

# 6673A-06B

## S E R V I C E N O T E

Supersedes:  
6673A-06A

### 6673A 2KW General Purpose System Power Supply

Serial Numbers: 3620A-01006 / 9999Z99999

#### Front Panel Parts List

##### Situation:

When damage occurs to the front panel portion of the power supply, several replacement parts may be required to repair the instrument.

##### Solution:

This is a parts list for convenience that lists the commonly replaced front panel parts.

Units with earlier serial numbers, that need new optical encoders must also order a new “**Tested Keypad PCA**” p/n **5060-3400**, which includes 2 knobs.

**5064-0125 / 5064-0126** ASSY-FR PNL, SERVICE KIT is Obsolete, and is no longer available.

#### Front Panel Parts Required:
