X-STREAM OSCILLOSCOPE
VERSION 5.7.3.5 RELEASE NOTES
NOVEMBER 2008

New Products and Features:

CANbus TDM and CANbus TD
- A completely integrated solution for protocol trigger, decode and measurement of CAN signals. The new products are compatible with WaveSurfer Xs and MXs, WaveRunner Xi and MXi and WavePro 7 Zi

Vehicle Bus Analyzer (VBA Xi)
- All new VBA Xi models now feature the integrated CAN trigger and no longer include the external trigger module.

Improvements:

WavePro 7Zi
- LabNoteBook compaction function improved

Corrections:

WaveRunner Xi and MXi, VBA Xi
- Sequence mode time stamp errors resolved
