Beste liefhebber,

Welkom bij de novemberveiling van Heritage Auctions Europe, een wederom grote veiling met ruim 9600 (!) kavels! Wederom hebben we met veel plezier deze vele duizenden kavels beschreven, gecatalogiseerd en gefotografeerd. Zoals voor elke veiling geldt: dank aan alle inzenders die dit mogelijk hebben gemaakt, zowel in Nederland als internationaal.

Het zal u bij een bezoek aan ons meteen opvallen: we hebben ons pand verbouwd! We zijn bijna klaar en denken de overlast tijdens deze veiling dan ook tot een minimum te kunnen beperken.

Ook deze veiling heeft weer een 'spanwijdte' van 6 dagen, het zal nog een hele klus worden om dit grote aantal munten, penningen, bankbiljetten en diversen van eigenaar te laten wisselen! We veilen uiteraard weer in ons eigen kantoor aan de Energieweg 7 te IJsselstein, van maandag 13 t/m zaterdag 18 november. De kijkdagen beginnen maandag 6 november en lopen dagelijks door t/m zaterdag 11 november. Daarbij zijn er drie avondsessies, namelijk dinsdag 7, woensdag 8 en donderdag 9 november tot 21:00 uur. Wij adviseren u zoals altijd om ruimschoots gebruik te maken van deze dagen, bekijk alles uitgebreid om niets te missen. Uiteraard staan alle lots (impressiefoto's) en losse nummers op onze website [www.ha-europe.com](http://www.ha-europe.com). Tevens kunt u alle LOSSE nummers ook TIJDENS de veiling nog bekijken, tot ca. 100 nummers voor afslag. Voor de indeling van de veiling en de kijkdagen kijkt u in het overzicht op de volgende pagina's.

Naast het grote en veelzijdige aanbod springen een aantal zaken in het oog deze veiling: op de eerste plaats zijn we uiteraard trots op het schitterend aanbod uit de imposante collectie Coenen deel 2 met vele prachtige munten uit de Provinciale en Bataafse periode. Daarnaast vindt u in deze catalogus de nalatenschap van wijlen Hans Verschoor, die vele jaren met plezier zijn webwinkel Rondonons runde en zijn collectie aan ons heeft toevertrouwd, een collectie opgebouwd vanaf zijn 7e levensjaar! Ook presenteren we deel 2 van de 'Property of a gentleman' met honderden munten VOC-gebied uit Ceylon, India etc. Bij het bankpapier vinden we divers Nederlands materiaal uit het persoonlijk archief van Ootje Oxenaar met diverse ontwerpen en proeven. Bij de antieke munten oa. div. mooie Seleukiden en bij de penningen vinden we een aantal fraaie 17e eeuwse exemplaren en div. bakens- en andere loodjes. Tevens: ach kijkt u zelf maar en laat u verrassen door zoveel moois!

Bij het doorbladeren van deze catalogus zal u de grote diversiteit opvallen van de aangeboden stukken en collecties. Mocht u zelf besluiten om (een deel van) uw collectie van de hand te doen of eens een goed gesprek te willen voeren over de aantrekkelijke condities van Heritage Auctions Europe, neem dan gerust contact met ons op. Uiteraard geldt dat ook voor inzendingen voor de veilingen van Heritage Auctions in de USA of Hong Kong, de grootste numismatische veilingen ter wereld.

Tot slot: zoals altijd kunt u weer op alle kavels live meebieden via internet. Na registratie op [www.ha-europe.com](http://www.ha-europe.com) kunt u inloggen en meebieden. Ook kunt u hier uw schriftelijke biedingen doorgeven. LET OP: bij het sluiten van de biedingen via onze website is het niet altijd zeker dat u op de veilingdag zelf de hoogste bieder bent, we moeten immers nog binnengekomen biedingen verwerken. De kans bestaat dus dat u alsnog overboden wordt zonder dat u daarvan op de hoogte wordt gesteld, houdt u daar rekening mee. Uw aanwezigheid tijdens de veilingdagen wordt uiteraard zeer gewaardeerd. Mocht u echter verhinderd zijn en kunt u niet via ons live computersysteem meebieden, dan voeren wij uw schriftelijke biedingen, zoals u dat van ons gewend bent, discreet en met zorg uit.

Wellicht tot ziens in IJsselstein en alvast heel veel succes op de veiling!

