

Keysight N1014A SFF-8431 FlexDCA Compliance App Software Release Notes

Keysight N1014A SFF-8431 FlexDCA Compliance App Software
Version 1.10

Released Date:	
Requirements category	Microsoft Windows 7
Requirements category	86100D Infiniium DCA-X Mainframe
File Name:	Setup_Application_N1014A SFF-8431_v1.10r.exe

Enhancements

- Total jitter tests and 99% Jitter tests will now use the internal 401 Advanced Eye instead of the 401 excel script.
- Added SIRC support

Bug Fixes

- Enable pattern lock for Transmitter Qsq-Host test
- Made sure the test was going into osc mode at start so that Module tests can run standalone
- Added check to ignore 86107A and N4877A if PTB and CDR are set to off.
- Fixed bug for Common Mode RL measurement when using PNA.
