

# Adapters, Blank Front Panel

## ADAPTERS

**ADP-5037:** The ADP-5037 is a 50-pin to 37-pin conversion cable. At one end is a 50-pin female header connector. The 50-pin ribbon cable is connected to a small box which translates the 50-pins of a PIO-96J in to 37-pins configured for the ER01 or SRA-01. The box terminates in a 37-pin male D-type connector. Requires a C1800 cable.

**CONN-1800HC:** The CONN-1800HC is a subset of the STA-1800HC, providing only the breakout of the DAS-1800HC's 100-pin connector into four 37-pin D-type male connectors. No screw terminals are provided. Up to 4 MB-01 backplanes can be accommodated. Includes ½" rubber feet.

**Dimensions:** 4.5" × 5.5" (11.4cm × 14.0cm)

## BLANK FRONT PANEL

**ENCL-BLANK:** Blank front panel, covers one slot opening. For EXP-1800/1600/800.

## Miscellaneous Accessories

### DC-DC CONVERTER

**PG408A:** DC-to-DC converter.

### ENCLOSURES

**ENCL-1:** 1-slot metal enclosure for EXP-1800/1600/800.

**ENCL-2M:** 2-slot metal enclosure for EXP-1800/1600/800.

**ENCL-4M:** 4-slot metal enclosure for EXP-1800/1600/800.

**STP-ENCL:** General purpose plastic enclosure with lid and plastic standoffs for STP-36, STP-36CJC, STP-37, STP-37/F, STP-50, STP-68, STP-3140, STA-3108A1, STA3108A2, and STA-3108D1.

### FIELD WIRING ACCESSORY

**FWA-1800U:** FWA feed through for DAS signals.

**FWA-37U:** FWA feed through for DAS signals.

**FWA-EXP:** Field wiring accessory for EXP channels.

**RMT-02:** Rack-mountable enclosure for one METRABUS board.

**RMT-04:** Rack-mountable enclosure for four METRABUS boards.

### POWER SUPPLIES and ACCESSORIES

**OPA-01:** 100V AC to 10V AC power adapter.

**PWR-5V:** Power supply, 115/230V AC to 5V DC. For EXP multiplexers.

**PWR-55B:** +5V at 5A power supply, 120V AC, 60Hz. For MB-Series signal conditioning racks.