Dear collector,

Welcome to the November auction of Heritage Auctions Europe! With more than 9,600 lots, this has again become a great auction, which was worked on with great pleasure and expertise. From this place thanks to all contributors who made this possible, in the Netherlands and internationally.

Again we present a 6-day auction, due to the large number of lots, to be "hammered" in our office at the Energieweg 7 in IJsselstein (Netherlands), from Monday, November 13 to Saturday, November 18. The viewing days start on Monday November 6. Of course, all larger lots (impression photos) and single lots are to be found on our website [www.ha-europe.com](http://www.ha-europe.com). You can also view all SINGLE lots during the auction, up to approx. 100 numbers before the auction. For details about the auction and the viewing days please have a look at the overview on the following pages.

As always you can participate in bidding for all lots live on the Internet. Your presence during the auction days is of course greatly appreciated. However, if you are unable to attend and cannot bid via our live computer system, we will handle your written bids discreetly and with care, as you have come to expect from us.

Hope to see you in IJsselstein and good luck at the auction!

With kind and numismatic regards,  
Jacco Scheper and Huib Pelzer

## Terms of Sale (Dutch)

### Geldende bij de aankoop in veiling van roerende zaken.

#### Artikel 1 toepasselijkheid

1.1 Deze algemene voorwaarden zijn van toepassing op alle onderdelen van de relatie tussen de veilinghouder en de koper waaronder die betreffende koop, verkoop, bemiddeling, waardering, beoordeling, taxaties, catalogisering, bewaring en overige diensten. Onder koper wordt mede de aspirant koper verstaan die deelneemt aan de veiling ongeacht of deze in persoon biedt, per telefoon, door achterlating van een schriftelijke of mondelinge biedopdracht, elektronisch of door middel van het internet en ongeacht of een koopovereenkomst tot stand komt.

1.2 Afwijking van deze algemene voorwaarden is alleen mogelijk indien en voor zover uitdrukkelijk schriftelijk door de veilinghouder aanvaard.

1.3 De toepasselijkheid van de algemene voorwaarden wordt aan de veilingbezoekers kenbaar gemaakt door publicatie in de catalogus voorafgaande aan de veiling en/of mededeling voorafgaande aan de veiling en/of vermelding via internet/op de website van de veilinghouder. Een ieder die aan een veiling deelneemt geeft daardoor te kennen de toepasselijkheid van deze voorwaarden volledig te aanvaarden.

#### Artikel 2 informatie-/onderzoeksplicht

2.1 Omschrijvingen in de catalogus en alle schriftelijke of mondelinge inlichtingen worden door de veilinghouder en zijn personeel naar beste weten verstrekt.

2.2 De koper dient vóór de koop de staat en de beschrijving van een voorwerp in de catalogus of kavellijst ten eigen genoegen nauwkeurig en deskundig te (laten) inspecteren en een eigen oordeel te vormen over de mate waarin het voorwerp overeenkomt met de beschrijving ervan en de koper dient waar redelijkerwijs nodig of gewenst onafhankelijk advies van deskundigen in te roepen, terwijl de koper niet op illustraties in de catalogus dient af te gaan. Indien in de catalogus bepaalde gebreken of onvolkomenheden zijn vermeld, beoogt dat een indicatie te zijn die niet uitputtend is en waaraan de koper geen rechten kan ontlenen.

2.3 De veilinghouder kan niet aansprakelijk gehouden worden voor de onjuistheid van de beschrijving in de catalogus of op andere wijze kenbaar gemaakt, van materialen zoals bijvoorbeeld houtsoorten, stoffen, legeringen, aardewerk, porselein en diamant, een en ander met uitzondering van edele metalen. De veilinghouder aanvaardt alleen aansprakelijkheid voor onjuiste omschrijvingen voor zover voorzien in artikel 6 van deze voorwaarden.

#### Artikel 3 bieden

3.1 De koper kan in persoon bieden, tevens accepteert de veilinghouder biedingen:

- Schriftelijk
- Telefonisch
- Fax
- E-mail

- Internet, zowel voor de veiling als via de LiveBid. Let op! LiveBid wordt belast met 3% extra commissie, zoals vermeldt in artikel 3.6.

Kavels worden toegewezen aan de hoogst biedende. Bij een gelijk bod van 2 schriftelijke bidders wordt het betreffende kavel toegewezen aan de bidder wiens bieding het eerst ontvangen is.

