NR

11. KOREA. New Chinese Communist unit mentioned in message: A badly garbled 26 August Chinese Communist message mentioned the 29th and 30th Regiments in relation to a location west of Chorwon in west central Korea. (SUEDE 624, missed to missed, 26 Aug 51)

Comment: Both the Chinese Communist 29th and 30th Regiments would normally be subordinate to the 10th Division, 4th Army, 2nd Army Group, 1st Field Army. While numerous unconfirmed agent reports have related the move of 1st Field Army elements to Korea, it was originally believed that these were to be used as replacements. More recent reports, however, have indicated that complete tactical units, possibly up to armies, were involved in this movement.

Evidence available is still too fragmentary to justify acceptance of these 4th Army units.
