## TECHNICAL SPECIFICATIONS

### New and improved features

■ **Able to scan 60 double sided pages per minute (200dpi) in both monochrome and color**

### ■ Image processing functions

The fi-4860C2 comes bundled with the new and renowned Kofax Virtual ReScan™ (VRS) circuitry / software combination that:

- Converts documents containing colored background or shaded areas into highly legible monochrome images.

- Automatically deletes blank pages, rotates images so that each one is facing the proper orientation and automatically controls contrast.

- Suppresses background noise and gradation to generate cleaner images that require less file size.

- Enables users to create excellent images each and every time-even if they are not imaging experts.

### ■ Giant hopper

The fi-4860C2's giant 500 page hopper enables users to speedily and efficiently digitize mountains of documents.

### ■ Mixed batch scannability

With its ability to scan mixed batches containing documents of various weights, sizes, colors and shades, the fi-4860C2 frees users from many document presorting tasks and improves scanning efficiency.

Use of the fi-4860C2's "thin paper kit" option expands document feedability beyond that of common paper types to a range that runs from 31g/m<sup>2</sup> to 52 g/m<sup>2</sup>.

### ■ Pre and post imprinter options

Imprinter options have been offered to users with demanding document management and verification needs. The fi-4860C2 supports both a pre-imprinter (which prints on the front side of documents) and a post-imprinter (which prints on the reverse-side of documents) option, both of which will greatly increase scanner usability.

### ■ Options

Description	Parts number	Comments
Pre Imprinter (fi-486PRFR)	PA03296-D207	The imprinter option enables users to print information on original documents for document management purposes. While the fi-486PRFR (pre imprinter) prints information on the front of documents prior to scanning, the fi-486PRRE (post imprinter) prints information on the back of the original documents after they have been scanned. Although both the fi-486PRFR and the fi-486PRRE may be attached to the same scanner unit, both imprinters cannot be used simultaneously.
Post Imprinter (fi-486PRRE)	PA03296-D201	
Thin paper kit (fi-486TRK)	PA03296-D780	The thin paper kit expands the range of documents that the fi-4860C2 is capable of scanning. (From 31g/m <sup>2</sup> to 52g/m <sup>2</sup> )

### ■ Consumables

Description	Parts number	Comments
Pick Roller	PA03296-F711	Lifetime: Every 300,000 sheets or one year These rollers feed documents into the scanner.
Lamp	PA83950-0290	Lifetime: Every 1,000 hours The fi-4860C2 uses two lamps.
Pad Assy	CA04315-G730	Lifetime: Every 300,000 sheets or one year These rubber parts separate documents.
Brake Roller	CA04315-F705	Lifetime: Every 300,000 sheets or one year These rollers separate documents as they are being fed into the scanner.
Print Cartridge	CA00050-0262	For use with fi-486PRFR and fi-486PRRE imprinters.
