o ICOM

VHF MARINE TRANSCEIVER

IC-M402

Easy to see! Easy to hear!

Large 2-digit Ch with scrolling channel names

Look at the size of the LCD with large letters and numbers! The large, easy to see display has 27×43mm (1¹/16×1⁵/sin.) dimensions, so channel indications are maximized. 10-character channel names and all settings are displayed at the same time.

M402

Easy to hear speaker

A newly designed large speaker grill improves the output of the frontmounted speaker. The result is that the audio sounds even louder than the 4.5W (typical) output capability, even over wind or engine noise.

Built-in DSC capability that meets RTCM SC101

The DSC watch function monitors Ch 70, while receiving another channel. It allows you to send a formatted distress message in an emergency. The position request function indicates a caller's position. Up to 30 DSC IDs are memorized.

Rugged waterproof construction

By spraying off any salt with fresh water after your outing, the IC-M402 is designed to work for many years. (Equivalent to JIS 7, submersible 1m/30min; except cables)

Optional

COMMANDMIC® Our COMMANDMIC® makes it convenient for using the IC-M402 from a separate cabin or tower. It allows you to remotely control all functions of the IC-M402 (except DSC operation). It offers its own large, easy to read LCD, is easy to hear and is also waterproof!

And more...

- Dual and tri-watch functions for monitoring channel 16 (or channel 16 and another call channel), while receiving on another channel
- Position indication when connected to GPS (GPS is not included)
- Adjustable LCD backlighting and key illumination in 4 steps for nighttime operation
- Supplied remote function Mic. for convenient channel selection
- NOAA weather channels with alert function
- Simple and easy tag scanning system
- Available in black or white

Optional COMMANDMIC®, HM-127W

SPECIFICATIONS

- GENERAL
- Frequency range : Tx 156.025-157.425MHz Rx 156.050-163.275MHz
- Usable channels : All International, U.S.A.* and Canadian* channels; plus 10 weather* channels (* U.S.A. version only)
- Type of emission : 16K0G3E (FM), 16K0G2B (DSC)
- Power supply : 13.8V DC ±15%
- Current drain : Tx 6A (at 25W output)
- Rx 1.2A (at AF max.) (at 13.8V DC) • Operating temperature range:
- -20°C to +60°C; -4°F to +140°F
- Antenna connector: SO-239 (50Ω)
- Dimensions (W×H×D):
- 153×67×141.6mm; 6¹/₃₂×2⁵/₈×5⁹/₁₆in.
- Weight : 900g; 2lb

TRANSMITTER

- Output power : High 25W (at 13.8V DC) Low 1W
- Modulation system: Variable reactance freq. modulation
- Spurious emissions: Less than –70dB
- Adj. channel power: 70dB

OPTIONS

• MB-69 FLUSH MOUNT KIT For flush-mounting the IC-M402 to a flat surface such as an instrument control panel.

- HM-129B/W SMART MICROPHONE White and black are available. Same as supplied.
- OPC-999 EXTENSION CABLE FOR HM-127B/W 6m (20ft) of extension cable for additional lengthening for use with COMMANDMIC®.

RECEIVER

- Receive system -
- Double conversion superheterodyne Intermediate freq. : 1st 21.7MHz
- 2nd 450kHz
- : 0.25µV at 12dB SINAD Sensitivity
- Squelch sensitivity: 0.20µV typical
- · Adj. Ch. selectivity: 70dB
- Spurious response rejection ratio: 70dB
- Intermodulation rejection ratio: 70dB
- Audio output power: 4.5W typical 10% distortion with a 4Ω load
- Audio output impedance: 4Ω

COMMANDMIC

HM-127B

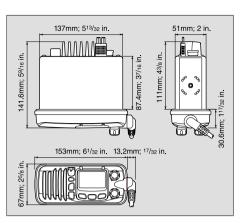

(Black)

 GPS interface : NMEA0183 ver. 2.0

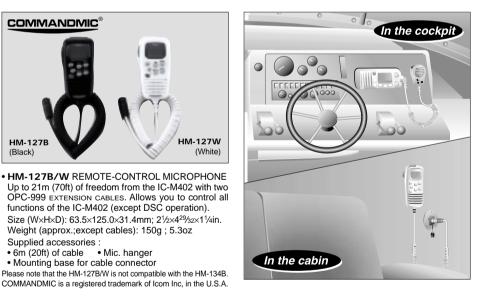

Supplied accessories: Hand microphone DC power cable Mounting bracket kit

All stated specifications are subject to change without notice or obligation.

functions of the IC-M402 (except DSC operation). Size (W×H×D): 63.5×125.0×31.4mm; 21/2×429/32×11/4in. Weight (approx.;except cables): 150g ; 5.3oz
