Overview

Welcome to Nikon View 5! Before using Nikon View 5, be sure to read this manual thoroughly.

Use Nikon View 5 version 5.1 to transfer images from a Nikon digital camera (hereafter camera) to a computer. To transfer images, connect the camera to your computer with the appropriate cable or remove the memory card from the camera and insert it into a card reader or card slot.

Transferred images are displayed as a list of thumbnails. Click a thumbnail to open the corresponding image. Images can be edited, printed, viewed in a slide show, or sent to another computer using e-mail.

Nikon View 5 version 5.1 supports the D100, D1, D1x, D1h and COOLPIX series cameras that support USB connection.

The following file types can be displayed in Nikon View 5: JPEG, TIFF (RGB), TIFF (YCbCr), RAW (NEF), QuickTime movie, WAV (Voice memo)

Refer also to the documentation provided with your camera when using Nikon View 5.

> **The content of this reference manual applies to the COOLPIX series and D100, D1, D1x, D1h cameras. We ask for your understanding that certain parts of this manual may not apply to your camera.**

To make it easier to find the information you need, the following symbols and conventions are used:

✔	This icon marks cautions, information that you should read before use to prevent damage to your Nikon product.
🖉	This icon marks notes, information that you should read before using Nikon View 5.
💡	This icon marks tips, information that you may find helpful when using Nikon View 5.
👁	This icon indicates that more information is available elsewhere in this manual or in other documentation.
💿	This symbol indicates that the cross-reference marked with the 👁 icon is to the *Nikon View 5 Reference Manual* (this manual).
✺	Blue text indicates a link to another part of this manual or to a web page. An Internet connection is required to view web pages.
►	Click this icon to proceed to the next page.
◄	Click this icon to return to the previous page.
⌂	Click this icon to return to the visual index at the start of each section.
⌂	Click this icon to return to the first page of this file.

🖉 Background Knowledge

This manual assumes familiarity with operations common to the Macintosh or Windows operating systems.

If you are in doubt about the meaning of any of the terms used here, refer to the documentation or the Help provided with your operating system.

🖉 Illustrations

While the majority of the illustrations are taken from the Windows version of the product (Windows Millennium Edition), save where otherwise noted the operations described apply to both the Macintosh and Windows versions.

💡 Printing This Manual

If desired, portions of this manual can be printed for ease of reference using the **Print…** command in the Adobe Acrobat Reader **File** menu.

💡 Life-Long Learning

As part of Nikon's "Life-Long Learning" commitment to ongoing product support and education, continually-updated information is available on-line at the following web-sites:

• For users in the United States of America: http://www.nikonusa.com/
• For users in Europe: http://www.nikon-euro.com/
• For users in Asia, Oceania, the Middle East, and Africa: http://www.nikon-asia.com/

Visit these sites to keep up-to-date with the latest product information and general advice on digital imaging and photography. For more information, please contact your nearest Nikon representative.
