

Keysight Trade-In

N9030A PXA Real-Time Spectrum Analyzers

TRADE-IN CODE: 12-015

END DATE: January 30, 2015

* Terms and Conditions:

- Customer warrants that, when delivered, Trade-In products will be complete¹ and in good working condition², with no interior, exterior, or performance modification.
- Actual percentages and amounts in local currency may vary based on the option configurations, currency exchange rates, and other factors that may cause the credit to change without notice.
- A purchase agreement (PA) will affect the Trade-In credit.
- Rental Partners are not eligible.
- Shown credits apply to new and Trade-In models with the matching frequency range / bandwidth.
- New PXA must include either RTSA option RT1 or RT2.

Receive a credit* of up to 50% when you trade eligible models from Rohde & Schwarz, and Tektronix toward a new Keysight N9030A PXA X-Series signal analyzer with RTSA real-time spectrum analyzer capability with the same maximum frequency as your trade-in.

Trade-In model	Maximum credit
Rohde & Schwarz	
FSVR7, FSVR13, FSVR30, FSVR40	50% first 25 Trade-Ins
Tektronix	
RSA3303B, RSA3308B, RSA3408A, RSA3408B, RSA5103A, RSA5103B, RSA5106A, RSA5115B, RSA5126B, RSA6106A, RSA6114A, RSA6114B, RSA6120A, RSA6120B	50% first 25 Trade-Ins

1. Trade-In products will include, at a minimum, all hardware, software, and component parts needed for the Trade-In products to operate.
2. All parts of the Trade-In products will operate in accordance with their original specifications, pass their start up performance tests, and be free of major cosmetic damage. Current calibration on the unit is not required.
