

CO-210 Carbon Monoxide Probe

Accurately measure CO levels with easy-to-use probe

The Fluke CO-210 Carbon Monoxide Probe makes it easy to take accurate measurements of CO levels.

As an accessory to a digital multimeter with dc millivolt inputs, the Fluke CO-210 displays CO level readings from 0 to 1000 parts per million (ppm), with a resolution of 1 ppm and accuracy of $\pm 3\%$.

Detach the CO-210 cord and the probe acts as a stand-alone device, with an LED indicator and a beeper that triggers with increasing frequency as CO levels rise. The beeper can be turned off when silent operation is preferred.

- Rugged case and electronics
- Displays CO levels on multimeter from 0 to 1000 ppm
- Acts as a stand-alone device with LED and beeper CO indicators
- CO indicator beeper can be silenced
- Automatic sensor zeroing and self-test sequence upon start-up
- Easily replaceable battery
- Simple on/off switch operation
- Replaceable sensor extends tool life
- Includes C50 Soft Carrying Case, battery (installed) and instruction sheet

Measurement specifications

Range: 0 to 1000 ppm

Resolution: 1 ppm

Accuracy: 3%

- Stabilized electrochemical CO specific sensor with 2 second warm-up
- Typical 3 year sensor life; one year calibration cycle
- Detachable RJ-45 connection to probe and standard banana jack to multimeter
- Battery life 500 hours with alkaline battery

Ordering Information

Fluke CO-210 Carbon Monoxide Probe

Replacement Parts

Cord Part # 689307

To order, call (800) 526-4731 in the U.S.
Outside of the U.S. call (425) 356-5500.
