

Confirming the device registration (COOLPIX990/880) - Windows 2000 Professional -

The following explanation uses COOLPIX990 as an example.

After installing Nikon View 5 (device driver) and restarting the computer, connect your camera to the computer using a USB cable and turn on the camera. The camera is registered automatically.

When the camera is not registered automatically...

If the computer fails to register the camera automatically, a message instructing you to insert the OS disk will appear. Insert the Windows 2000 Professional CD into the CD-ROM drive and click **OK**. When you click OK, a warning dialog may appear on screen. Click **Yes** to install the device drivers.

Log on

You will need to log on as Administrator to register the camera.

Before connecting the camera to the computer

Be sure to install Nikon View 5 (device driver) before connecting your camera to the computer.

Follow the instructions below to check that the camera has been correctly registered with the system.

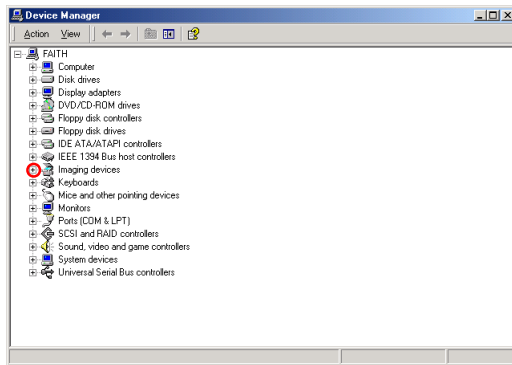

Step 1
