- **Items 1 through 12** should be inserted in the G1000 Pilot’s Guide binder (**item 5** represents Revision B of P/N 190-00382-00; **item 10** is new and should be inserted behind **item 9** within the MFD tab).
- **Items 13 and 14** should be kept on the G1000-equipped aircraft.
- **Item 15** represents this document and does not need to be inserted in the G1000 Pilot’s Guide binder, nor does it need to be kept on the G1000-equipped aircraft.

NOTE: *These items are meant to replace the documents whose part numbers are listed under table column entitled “Replacement for P/N”. The “N/A” indicates that the document included in the update kit either is new—and thus is an addition to the G1000 Pilot’s Guide documentation—or is not designed to be part of the G1000 updated Pilot’s Guide binder documentation.*
