## **Holzworth Instrumentation signs Ward/Davis Associates for Southern California Sales**

Holzworth Instrumentation, a global provider of high performance RF Synthesizers and Phase Noise Test solutions, announced this week, an agreement with Ward/Davis Associates as the exclusive US Sales Representative for Southern California.

“Holzworth is very pleased to have Ward/Davis Associates as our Southern California sales representative team. The WDA sales engineering team has an incredible track record with customers for being technically capable and highly responsive. Their long running reputation simply speaks for itself”, noted Joe Koebel (Holzworth VP).

Bill Breyer, President of Ward/Davis commented: “Holzworth products, innovative technology, entrepreneurial founders, and progressive Company environment are a perfect fit for our Company. We look forward to a long and prosperous relationship with them.”
