

Engineering Applications II Course

By: John Getty
Laboratory Director
Engineering Department
University of Denver
Denver, CO

Recommended Course Sequence:

Week 1	Exponential Waveforms
Week 2	Step Response Analysis
Week 3	Step Response Design
Week 4	Transfer Functions
Week 5	First Order Filters
Week 6	Impedance
Week 7	Sinusoidal Steady State
Week 8	AC Power Analysis and Design
Week 9	Multiple Pole Filters
Week 10	Fourier Series
