
Installation Guide Changes

The following updates have been made to the Web versions of the Nways Manager for HP-UX Installation Guide, Version 2.1 (Sixth Edition, November 1999). The hardcopy documentation which may or may not have been shipped with this product, and the documentation provided on the CD do not contain these changes.

Configuring ATMC

On page 7 of the hardcopy documentation, change the second environment setting in steps 3-a and 3-b from:

```
SHLIB_PATH=usr/local/ODI/0S5.1
```

to:

```
SHLIB_PATH=usr/local/ODI/0S5.1/lib
```
