***eCatalog* Now Available**

CLEVELAND, OH, August 2003 — IOtech's new 2003 PC-based Data Acquisition & Instrumentation *eCatalog* has just been released. This full-color, 28-page mini-catalog introduces several new products since the prior *eCatalog* was printed, including:

- New Ethernet-based data acquisition devices – the **WaveBook/516E™** and **DaqBook/2000E®**
- New *all-in-one-box* data acquisition solution for highly accurate temperature and voltage measurements – the **DaqTemp™** Series
- New high-density thermocouple module, the 56 channel **DBK90™**
- New low-cost PCI data acquisition boards – the **ADAC/5500™** Series
- New **PidPRO®** software for capturing vehicle-bus information using our **DBK70™** vehicle bus interface

IOtech's *eCatalog* is available free of charge and may be requested via the web at www.iotech.com/pr2003, email at sales@iotech.com, or phone at 1-888-831-4315.
