

11768A-01

HP 11768A Group Delay Retrofit Kit.

Serial Numbers:

N/A

Y2K update information:

As for host 859X status.

December 1996 Serial Numbers:

N/A

Situation:

The HP 11768A, the group delay retrofit kit, comprises, amongst its constituent parts, the HP 859X firmware ROMs. The Y2K status of this firmware can be determined by accessing the appropriate HP 859X Y2K database entry. In this respect the HP 11768A Y2K status only manifests itself when installed in the host instrument.

Date: 4 November 1998