3.2 Schriftelijke biedopdrachten dienen onduidelzinnig en duidelijk te zijn en naar het oordeel van de veilinghouder tijdig genoeg voor de aanvang van de veilingzitting door de veilinghouder te zijn ontvangen. Indien er meerdere schriftelijke biedopdrachten door de veilinghouder worden ontvangen waarbij de te bieden bedragen gelijk zijn en deze biedingen ter veiling de hoogste biedingen op het voorwerp zijn, wordt het voorwerp verkocht aan de persoon wiens bieding door de veilinghouder het eerst is ontvangen.

3.3 Biedopdrachten hoeven slechts te worden uitgevoerd indien de veilinghouder redelijkerwijs daartoe gelegenheid heeft en de veilinghouder heeft te allen tijde het recht van het voeren van een biedopdracht af te zien.

3.4 Indien koper telefonisch of -indien mogelijk- elektronisch of via internet wil bieden, dient dit uiterlijk 24 uur voor de veiling schriftelijk met de veilinghouder te worden overeengekomen. Afwijking van deze termijn kan alleen met uitdrukkelijke schriftelijke instemming van de veilinghouder.

3.5 De veilinghouder sluit steeds iedere aansprakelijkheid ter zake van het om welke redenen dan ook niet slagen van een telefonische bieding uit, evenals het om welke redenen dan ook niet slagen van een schriftelijke bieding, elektronische bieding of bieding door middel van het internet.

3.6 Alle biedingen zijn onderhevig aan een aankoopcommissie.  
• Drieëntwintig procent (23%) commissie en €2 kavelgeld voor ieder gekocht kavel bij alle Postzegel- en Muntveilingen  
• Vijfentwintig procent (25%) commissie en €2 kavelgeld voor ieder gekocht kavel bij alle Kunst en Curiosaveilingen  
Kavels verkregen via LiveBid worden belast met 3% extra commissie.

#### Artikel 4 totstandkoming koopovereenkomst

4.1 De koop komt tot stand bij definitieve toewijzing. Van definitieve toewijzing is sprake wanneer de veilinghouder het bod van de koper heeft geaccepteerd dan wel het voorwerp aan de koper heeft toegelagen.

4.2 Alle voorwerpen worden verkocht in de toestand waarin zij zich op het ogenblik van toewijzing bevinden. Wezenlijke

wijzigingen in de toestand die blijken na verschijning van de catalogus en/of het tonen op de kijkdagen en/of op het internet waaronder ernstige beschadiging of breuk, of herroeping van de omschrijving van een voorwerp in de catalogus en/of het internet zullen voorafgaand aan de verkoop worden medegedeeld. Na een dergelijke mededeling (bijvoorbeeld in een "sale room notice") kunnen aan de oude omschrijving geen rechten worden ontleend.

#### Artikel 5 verplichtingen koper

5.1 De koper dient zich op eerste verzoek van de veilinghouder te legitimeren.

5.2 De koper wordt geacht voor zichzelf te hebben gekocht en is aansprakelijk voor betaling zonder zich op een lastgever te kunnen beroepen.

5.3 Derechten en plichten uit hoofde van de koopovereenkomst en deze algemene voorwaarden komen uitsluitend toe aan de koper en kunnen door deze niet aan derden worden overgedragen.

#### Artikel 6 terugnameverplichting veilinghouder

6.1 Tenzij uitdrukkelijk voor bepaalde voorwerpen in de catalogus of kavellijst uitgesloten, is - onverminderd de artikelen 2 en 4.2 - de veilinghouder bereid een geveild voorwerp tegen gelijktijdige restitutie van de in rekening gebrachte koopprijs en veilingkosten terug te nemen, indien de koper binnen een periode van zes weken na de verkoop ten genoegen van de veilinghouder bewijst dat het geveilde zulke ernstige verborgen gebreken vertoont of de verstrekte omschrijving zo onjuist is, dat indien deze gebreken of de juiste omschrijving aan de koper op het ogenblik van toewijzing bekend waren geweest, hij van de koop zou hebben afgezien of slechts tegen een aanmerkelijk lagere prijs gekocht zou hebben. Dit geldt niet indien de gebreken alleen de conditie van het voorwerp betreffen (zoals bijvoorbeeld slijtage en restauraties).

