

# Airport Noise Seminar

We would like to invite you to take part in a 2-day seminar on Airport Noise Monitoring in Vienna, Austria, 25 – 26th September, 2002

Our aim is to give you an idea of the wide range of possibilities offered by an Airport Noise Monitoring System. See, for example, how Flight Tracking Software enables you to track down noise violators, process complaints from neighbours and perform noise predictions and much more.

Some of the topics and events included in the 2-day seminar are:

- A visit to Vienna International Airport's Environmental Office
- A demonstration of Vienna Airports' noise monitoring system
- Measuring equipment
- Noise Monitoring
- Flight Tracking / Radar Interface
- Noise Prediction Model (INM Link)
- Reporting Module
- Complaints Handling
- System Integration

The Airport Noise Seminar is free of charge. We will provide lodging, dinner and a social evening for you. However, your travel expenses are not included.

To sign up, please contact Ms. Pernille Munch via e-mail: [pmunch@bksv.com](mailto:pmunch@bksv.com) or fax: +45 45 801 405 no later than Tuesday 10th September, 2002.

Location: Hotel Astoria, Vienna.

We look forward to seeing you in Vienna!

*Best regards,*

*Lars Winberg  
Sales Manager,  
Airport Noise Monitoring Systems
