

“The Software Maintenance Agreement adds value to our PULSE measurement system. One doesn’t make this kind of investment and then risk letting it get outdated.”

Manuel Sánchez Castillo, Ph.D., Senior Applications Engineer at E-A-R Specialty Composites, USA

YOUR SOFTWARE MAINTENANCE AGREEMENT ENSURES:

- Automatic receipt of latest enhancements and improvements to PULSE software for an annual fee
- Access to technical and application support
- Automatic renewal of contracts and receipt of PULSE-related materials

PULSE IN RECENT YEARS *HIGHLIGHTS*

1999

PULSE ver. 4.2

SOFTWARE MAINTENANCE

SOFTWARE MAINTENANCE – FOR YOUR PEACE OF MIND

WHY SIGN UP?

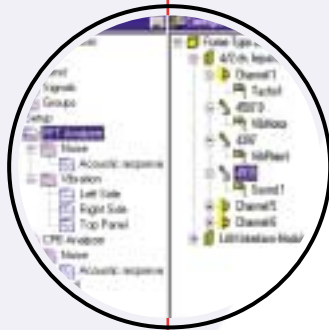

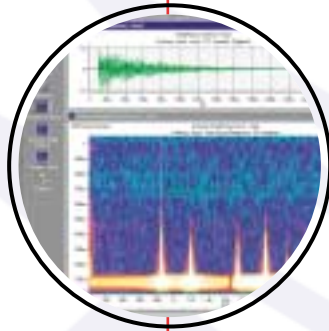

Get full benefit from your PULSE™ system by upgrading your software regularly.

PROLONG THE LIFETIME OF YOUR INVESTMENT

The latest version of PULSE is your guarantee of continuous access to all improved and added functionalities made to the PULSE platform as well as to software applications. This not only optimises your measurement system but also keeps your software compatible with developments in other, software packages such as Windows NT®/2000 and MS® Office.

SECURE YOUR ABILITY TO GROW

New or enhanced PULSE applications and front-ends are geared towards the latest version of the PULSE platform. Therefore, as your analysis needs grow, the Software Maintenance Agreement makes it easy to add new applications, and increase the performance of your equipment.

UNLIMITED ACCESS TO BRÜEL & KJÆR'S STORE OF KNOWLEDGE

Over the past 55 years, Brüel & Kjær has accumulated a tremendous amount of experience in dealing with a multitude of sound and vibration issues. The Software Maintenance Agreement is your guarantee of access to this know-how through the technical and application support offered by our worldwide service network.

PULSE

PULSE is the sound and vibration measurement platform from Brüel & Kjær with a continuously expanding range of software applications from which to build an analysis system to suit your needs.

FURTHER SECURITY

The Brüel & Kjær network extends to 90 sales offices and agents in 55 countries. We help you get even more out of your investment by offering:

- **Seminars and training** for all levels of experience/need, through the Brüel & Kjær University.
- **Installation service** to get your analysis system running quickly and smoothly whenever upgraded.
- **Calibration** by one of our 12 accredited Calibration Centres worldwide.
- **PULSE Solution Network** is a venue for specialised software solutions beyond those provided by standard PULSE software modules.

To find out what best suits your needs, please contact your local sales representative or go to www.bksv.com
