Known Issues

- Automatic Power and Current Profiler may not work correctly for a waveform measured with a CX1102A
- The file operation such as loading, saving or recording occasionally stops if you attach or detach a current sensor during the file operation.
- The waveform on CX3300 is not displayed occasionally when changing the display mode using an external display.
- After forcing quit the CX3300 firmware for any reasons, power-cycle the CX3300.
