Color Duplex Document Scanner

A powerful combination of speed, flexibility, reliability and image quality.

The Fujitsu *fi*-4340C Color Duplex Document Scanner makes the advanced scanning capabilities usually found on high-end production scanners more affordable. With true 600 dpi optical resolution, this enhanced color scanner allows you to capture the intricate details of your documents that other scanners might miss.

To enhance productivity, the *fi*-4340C features a 100-page automatic document feeder with double-feed detection that instantly alerts operators to misfeeds and automatic page-end detection that conserves file space. Dual color CCDs scan both sides of a document in one pass and can even be configured to drop out different colors on each side without changing lamps. So, whether you're processing forms or scanning photographic images, the *fi*-4340C helps you be more productive.

Help maximize uptime with Fujitsu service

The *fi*-4340C scanner includes a 90-day, on-site, Limited Warranty. A free, nine-month depot service upgrade is also available (some restrictions apply). For full details on the Limited Warranty and on all service programs, go to www.ImagingService.com or call (800) 301-9475.
