

you can
Canon

Reproduce your biggest
plans in glorious detail

Great colour output with brilliant text and less abrasion for general office use

Superb signs and posters with vivid colours and solid image consistency

Sharper, thinner lines and high black density for CAD plan production

Designed to meet the exacting needs of CAD and GIS applications, the iPF600 is a welcome addition to your business. Featuring vivid colours and precise line rendering, it's a dependable solution for A1+ production where productivity matters.

Vivid colours, compact and productive

- **New 5 colour dye and pigment reactive ink** system ensures excellent reproduction.
- **High speed media feeding** from cassette allows device to be used as a powerful office colour printer.
- **High performance, high durability** cutter incorporated for a professional finish.
- **Convenient 4-way media feeding** with automatic switching between media types for added productivity.
- **Rich software plug-ins** and powerful, yet simple-to-use, poster creation software (PosterArtist) incorporated as standard.
- **Flexible media handling** - Plain paper, CAD, recycled, glossy, proofing, synthetic, poster.
- **Compact and quiet** - it's the output not the noise that gets you noticed.

Ideal for Corporate, CAD / GIS

High Performance
