

FlightMax Warranty Registration

Your new FlightMax system comes with a standard 2-year warranty which covers parts & labor costs for repairs due to defects in material or workmanship during the first 24 months after in-service date. To activate your warranty, fill out this registration card and FAX it to us at **781-402-7599**.

At the time you take delivery of your new FlightMax EX-Series MFD or Entegra PFD, you have the option to enroll in the FlightMax Extended Service Plan (**FLEX Service**) which will provide added protection for your avionics investment and keep you flying.

Your enrollment in FLEX Service includes 5,000 datalink message units for your integrated-datalink MFD, and full parts and labor warranty for any failure due to defects in material and workmanship on your PFD and/or MFD, for as long as you remain on the plan. Complete the FLEX SERVICE portion below including Credit Card information for billing if you wish to enroll in the Flex Service.

For more information on what is included with Flex Service, as well as Terms & Conditions, go to www.avidyne.com/flex.
