Details :

PCL5e Driver v4.40 supports Windows2000 as Support OS.

To support Window2000, the following new functions are added.

No.	Item	Descriptions
1	Page Composer v2.25 Support	By supporting PageComposer, various sorts of printing, such as Scaling Printing, Nup Printing, and Booklet Printing, are implemented.
2	Embedded URL for Downloading Driver	URL information to access each Printer Manufacturer's Web Site from Printer Folder in Windows2000 is embedded, so that Driver can be easily updated. The embedded URL is at: http://www.canon.com/support/index.html?model=%model%

Restrictions :

Here are the restrictions in the PCL5e Printer Driver v4.40 for Windows 2000.

No.	Item	Descriptions