6.2 De veilinghouder is niet bereid tot terugname indien de omschrijving in de catalogus voorafgaande aan of tijdens de veiling werd herroepen en de juiste omschrijving mondeling of schriftelijk aan het publiek werd medegedeeld.

6.3 De bereidheid tot terugname vervalt ook als de koper het geveilde niet kan teruggeven in dezelfde staat als waarin het zich bij toewijzing bevond, zulks ter beoordeling van de veilinghouder.

#### Artikel 7 rechten veilinghouder en veilingmeester

7.1 De veilinghouder en de veilingmeester die leiding geeft aan de veiling behouden zich de volgende rechten voor:

- zonder opgave van redenen personen als bidder of koper te weigeren;
- te allen tijde wijziging te brengen in de orde van verkoop;
- voorwerpen te doen uitvallen of toe te voegen;
- kopen te combineren of te splitsen;
- kopen niet te gunnen of op te houden;
- vergiftigen bij biedingen en toewijzing te herstellen, of een koop ongedaan te maken zonder dat een bidder van vergissingen gebruik kan maken en zich in dat geval op een tot stand gekomen koopovereenkomst mag beroepen;
- na toewijzing onmiddellijk gehele of gedeeltelijke betaling te vorderen, terwijl bij weigering of onmacht van betaling de veilinghouder en de veilingmeester het recht hebben de koopovereenkomst ongedaan te maken en daarna het betreffende voorwerp te herveilen en het bod van de nalatige bidder niet weer aan te nemen;
- indien de koper weigert op eerste verzoek volledige naam en adres aan de veilinghouder bekend te maken en daarop betrekking hebbende legitimatie te tonen, de koopovereenkomst te ontbinden en te herveilen;
- voorwerpen niet over te schrijven van de rekening van de oorspronkelijke koper op die van een ander;
- gedurende de veiling geen voorwerpen af te geven;
- namens kopers of verkopers biedingen uit te brengen;
- voorwerpen waarover tijdens of kort na de veiling een geschil gerezen is, opnieuw in veiling te brengen, en een eventuele koopovereenkomst te ontbinden.

#### Artikel 8 betaling/eigendomsoverdracht

8.1 De betaling door de koper van de koopsom in Euro verhoogd met veilingkosten, andere kosten, waaronder indien van toepassing, het verschuldigd volgrecht, en eventuele BTW, één en ander als door de veilinghouder vast te stellen, moet vóór de aflevering van de gekochte voorwerpen plaatsvinden en binnen de door de veilinghouder te stellen termijn, zonder dat korting of verrekening is toegestaan, een en ander tenzij anders is overeengekomen.

8.2 Een beroep op de zogenaamde margeregeling kan uitsluitend worden gedaan indien vooraf aan de veiling aan alle ter zake geldende voorschriften is voldaan onder andere met betrekking tot de inkoopverklaring. Zulks ter uitsluitende beoordeling van de veilinghouder.

8.3 De eigendom van de voorwerpen gaat niet eerder over dan na volledige betaling van de koopsom en in geval van niet-tijdige betaling niet eerder dan na volledige betaling van de koopsom inclusief de in artikel 9 genoemde kosten.

#### Artikel 9 niet-tijdige betaling

9.1 Bij niet-tijdige betaling zal de veilinghouder aan de koper rente in rekening mogen brengen gelijk aan de wettelijke rente verhoogd met 3% dan wel - naar keuze van de veilinghouder - 1% per maand, te rekenen vanaf de datum waarop de betalingstermijn is verstreken. Tevens komen alle gerechtelijke en buitengerechtelijke kosten voor rekening van de nalatige koper, welke kosten worden begroot op 15%

van de koopsom vermeerderd met de veilingkosten met een minimum van € 250 (zegge: tweehonderdvijftig Euro), onverminderd het recht om de werkelijke kosten te verhalen. 9.2 De veilinghouder heeft tevens het recht om, indien de koper de betalingstermijn overschrijdt en daardoor van rechtswege in verzuim is, de koopovereenkomst schriftelijk te ontbinden. Eventuele gedeeltelijke betalingen vervallen in geval van ontbinding bij wijze van vergoeding van schade aan de veilinghouder die tevens het recht heeft de volledige schade, zoals een mindere opbrengst, en kosten op de koper te verhalen en het geveilde onmiddellijk of later te herveilen of uit de hand te verkopen. De nalatige koper kan geen aanspraak maken op een eventuele meeropbrengst.

