

ACCESSORY PRICES**INTRODUCTION**

The Accessory Price list includes accessories currently being marketed by NAD and NMD.

ORGANIZATION

The Accessory Price list is organized in numeric sequence. Feature coded items are listed first and are followed by part-numbered items. All items are listed without identification as to category or machine type, unless identification is required to distinguish between identical items that have different prices. Unless otherwise specified, Accessory items are designated "Customer Setup".

LEGEND FOR ACCESSORY PRICE LIST

<u>Column Heading</u>	<u>Explanation</u>
FEATURE OR PART NUMBER	Self explanatory. A double plus (++) sign indicates that a number has not been assigned and the item is to be ordered by MSORDER. A double number (##) sign indicates the part number must be found in the appropriate machine write-up in the Sales Manual.
DESCRIPTION	A description of the Accessory. Also, other types of charges will be described, such as, Field Installation Charge (FIC) and Minimum Maintenance Charge (MMC).
PURCHASE/OTHER	The dollar purchase price applicable for each accessory. Also, charges for other items listed in the description column. A plus (+) sign in this column indicates that the price is unavailable at time of printing.
