5345A Electronic Counter

Serial Numbers: 0000A00000 / 3103A13750

The 5345A Electronic Counter has been experiencing intermittent power-up display problems. We have been able to correct the problem by replacing A13 U7 (part number 1820-1416) with a different vendor. The current part is used in many Agilent products, which are not experiencing problems with this part.

To resolve this problem for the 5345A, we have changed to a new vendor and changed the part number. The new part number is 1821-0734.
