KTC-SR902/KTC-SR901 SIRIUS® Satellite Tuner

Quick-Start Guide for: KDC-X969/KDC-X869/ KDC-X769/KDC-MP922/KDC-MP822/KDC-V7022/KDC-722

Step 1: Get your unit's individual Electronic Serial Number (ESN):

- Press the SRC button (1) repeatedly until "SIRIUS" appears on the display
- Press the MENU button (2) until "MENU" appears on the display
- Press the AM/FM buttons (3) to scroll through the options until "ESN XXXXXXXX" appears on the display
- Write the number down
- Press the SRC button (1) to exit

Step 2: Subscribe to SIRIUS Satellite

- Make sure your vehicle has the stereo on and the SIRIUS antenna has a clear view of the sky with no obstructions (buildings, garage, etc.)
- Have your Vehicle Identification Number (VIN) from the vehicle that the radio is installed in.
- Have your unit's ESN and your credit card number handy
- Contact SIRIUS on the web at siriusradio.com or call toll-free: 1-888-539-SIRIUS (7474)
- The operator will instruct you further
 - Your tuner should be able to receive SIRIUS Satellite signals almost immediately after you subscribe

Searching for SIRIUS categories:

- Press the NEXT button (5) repeatedly until "CS-", "CS+", "CH-", and "CH+" are displayed above the [1 - 6] buttons (8).
- Use the CS- and CS+ buttons (6) to search through the available program categories

- You must wait until all category information is acquired before operating this function again

Direct access tuning (using the remote):

- Press the DIRECT/OK button on the remote control
- Use the remote's number buttons to enter the stream number
- Press the >>I button (4) to go to that stream

Switching the Seek mode:

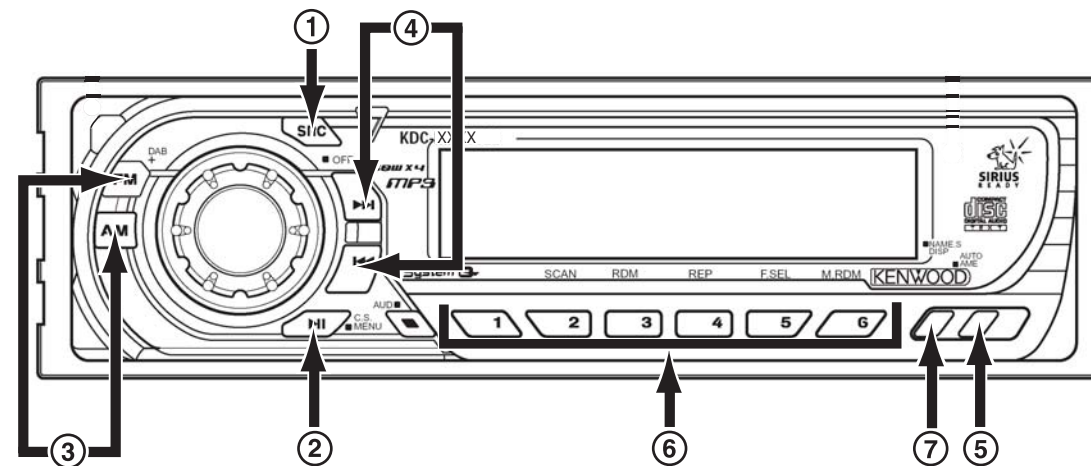

- Use the I<< and >>I buttons (4) to seek streams
- Press the AUTO button (7) to cycle the Seek mode between:
 - Preset Seek (Seek through your presets)
 - Channel Seek (Seek the next stream)

Setting stream presets:

- Use the FM button (3) to select the preset bank
- Use the I<< and >>I buttons (4) to select the stream you want to memorize
- Press the NEXT button (5) repeatedly until "1" - "6" are displayed above the [1 - 6] buttons (8).
- Hold the preset button (8) you want to memorize the stream for at least 2 seconds
 - When the stream is stored the preset number display will flash once
 - Only the preset number, not the category information is stored
 - Each preset button can store a different preset stream for each preset bank

KTC-SR902/KTC-SR901 SIRIUS® Satellite Tuner

Quick-Start Guide for: KDC-X569/KDC-X469/ KDC-MPV6022/KDC-MPV622/KDC-MP522/KDC-4022/ KDC-422/KDC3022/KDC-322

Step 1: Get your unit's individual Electronic Serial Number (ESN):

- Press the SRC button (1) repeatedly until "SIRIUS" appears on the display
- Hold the MENU button (2) until "MENU" appears on the display
- Press the AM/FM buttons (3) to scroll through the options until "ESN XXXXXXXX" appears on the display
