.5 Indien er meerdere schriftelijke of online biedopdrachten zijn die door AuctionNL BV worden ontvangen waarbij de te bieden bedragen gelijk zijn en deze biedingen ter veiling de hoogste biedingen op het voorwerp zijn, dan wordt het voorwerp verkocht aan de persoon wiens bieding door AuctionNL BV het eerst is ontvangen.
- 3.6 Indien er meerdere biedopdrachten, hetzij schriftelijk of via internet, door AuctionNL BV worden ontvangen waarbij de bedragen verschillend zijn, dan wordt de bieding geopend met het bedrag van de hoogste bieding, hetzij schriftelijk of via internet.
- 3.7 De indiener van een schriftelijke biedopdracht dient zelf bij AuctionNL BV na te vragen of zijn bieding definitief is toegewezen.
- 3.8 De voorwerpen worden geveild bij opbod tenzij uitdrukkelijk voor de aanvang van de veiling anders wordt medegedeeld.
- 3.9 AuctionNL BV sluit iedere aansprakelijkheid uit ter zake van het om welke redenen dan ook niet slagen van een schriftelijke bieding of bieding door middel van het internet.
- 3.10 De veiling vindt plaats per opbod: verhoging tot 70 euro met 5 euro, van 70 tot 200 euro met 10 euro, van 200 tot 500 euro met 20 euro, van 500 tot 1500 euro met 50 euro, van 1500 tot 3000 euro met 100 euro, van 3000 tot 10.000 euro met 200 euro, van 10.000 tot 20.000 euro met 500 euro, van 20.000 tot 40.000 euro met 1000 euro, van 40.000 tot 100.000 euro met 2000 euro, van 100.000 tot 250.000 euro met 5000 euro en meer dan 250.000 euro met 10.000 euro. De veilingmeester is gerechtigd van deze bedragen af te wijken. AuctionNL BV is gerechtigd om bedragen die bij schriftelijke biedingen worden opgegeven en die niet binnen deze staffel vallen, naar boven af te ronden. Voor inzetprijzen die worden omschreven als 'bod' geldt een minimumprijs van 5 euro.

Artikel 4 Totstandkoming van de koopovereenkomst

- 4.1 De koop komt tot stand bij definitieve toewijzing aan de hoogste bieder (koper). Van definitieve toewijzing is sprake wanneer AuctionNL BV het bod van de koper heeft geaccepteerd dan wel het voorwerp aan de koper heeft toegewezen.
- 4.2 Indien meerdere personen menen de koper te zijn, beslist AuctionNL BV over de toewijzing of wordt de bieding heropend.
- 4.3 Alle objecten worden verkocht in de toestand waarin zij zich op het ogenblik van toewijzing bevinden.
- 4.4 Bij transactiebedragen vanaf 15.000 euro kan de transactie pas worden afgerond nadat AuctionNL BV de identiteit van de klant heeft vastgesteld en geverifieerd via een identiteitsbewijscontrole en/of andere aanvullende maatregelen. Indien de bieder hierbij langer dan vier weken in gebreke blijft, behoudt AuctionNL

BV zich het recht voor de onderliggende koopovereenkomst(en) te ontbinden.

Artikel 5 Verplichtingen koper

- 5.1 De koper wordt geacht voor zichzelf te hebben gekocht en is aansprakelijk voor betaling zonder zich op een opdrachtgever (lastgever) te kunnen beroepen.
- 5.2 De rechten en plichten uit hoofde van de koopovereenkomst en deze algemene veilingvoorwaarden komen uitsluitend toe aan de koper en kunnen door deze niet aan derden worden overgedragen.

Artikel 6 Terugnameverplichting AuctionNL BV

- 6.1 Tenzij uitdrukkelijk voor bepaalde objecten in de catalogus of kavellijst uitgesloten, is - onverminderd de artikelen 2 en 4 - AuctionNL BV bereid een geveild object tegen gelijktijdige restitutie van de in rekening gebrachte koopprijs terug te nemen, indien de koper binnen een periode van 14 dagen na de verkoop ten genoegen van AuctionNL BV bewijst door een algemeen erkend expert dat het geveilde object zulke ernstige verborgen gebreken vertoont, de verstrekte omschrijving zo onjuist is of de echtheid niet echt bevonden wordt dat indien deze gebreken of de juiste omschrijving aan de koper op het ogenblik van toewijzing bekend waren geweest, hij van de koop zou hebben afgezien of slechts tegen een aanmerkelijk lagere prijs gekocht zou hebben. Dit geldt niet indien de gebreken alleen de conditie van het voorwerp betreffen (zoals bijvoorbeeld slijtage en restauratie).
- 6.2 De terugname-verplichting kan worden verlengd voor de objecten die men wil laten keuren. In dat geval moet AuctionNL BV hiervan binnen 14 dagen na afloop van de veiling kennis worden gegeven, onder opgave van de te keuren objecten.
- 6.3 AuctionNL BV is niet bereid tot terugname indien de omschrijving in de catalogus voorafgaande aan of tijdens de veiling werd herroepen en de juiste omschrijving mondeling of schriftelijk of per e-mail aan het publiek werd medegedeeld.
- 6.4 De bereidheid tot terugname vervalt ook als de koper het geveilde object niet kan teruggeven in dezelfde staat als waarin het zich bij toewijzing bevond, zulks ter beoordeling van AuctionNL BV.

Artikel 7 Rechten AuctionNL BV
