HARRIS

**Need-L-Lock™
Crimping Pliers**

YOU NEED THIS TOOL!

Two of the most essential
tools on your belt are
now one - UR/UY/UG
Crimping Pliers and Needle
Nose Pliers combined!

That means one
less tool you
need to carry.

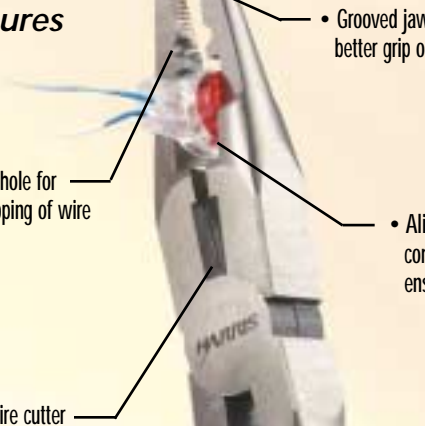

Need-L-Lock™ Crimping Pliers

New patent-pending two-in-one design crimping pliers combine a UR/UY/UG connector crimper with needle nose pliers. This means one less tool on your belt! Aligned crimping jaws come down square ensuring a solid connection. Jaws are grooved to provide a better grip on wires and feature a built-in cutter and wire stripper. Forged of high quality steel with coated ergonomic handles for a reliable grip these 6-1/2" needle nose crimping pliers are a tool every technician or contractor needs!

- Needle nose pliers
- UR/UY/UG connector crimper
- Wire stripper hole
- Built-in side cutter
- Rubber coated handles for non-slip grip

4-in-1 Tool features

- 
- Grooved jaws provide better grip on wires
 - Aligned crimping jaws come down square ensuring a solid connection
 - Skinning hole for easy stripping of wire
 - Built-in wire cutter
