

MONITOR BLANCS

Specifications

| Parameters | Standard | Options |
|----------------------------------|----------------------|----------------------|
| Frequency | 4,960 MHz | Other - on request |
| Frequency tolerance | ± 15 kHz | Other - on request |
| Operating temperature | +15° C ~ +55°C | Other - on request |
| Temperature stability | ± 5 ppm | Other - on request |
| Equivalent series resistance ESR | < 30 ohm | |
| Coating | Chromium + Ag 999,99 | Chromium + Au 999,99 |
| | | Titanium + Ag 999,99 |
| | | Titanium + Au 999,99 |
