

**X-STREAM OSCILLOSCOPE  
VERSION 5.1.3.5 RELEASE NOTES  
SEPTEMBER 2007**

**New Products and Features:**

**WaveRunner and Wave Surfer Oscilloscopes:**

- Chinese and French local language is now available.

**Corrections:**

**Wave Expert**

- Corrected issues with TDR package which occasionally caused the mainframe to hang up.

**WaveSurfer Xs**

- DA1855A not recognized. Fixed issue with WS4XX not recognizing the DA1855A unit, Gain/Attenuation factor and occasional crash when changing the scope V/Div for controlling the DA1855A.

**WaveRunner Xi, VBA Xi**

- Corrected QualiPHY report. Screen dumps in the PDF report were truncated on the right hand side
