Fujitsu once again delivers the storage products required for today's demanding applications, with reliable and cost-effective mobile hard disk drives.

Fujitsu mobile hard disk drives are known for their outstanding durability, low power consumption, and near-silent operation. The newest Fujitsu line of extended duty drives is no exception. Featuring capacities of up to 80GB, they provide ample data storage for multimedia presentations, digital audio and video, and graphics. And with the ability to function 24 hours a day, 7 days a week, the 2.5-inch hard disk drives are also well suited for many storage requirements, including blade servers, network routers and POS applications.

The Fujitsu extended duty mobile hard disk drives provide the exceptional performance that users are demanding. High endurance, reduced power consumption, and a small form factor make these Fujitsu hard disk drives ideal for required applications. Leverage thirty-five years of Fujitsu hard disk drive experience to meet your customer's mobile storage needs.
