

# Easy Install

## Step 1: Select Easy Install

Click **Easy install** in the **Software** tab to start the installation of the PTP Driver for Coolpix series cameras<sup>\*1</sup>, Coolpix Camera Drivers (all models except 990 and 880)<sup>\*2</sup>, Panorama Maker, QuickTime 5.0.2, Nikon View 5 and FotoStation Easy.

<sup>\*1</sup> **Windows XP only**

<sup>\*2</sup> **Windows 98SE only**

### Before installation

Before installing Nikon View 5 and the device driver, make sure the camera is disconnected from the computer. If the Device Wizard launches when you connect a camera, click **Cancel** to exit the Wizard.

## Step 2 : Install the Software

### 2.1 — Install device driver

If you are using Windows XP, the installation of the PTP driver will start. The **Setup** dialog box below is displayed, asking you to confirm that a camera is not connected to your computer. Make sure a camera is not connected, and click **OK** to begin installation.

### Windows 98 SE

If you are using Windows 98 SE, the **Coolpix Camera Drivers (all models except 990 and 880)** will be installed under Easy Install. The dialog box shown right will be displayed. Click **OK** to continue.

After the PTP drivers have been installed, the Setup wizard may start automatically.

If the wizard starts, follow the instructions on the screen. When the final screen appears, click **Finish** to complete the wizard. Do not restart your computer even if instructed to do so.

## 2.2 — Panorama Maker

The dialog box below, asking you to select a language for installation, may appear. Select the desired language and click **OK**.

The dialog below is displayed, showing that you are now installing PanoramaMaker. Follow the on screen instructions to continue the installation.

### About Panorama Maker

You can use Panorama Maker to combine separate images into a Panorama. This software is particularly useful if your COOLPIX camera has a Panorama Assist mode.

When the dialog box shown below appears, click **Finish** to complete the installation.

## 2.3 — Installing QuickTime 5.0.2

The **Enter Registration** dialog box (see below) appears showing that you are now installing QuickTime 5.0.2. Note that you do not have to enter registration information. Click **Next** to continue. Follow the remaining on-screen instructions to complete installation and proceed to the next step.

## 2.4 — Installing Nikon View 5

The license agreement (see below) appears showing that you are now Installing Nikon View 5.

### 2.4.1 — Accept the license agreement

When you start installation of Nikon View 5, the license agreement is displayed. Read the agreement carefully, and click **Yes** if you wish to continue installation.

### 2.4.2 — Choose a location for Nikon View 5

The folder to which Nikon View 5 will be installed is shown in the **Destination Folder** area. To install to this folder, click **Next**.

To select a new folder, click the **Browse** button and navigate to the desired location.

## Existing versions of Nikon View

If an older version of Nikon View 5, or a version of Nikon Capture 1.x is installed on your computer, it must be uninstalled before installing Nikon View 5.

### 2.4.3 — Confirm New Folder

If the folder destination folder specified in the previous step has not yet been created, you will be asked whether you want to create the folder. Click **Yes** to create the folder automatically and proceed to the next step.

### 2.4.4 — Start installation

While installation is in progress, the dialog shown below will be displayed.

### 2.4.5 — Create a shortcut icon

When the progress indicator reaches 100%, the dialog shown below appears. Click **Yes** to create a shortcut, allowing you to start Nikon View 5 directly from an icon on the desktop. If you do not want to create a shortcut, click **No**.

### 2.4.6 — Complete the installation

A dialog box appears indicating that installation of Nikon View 5 is complete. Click **Finish**.

## 2.5 — Fotostation Easy

The dialog box below, asking you to select a language for installation, appears. Select the desired language and click **OK**.

The FotoStation splashscreen shown below appears, followed by a dialog box asking you to select the installation destination. Follow the on-screen instructions to continue the installation.

When the dialog box shown below appears, click **Finish** to complete the installation.

## 2.6 — Restart your computer

The dialog box shown below appears. Select **Yes** to restart your computer.

The Easy Install procedure is now complete.
