

GUIDE FOR CD

1) COMPOSITION

2) DESCRIPTION

V8000.pdf

V8000.pdf is a service manual for IC-V8000 and including all service information in this CD. This file is mainly used for viewing on the computer display and checking page order to make printed service manual. Or when you want to find a component, you can find very fast using “FIND” function (except Board layout).

A3format.pdf

A3format.pdf consists of A3 format pages (Board layout, Mechanical parts and disassembly, and etc.) in V8000.pdf. This file is used for printing out A3 format pages. This file is also including divided bigger than A3 format page (Voltage diagram) to A3 format by 2 pages. The divided pages are overlapping for purpose making a piece of voltage diagram. After printing out A3 format voltage diagrams, put crossover parts upon another paper and paste them.

A4format.pdf

A4format.pdf consists of A4 format pages (Inside views, Circuit description, Parts list, and etc.) in V8000.pdf. This file is used for printing out A4 format pages.

Instruction.pdf

Instruction.pdf is a instruction manual for IC-V8000. This file is exactly same as supplying instruction manual with product and consists of all A4 format pages. If you have A4 format printer, you can print and make brand new instruction manual any time you want. Also this file is very helpful when you want to change or set product condition for adjustment or else.

OptInstruction.pdf

OptInstruction.pdf is a instruction manual for installing the optional unit to IC-V8000. This file is exactly same as supplying instruction manual with product and consists of all A4 format pages. If you have A4 format printer, you can print and make brand new instruction manual any time you want. Also this file is very helpful when you want to change or set product condition for adjustment or else.

UnitParts.pdf

UnitParts.pdf is a assembled unit information for IC-V8000. This information is for authorized distributor/dealer only. Because we (ICOM INC.) don't sell assembled unit to general.