#### Artikel 10 ophaaltermijn

10.1 De koper is verplicht de gekochte voorwerpen tot zich te nemen en af te (laten) halen binnen de door de veilinghouder aan te geven termijn. Behoudens het recht van de veilinghouder een kortere of langere termijn aan te geven geldt als uiterlijke ophaaltermijn, een termijn van vijf werkdagen na de laatste veilingdag.

10.2 Bij nalatigheid van de koper het gekochte af te nemen en op te (laten) halen binnen de gestelde termijn is de koper van rechtswege in verzuim en is het gestelde in artikel 9 van overeenkomstige toepassing. Tevens heeft de veilinghouder het recht het gekochte voor rekening en risico van de koper in opslag te geven, waarbij vervoerskosten en het daaraan verbonden risico eveneens ten laste van de koper komen.

#### Artikel 11 onverkochte voorwerpen

11.1 Indien een voorwerp ter veiling onverkocht blijft, heeft de veilinghouder gedurende een periode van veertien dagen na de veiling het recht doch nimmer de plicht het onverkochte voorwerp alsnog te verkopen tenzij anders overeengekomen met de inbrenger.

11.2 De veilinghouder zal een dergelijke verkoop na veiling ("aftersale") alleen aangaan indien die verkoop kan geschieden voor een prijs die resulteert in een bedrag dat minimaal gelijk is aan de netto verkoopopbrengst waarop de verkoper recht zou hebben gehad indien het voorwerp voor de voor deze veiling geldende limiet zou zijn verkocht, zulks tenzij een andere regeling met verkoper wordt overeengekomen.

11.3 Een aankoop door een koper in de zin van dit artikel geldt als aankoop ter veiling waarop deze algemene voorwaarden onverkort van toepassing zullen zijn.

#### Artikel 12 aansprakelijkheid veilinghouder

12.1 De veilinghouder is nimmer aansprakelijk voor schade ontstaan aan schilderlijsten, overige omljstingen en al wat daarvan deel uitmaakt zoals glazen, platen, passe-partouts etc., behoudens het geval dat de schade is veroorzaakt door opzet of bewuste roekeloosheid van de veilinghouder en/of door hem ingeschakelde hulppersonen of personeelsleden.

12.2 In geen geval is de veilinghouder aansprakelijk voor bedrijfs-, gevolg-, vermogens- en/of indirecte schade.

12.3 De veilinghouder is nimmer aansprakelijk voor enig ongeval of enige vorm van schade iemand overkomen in of nabij de gebouwen of terreinen waar gelegenheid is tot inbreng, opslag of bezichtiging, waar de veiling plaats heeft of waar de verkochte goederen worden afgehaald, behoudens het geval dat de schade is veroorzaakt door opzet of bewuste roekeloosheid van de veilinghouder en/of door hem ingeschakelde hulppersonen of personeelsleden en/of behoudens voor zover door een verzekering van de veilinghouder gedekt.

12.4 Het betreden van de gebouwen of terreinen geschiedt op eigen risico.

#### Artikel 13 foto's en illustraties

13.1 De veilinghouder is gerechtigd alle ter verkoop aangeboden voorwerpen te fotograferen, te illustreren of anderszins in beeld te brengen en af te (doen) beelden op welke wijze dan ook, zowel voor, tijdens als na de veiling, rekeninghoudende met geldende wettelijke bepalingen. De veilinghouder behoudt het auteursrecht op al deze afbeeldingen.

#### Artikel 14 diversen

14.1 Nietigheid, vernietiging of onverbindendheid van één der bepalingen van deze algemene voorwaarden laat de geldigheid van de overige bepalingen onverlet. In het geval één of meer bepalingen nietig, vernietigd of onverbindend zijn, worden tussen koper en veilinghouder vervangende bepalingen overeengekomen die wet geldig zijn en die het meest de inhoud en strekking van de nietige, vernietigde of onverbindend gebleken bepaling(en) benaderen.

14.2 Op deze algemene voorwaarden is uitsluitend Nederlands recht van toepassing.

14.3 Alle geschillen ter zake van, voortvloeiende uit of verbandhoudende met een tussen de veilinghouder en de koper gesloten koopovereenkomst, de totstandkoming van een koopovereenkomst of deze algemene voorwaarden worden uitsluitend ter beslechting voorgelegd aan de bevoegde rechter van de woonplaats of plaats van vestiging van de veilinghouder, tenzij uit de wet anders voortvloeit behoudens het recht van de veilinghouder om het geschil aanhangig te maken bij de bevoegde rechter van de woonplaats van de koper.

