Confirming the device registration (COOLPIX series / D100) - Windows XP Home Edition/Professional -

The following explanation uses COOLPIX2500 as an example.

After installing Nikon View 5 and restarting the computer, connect your camera to the computer using a USB cable and turn on the camera. The camera is registered automatically.

If the **Removable disk** dialog box is displayed after registration, click the **Cancel** button and close the dialog box.

✎ Log on

You will need to log on as Computer Administrator to register the camera.

✎ Before connecting the camera to the computer

Be sure to install Nikon View 5 before connecting your camera to the computer.

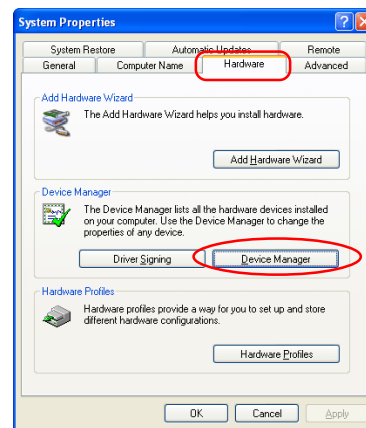

Follow the instructions below to check that the camera has been correctly registered with the system.

Step 1

Select **Control Panel** from the **Start** menu to open the **Control Panel** window.
Click the **Performance and Maintenance** icon inside the **Control Panel** window to open the **Performance and Maintenance** window.
Click the **System** icon inside the **Performance and Maintenance** window to open the **System Properties** window.

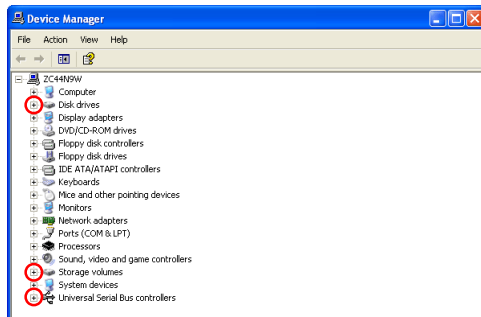

Open the **Hardware** tab and click the **Device Manager** button in the **Device Manager** area.
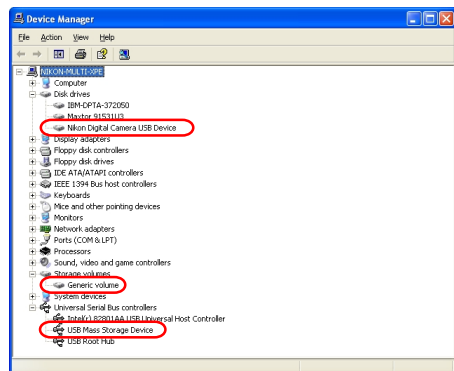

Step 2

The **Device Manager** will be displayed.

Confirm that **Disk drives**, **Storage volumes**, and **Universal Serial Bus controllers** are listed in **Device Manager**. Then, click the plus sign (**+**) next to each of these device types.

Step 3

Confirm that **Nikon Digital Camera USB Device**, **Generic Volume**, and **USB Mass Storage Device** are listed respectively under **Disk drives**, **Storage volumes**, and **Universal Serial Bus controllers**. Double-click each of these listings to open the associated **Properties** window.

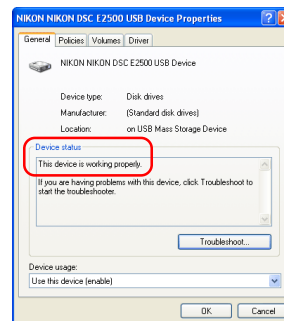

If the **Nikon Digital Camera E2500** is listed under **Other devices**, delete **Nikon Digital Camera E2500,** then turn off the camera and turn it on again.

Step 4

The **Properties** for the selected device are displayed.

Click the **General** tab and confirm that **This device is working properly** appears under **Device status**. Click **OK**.

Device registration is now complete. Click **OK** to close the **System Properties** dialog box.
