

SOLAR POWER SUPPLIES

FEATURES AT A GLANCE

- 40, 80 & 240 / 260 W Solar Power Supplies
- Primary or secondary power source
- Cost-effective
- Custom packages available
- Environmentally friendly

The Solar Power Supplies use the photovoltaic effect to convert light energy into electrical energy. They are ideal for locations where the AC mains supply is unreliable, non-existent or too costly.

40, 80 & 240 / 260 W SOLAR POWER SUPPLIES

Codan offers the following Solar Power Supplies:

- 40 W for light duty applications
- 80 W for heavy duty applications
- 240 / 260 W for heavy duty applications

All packages are supplied with anti-bird spikes, regulator, six metres of heavy duty twin core cable, battery lugs and paralleling cables.

Note: Batteries are not included with the Solar Power Supply packages. If batteries are required, they can be supplied separately.

PRIMARY OR SECONDARY POWER SOURCE

Solar Power Supplies can be used as both a primary power source where no power is available or as a secondary source where uninterrupted supply is required.

COST-EFFECTIVE

Easy to maintain and install, and without the associated costs of fuel, Solar Power Supplies are the cost-effective alternatives to petrol or diesel driven motor generators.

CUSTOM PACKAGES AVAILABLE

Alternative packages using solar panel assemblies of either greater or lesser capacity can be tailored to your specific application. Please contact your Codan representative for details.

ENVIRONMENTALLY FRIENDLY

The use of solar energy is an environmentally friendly solution producing no pollution. Solar panels last many decades but can be fully recycled at end of life.

SOLAR POWER SUPPLIES

SPECIFICATIONS FOR INDIVIDUAL SOLAR PANELS*

Peak power	40 W	65 W	80 W
Voltage at peak power	17.3 V	17.6 V	17.6 V
Current at peak power	2.3 A	3.69 A	4.55 A
Short circuit current	2.5 A	3.99 A	4.8 A
Open circuit voltage	21.8 V	22.1 V	22.1 V
Size (as mounted)	655 mm L x 537 mm W x 50 mm D	1111 mm L x 502 mm W x 50 mm D	1209 mm L x 537 mm W x 50 mm D
Weight (solar panel only)	5.75 kg	7.2 kg	7.7 kg

* Specifications for solar panels may vary slightly depending on the suppliers used. Please contact Codan to confirm specifications before purchasing.
