

LaserJet 3100/3150
Maintenance Kit

This kit is
recommended for
HP Authorized
Service Providers

HP LaserJet 3100/3150 Maintenance Kit Instruction Sheet

This HP LaserJet Printer Maintenance Kit provides you with the parts most commonly used to repair the paper path wear components of the HP LaserJet 3100/3150 series printers. Using the HP LaserJet Printer Maintenance kit helps provide convenience and cost savings as you eliminate the need for individual subcomponent ordering where multiple part needs exist. Using HP authorized parts allows for maximum paper feed and print quality performance of your Laserjet printer. This kit is intended for HP Authorized Service Providers in non-warranty applications.
