The biggest and best in
large-format production

Fine art productions
never looked better with
exceptional colour stability.

Photographic works
come to life thanks to
an ultra-glossy feel and
no graininess.

60" printing for
posters and signs that
turns heads.

**Superb pigment
ink colour**
reproduction makes
for perfect proofs.

Exceptional 60" production has arrived. Enjoy borderless reproduction and jaw-dropping print quality with the flagship iPF9000. Featuring a new 12 colour pigment ink system, it guarantees the productivity to beat the toughest schedules.

Outstanding production for print-for-pay and print bureaus

- **Dual print head** and powerful controller ensures super-quick production with the quality to leave others behind.
- **Incredible 2400 dpi x 1200 dpi** reproduction using full colour 4pl droplets.
- **Huge 60" prints** for a variety of applications.
- **Flexible media handling** - Plain paper, CAD, recycled, glossy, proofing, synthetic, poster, fine art and sign media.
- **Continuous performance** thanks to ink-tank replacement during printing.
- **Designed with users in mind**
 - Large LCD panel plus loading and output are all carried out at the front of the device.
- **High performance**, high durability cutter incorporated for a professional finish.

Ideal for Fine Art, Photography, Poster & Sign Making

LONG-TERM DURABILITY

Advanced media delivery