## Extract of the conditions of sale

The auction sale occurs by upward bidding in euro. To the hammer price a buyer's premium will be added of 23% and 2 euro for every bought lot. Purchases via the livebid system have an alternate buyer's premium of 26% and 2 euro for every bought lot.

Lots are assigned to the highest bidder. In case of two even bids the concerning lot will be assigned to the first bidder. Bidders can submit postal bids at [www.ha-europe.com](http://www.ha-europe.com). Please notice: no bids below the starting price will be accepted!

The auction sale takes place with increasing steps as follows: up to 40 euro with 2 or 3 euro, from 40 to 100 euro with 5 euro, from 100 to 300 euro with 10 euro, from 300 to 500 euro with 20 euro, and from 500 to 1000 with 50 euro and above 1000 euro with 100 euro.

The auctioneer has the right to deviate from these amounts. Starting prices in the catalogue described as 'bod' have a minimum of 5 euro. Bids under the starting price are not accepted.

During and after the auction lots bought can be taken along by the purchaser. This is possible after direct payment (cash or bank) or after permission of the auctioneer to wire the amount within an agreed period. Payment with creditcard is also possible, the auctioneer will charge 5% extra to the invoice due to bankcosts. Cheques are not accepted. Every bidder is considered to buy for him- or herself and can never be entitled 'in-betweeners' without responsibility.

Purchases will not be shipped before the invoice is paid in full. Heritage Auctions Europe (HAE) takes no responsibilities for bank or wire transfer surcharges (which some banks charge).

A minimum of 30 euro will be charged for shipping costs. Heritage Auctions Europe is free to raise these costs if the actual shipping costs are higher than invoiced. We attempt to ship as quickly as possible, but operate a queue system with purchases shipped in order of payment. Buyers will receive a tracking number once the package is ready to be shipped out.

We reserve the right to decline to ship lots deemed too fragile, heavy or large for postal services. Every effort is made to pack securely but we are not a professional shipping company. Our services are used at the buyers risk and we cannot be held responsible for damage in transit.

Ownership of the lots remains with the seller until payment has been done in full. Buyer's risk is valid from the moment of knock-down.

All lots are sold as viewed. Authenticity of every single lot (or lots with no more than 2 pieces) is guaranteed.

All disputes during or after the auction are decided by a present supervisor. All parties are subject to his/her pronouncement. Any disputes followed by legal actions will be handled according to the conditions as deposited at the Court of Law in Utrecht under no. 383/1999 (15/11/1999). Only the Dutch text of conditions of sale is in force.

According to Dutch taxlaw your VAT-number will NOT exclude VAT. All prices are reserve prices.

# Onthul de ware schoonheid *van uw munten*

Verzamelmunten kunnen beschadigd raken en het uiterlijk kan veranderen als ze niet goed worden bewaard en verpakt. Ook kunnen ze beschadigd raken door het milieu en de omgeving, verkeerd gebruik en veranderingen in de natuur. Vervuiling op oppervlakken zoals PVC en andere resten, vuil, aanslag, vlekken en afzetting kunnen het uiterlijk minder mooi maken en kunnen munten zelfs permanent beschadigen.

NCS heeft een professionele aanpak van numismatische conservatie ontwikkeld en kan deze schadelijke deeltjes verwijderen, waardoor het uiterlijk van een munt aanzienlijk kan worden verbeterd.

NCS, dat door het Smithsonian Instituut wordt gezien als een autoriteit op het gebied van conservering, heeft de expertise en ervaring om het oorspronkelijke uiterlijk van uw munt terug te brengen en de ware schoonheid ervan te onthullen.

# Wat kan professionele conservatie door NCS doen voor mijn munten?

Alle soorten munten zijn onderhevig aan oppervlakkige vervuiling en negatieve reacties op de omgeving. In veel gevallen worden munten bewaard of verkocht in zachte plastic mapjes of muntverpakkingen die polyvinylchloride (PVC) bevatten, chemicaliën die langzaam inwerken op de oppervlakte van een munt. PVC en andere resten leiden uiteindelijk tot permanente schade.

