

# K144XV 2-METER OPTION INSTALLATION AND OPERATION MANUAL ERRATA

Rev. E-1, September 1, 2015

**MAKE THESE CORRECTIONS TO YOUR REV E MANUAL  
OR ANNOTATE YOUR MANUAL TO REFER TO  
THIS ERRATA AT THE PLACES INDICATED**

1. **Page 7, Parts List:** Replace the power cable entry under *Hardware Package* with the following:

	K144XV Power Cable, 14" (36 cm) for K3	1	E850735
	K144XV Power Cable, 5" (13 cm) for K3s	1	E850731

2. **Page 15, Second Checkbox Step:** Replace the step with the following:

If you are installing the K144XV in a K3, connect the 14" (36 cm) power cable between the 3-pin connector on the K144XV module and the 1-pin connector as shown in Figure 9. If you are installing the K144XV in a K3S, use the 5" (13 cm) power cable instead and connect it to P95 near the main synthesizer as shown in Figure 10.
