**To Be Performed By:** Agilent-Qualified Personnel, Customer**Parts Required:** See Text**Situation:**

The original A1A2 Rotary Pulse Generator (RPG), 0960-0745, has been discontinued by the manufacturer. A new RPG, 1990-1525 is used in all instruments with serials above those listed. To accommodate the new RPG, the A1 Keyboard Assembly and the RPG knob were also changed. The old parts are kept on Replacement for older units, so retrofits are not necessary.
