THE BADGE PURSUIT CHALLENGE

With The Badge Pursuit Challenge DLC installed, 20 hidden Shields (police badges) are scattered throughout the city. Most of them are located near an important Landmark. Shields intermittently shine when you're close by, so be on the lookout for a little sparkle of light to help you hone in on them.

BUTTON MAN OUTFIT

Besides earning a little experience with each Shield collected, you can also unlock the Button Man outfit after finding all 20.

1 On the ground in front of the Hotel Roosevelt's north-facing doorway.

2 Face Grauman's Theatre from Hollywood Blvd, then walk down the red carpet toward the main entrance. Stop at the doorway and turn left to find this shield on the doormat.

3 Beside the trash in the corner of the small fenced-in lot next to the Max Factor Building. Jump the fence or drive a car through the back gate to reach it.

4 In the Musso & Frank back parking lot. Look on the ground at the back door.

5 On the ground in the small alley between the two Crossroads of the World buildings.

6 At the bottom of the exterior stairwell at the south entrance of the Bullocks Wilshire department store.

7 Drive into the north parking lot of the LA County Art Museum and follow the shrub-lined path toward the building. The Shield is on a narrow walkway.

8 On the front porch of the shack facing the Westlake Tar Pits.

9 Atop a barrel on the ducky paddleboats pier in MacArthur Park.

10 Below the skull stage, near the entrance of the Intolerance Set landmark. Enter the set through one of the arched doorways on either side of the stairs, then work your way around the backside of the stage to find the tunnel underneath. The Shield is in the middle of this passage, almost directly below the skull.

11 At a Chinese store just west of the Chinatown landmark. Look on the ground between two lion statues out front.

12 Inside Union Station, on the ticket counter at the Southern Pacific desk.

13 In the guard's booth on the first floor of the Hall of Records in Civic Square.

14 Beneath the Angel's Flight incline railway. Look under the track at the lower end of the line.

15 Climb the gutter on the northwest corner of the LA Public Library, then scale the scaffold on the next ledge to reach the rooftop. Head to the front of the building (northeast) and climb the platform between the two tank platforms to find the Shield near the edge of the roof.

16 On the Trolley Dogs' condiments table in Pershing Square.

17 On the ground at the entrance of the RKO Theatre.

18 On the edge of the planter in the back parking lot of the Herald Examiner.

19 In front of the middle train on the train platform at the Main Street Terminal.

20 On a 6th Street bridge support platform. Drive down the slope between the parallel roads on 6th Street, starting at the Santa Fe Ave intersection. Follow the slope down to the flood control channel. Climb the ladder on the first support column as you enter the channel to find the Shield above.
