

FSTS1

FOR USE WITH THE SAT-TS1 IN THE HKTS1 SYSTEM

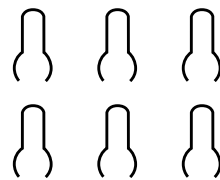

THANK YOU for choosing Harman Kardon. With the purchase of a Harman Kardon Home-Theater Speaker System you will be able to transform your living room into a state-of-the-art home theater able to reproduce music and movie soundtracks with enough power and fidelity to rival the best cinema experience.

These optional floor stands provide the speaker-placement flexibility needed to create the optimum home-cinema experience. Please refer to your HKTS1 Owner's Guide for proper speaker placement.

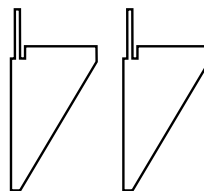

INCLUDED

Two floor-stand posts

Six wire clips

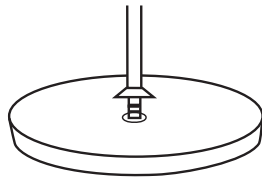

Two speaker supports

Two weighted bases

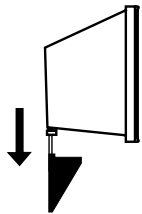

FSTS1 FLOOR STANDS

ASSEMBLY

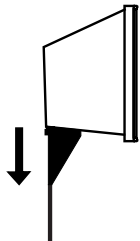

1. Insert pole into the hole in the base.
2. Turn pole clockwise until tight.

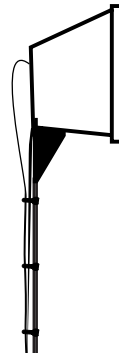

ATTACHING SPEAKER

1. Attach speaker to support.

2. Place support and speaker onto stand.

3. Use clips provided to attach speaker wire to the post.
