# ELEVATE

MANIKA WAGLE

Dear Josh,

In one of your recent strategy update meetings, you spoke to us about bringing the brand to the next level, raising the bar, and of course ELEVATING! You emphasized that word QUITE a few times - we definitely got the picture (and have hopefully elevated in many ways since then)! It was mentioned so often that as a joke I made and laminated these big, bold "ELEVATE" signs and handed them out for everyone to hang in their offices - lest we forget! So I thought it only appropriate that you should depart with that which you inspired... ☺

Put all teasing aside, I have been so honoured to work for and alongside you and witness the incredible strides you have made with Jimmy Choo. Being a bit of an old-schooler, I

am well aware from where this brand has come, and I know your innovative approach and untiring dedication has made all the difference. You have personally taught me a great deal that I will take with me and benefit from for the rest of my career - I can't thank you enough for that!

I sincerely hope our paths cross again in the future - both professionally and personally.

Enjoy the VERY well deserved time off! But if you want, I'd still keep sending you our Sel-Thru Reports every week ☺ Something tells me you'll miss those!

My best,  
Manika.
