

# Agilent Technologies

## 85025D Option C10

### Product Supplement

The Agilent 85025D Option C10 is identical to the standard 85025D, except the Input/DC Power Supply cable, W1 is 10 meters long instead of the standard 1.22 meters long.

There are no changes to the performance specification, as described in Table 1-1, page 1-7 of the standard Agilent 85025D Operating and Service Manual. Make note that the only change would be to the Supplemental Characteristics of the cable length on Table 1-2 on page 1-8 of the Agilent 85025D Operating and Service Manual.

#### Materials Supplied

Description	Part Number	Quantity
10 Meter Power Supply Cable	85025-60048*	1
1.22 Meter Standard Cable	85025-60003	-1

The part indicated with an asterisk (\*) are unique to this special option. To order replacement parts, please contact the Component Test PGU with the part number. If ordering parts through your local Agilent Technologies Sales or Service Center, specify that asterisk parts are ordered through the Component Test PGU.

Inspect the shipping container. If the container or packing material is damaged, it should be kept until the contents of the shipment have been checked mechanically and electrically. If there is mechanical damage, notify the nearest Agilent Technologies office. Refer to the table below. Keep the damaged shipping materials (if any) for inspection by the carrier and an Agilent Technologies representative.