Door bepaalde problemen komen munten niet langer in aanmerking voor beoordeling door Numismatic Guaranty Corporation (NGC), een onafhankelijk partner van NCS, als ze niet eerst professioneel worden geconserveerd. Na conservatie door NCS kunnen munten aan NGC worden overgedragen voor certificering. Hierna worden ze, afhankelijk van de staat van het oppervlak, numeriek op kwaliteit ingedeeld of door NGC Details op kwaliteit ingedeeld.

Hieronder volgen enkele voorbeelden van professionele conservatie door NCS.

568	Pewter tang or larijn (8.01 g.), ND (1660), length 25.5 mm, width 12 mm., at either end stamped with a sword with laurel wreath (Coat of Arms of Batavia) and folded once over. Owing to the shortage of coins of small denomination, which had led to great disturbances and troubles, and in order to accommodate the indigenous population, the Batavian Government by a Res. of Nov. 9, 1658, decided to prepare at Batavia copper "Tangen" of the same shape as those on the coast of India, Ceylon, Coromandel, Bengal and Aracan, having at either end a small mark to prevent them from being shortened, and to declare them current at the rate of an "Oortje" (2 Doits). In due course the mintmaster for the production of these emergency pieces, found the copper at hand so hard that it was impracticable for the purpose. Consequently, by Res. dated May 28, 1660, directions were given that these "Tangs" were to be made of pewter instead of copper. Provenance: recovered from recent dredging of canals in Jakarta. 616	Provincial Gulden 1794 West-Friesland with a countermark in the shape of a pointed oval with a flower design, attributed to Sumanep. The pointed oval type c/m is mainly applied on Rupee-seize coins, viz.: silver rupees (mainly Java rupees), Dutch 'Generaliteits'-guldens, Quarter Pagoda of British India (1807) and also found on a Spanish 4 Real 1793. According to the information received by Netscher and Van der Chijs, the Sultan Paku Nata Ningrit (1812-1854) installed in 1818/19 a commission for countermarking silver money to suppress the many counterfeit coins in circulation. Subsequently silver money were countermarked with a flower. As the pointed oval type c/m is mainly observed on coins from the second half of the 18th century and begin 19th century it is assumed that this countermark is applied in 1819/19 and later. About 1825 the at Sumanep countermarking ceased. Host coin and c/m VF+ - ex-Berkman - collectie Coenen	100

757	Borneo - Gongsis lead-tin local cash coin (43.54 g.), Federation of the He Shun mining Gongsis. Obv.: He Shun Gong Si, Chinese countermarks on the rim, representing the 14 different Gongsis / rev.: corrupt Manchu inscription. In 1776 the 14 mining mining gongsis around Montrado, formed a federation known as He-shun. Around 1808 the He-shun federation originally consisting of 14 gongsis had dwindled to only seven members. Early in 1819 a quarrel arose between Da-gang and San-tiao-gou about the presidency of the He-shun federation, resulting in a withdrawal of the latter with its allies Shi-wu-fen and Tai-he. They settled north of the Selakau river, San-tiao-gou with its capital at Seminis and Shi-wu-fen at Loemar. The He-shun federation consisted thus of four gongsis. After the detection of a conspiracy of Keng-wei and Xin-wu together with San-tiao-gou against Da-gang, these He-shun gongsis were dissolved by Da-gang on 8 October 1837, leaving Da-gang now synonymous with He-shun in absolute power in Montrado until 1854.  841	Tuticorin-Colombo, AV pagoda (3.35 g.) Obv. standing Vishnu / rev.: convex and granulated surface. Likely struck at Tuticorin or Colombo during 1760-1794. From about 1760 Porto Novo Pagodas of the new Negapatnam die (1747 issue) were struck at Tuticorin. (weight 3.406 g., fineness 0,800). These issues probably can't be distinguished from the Negapatnam issues. The fineness, as in Negapatnam, was decreased in 1767 to 0,769. During the period of the Anglo-Dutch war, the mint for precious metals was shifted from Tuticorin to Colombo (1780-1786). During this period Porto Novo Pagodas, with a fineness of 0,625, were struck at Colombo. After the mint at Tuticorin was re-established again (August 1786), the minting of Pagodas seems to have continued there till the closure of the mint in 1794. The low gold content indicates that this coin may have been struck at Colombo or during the period 1786-1794 at Tuticorin. Other than by the gold contents, there is no way to distinguish between the issues of either Negapatnam, Tuticorin or Colombo. aXF. Scho. 1259; Passon 48.1	250

## Nur-ud-din Jahangir (AH 1014-1037 / AD 1605-1628)

Early imitative re-strike of Lion Zodiac Mohur (month Amardad), Agra, (11.01 g.), dated AH1028/Ry.14 (13-07-1619 to 13-08-1619) - Obv: Lion to right, radiate sun behind / Rev: rooye zar zewar yaft dar agrah / az jahangir shah akbar shah (The face of gold became an ornament in Agra, from king Jahangir (the son of) king Akbar) - XF, not contemporary to Jahangir's reign, but most likely struck during the middle of the 17th cent. (rf.: type BMC.334; Fr.766; KM 180.9)

- 7946 Beginning April 1618 (Julian calendar), Jahangir entered in his diary an innovation in coinage "Prior to this, it has been the rule that one side of gold coins my name has been engraved, and on the other side the name of the minting place, the month, and the regnal year. Around this time it occurred to me that instead of the month a figure of the constellation representing the month should be depicted. For example, for the month of Farwardin a figure of Aries could be made, and for the month of Ardibihisht the figure of Taurus, and so on for every month in which a coin was minted one side would bear a picture of the constellation in which the sun rose. This method is peculiarly my own and has never been used before." (Ref.: The Jahangirnama, translated, edited and annotated by Wheeler M. Thackston, Oxford University Press, 1999.) 2000

After Jahangir's dead, his son and new emperor Shah Jahan forbid the use of the zodiac coins as well as the coins struck in the name of his mother, Nurjahan and ordered them, on severe punishment of dead penalty, to be returned to the mint.

The gold zodiac mohurs, however, attracted already in the middle of the 17th century the fancy of European collectors and requested via merchants of European trading companies (VOC and others) to obtain if possible a full set of this coin series. Due, however, to the policy of Shah Jahan, the demand could ofcourse not be met and coins got imitated and restruck by the local sarafs. Consequently original zodiac mohurs are rarely offered for sale these days and when offered they go for prices of 6-digits in dollars. This early imitative re-strike can only be differentiated from the originals by the slightly less refined calligraphy of the Persian legend, but is otherwise about identical and still a magnificent model of Jahangir's famous series of zodiac coins and equally much in demand.

**Princely States - Hyderabad****Mir Mahbub Ali Khan (AH1285-1329 / AD1869-1911)**

Rupee-sized AE uniface trial strike of the improved 'Char Minar'-design, ND (probably 1902-1903) - 30 mm, 9.31 g., edge with straight milling - good VF, because of the trouble and loss on account of the handmade currency, the Hyderabad Government decided to make a machine made currency of a more intricate design which could not be easily copied by counterfeiters. For this reason in 1319H. (1901/02) over 700,000 Rupees of the Char Minar-type were struck and sent to the Central Treasury. They were however rejected before they went into circulation because of poor design and other imperfections and subsequently withdrawn from the Treasury to the Mint, melted and in 1321H. re-coined with a new "Char Minar"-design, which type became current up to the demonetisation of the Hyderabad currency in 1953. The Char Minar on the 1321H. and subsequent issues look much more slender than on the issue of 1319H. As the issue of 1319H. was most probably rejected on account of the somewhat clumsy design of the Char Minar an improved design was required, which is shown by this pattern (Ref: The introduction of machine-struck coinage in the state of Hyderabad, by Jan Lingen ONS-NL 153 (1997) p.13-19, #28),

The off-metal strike is in all aspects identical, if not the same, with the specimen #28 illustrated by me in the article of the Oriental Numismatic Societies Newsletter #153 (Summer 1997) p.13-19. The image was prior to this publication received from Baldwins Auctions in London, together with a couple of other photographs of pattern strikes of Hyderabad coins.

Years ago the British Museum recovered a couple of dies (incl. some used for Hyderabad coins) from the estate of Pinches, The famous firm of medal makers, London. Pinches did much work on commission of Spink & Son Ltd., London and it is possible that the dies and the subsequent patterns were ordered by this firm. As the records of Spink & Son Ltd were destroyed in a fire by the German V2-attack on London during World War II, this can unfortunately not now be verified.

Despite that documentation is scarcely available and although this coin is seen and rejected by NGC, there is in my sincere opinion no doubt about the authenticity of the object concerned.

Sincerely, Jan Lingen
